The Beaverton Team was defeated by the Hillsboro high football eleven with a score of 0-25. It was a hard fought game but the odds were too many. The games played this season are:

Scappoose 0, Beaverton 0.

Newberg 0, Beaverton 7.

Banks 6, Beaverton 7.

Independence 0, Beaverton 0.

Gresham 0, Beaverton 0.

Hillsboro 28, Beaverton 0.

METHODIST CHURCH NEWS

George F. Gordon, Pastor
What is on the laymans mind? Who wishes to answer this question? It is our purpose to make our church to discover the best means and methods to use in reaching people. A cut and dried theology much out of date is sufficient to null most church service society. It is no easy task people to sleep and keep them contented. The story of the dog in the manger carries over into human relationship. The old story of the new taking place of the old is more evident in religious circles than it is in any other phase of human interest. The clash has always been evident and always will be. Some people have the idea that a church that is packed to the doors twice on Sunday is a live growing institution. This is not true.

I have often wondered just what is on the laymans mind. What kind of a program does a community want? What is wrong with the average church?

Why do not more people attend church services?
In order to find an answer to these questions I am giving a gift valued at \$10 to the one who presents in writing, a program for our church that will meet the requirements of the members and friends of our church and attractive enough to create new interest among the non church goer. The gift will be a new Bible. This contest is open to all who wish to enter. Three competent judges will decide on the winner of this \$10 Bible. All manuscripts must be signed by the author or it will not be considered. The time of the contest starts now and closes November 24th. Address your communication to P. O. Box 565, Beaverton, Rev. George F. Gordon.

Armistice Day

1918 - 1933

THROUGH the years, 1918 to 1933, the world faced constantly changing conditions, many of which have tested the temper of men and nations. There have been years of prosperity and years of want, suffering and poverty. The latter are freshest in memory because even yet in our own nation there are thousands who have not yet solved the immediate problem of peace and plenty . . . But, we still have life . . . and hope . . . and the clouds are breaking. United and striving to a common end of work and place for all, we cannot fail . . . It proves again that the American spirit can and will surmount great obstacles in holding to its ideal of liberty . . . It was that same spirit which carried America's young manhood into battles of the world war. Thousands made the supreme sacrifice . . . never to return to home shores. It is to these brave souls that Armistice Day is dedicated and observed. . . And it is to these that we pause to pay tribute today.
