Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

Christmas Seals An Investment

If people who buy Christmas Seals could follow their money through to see what it accomplishes, they would regard it as an investment rather than a gift. Yet it is a gift in this sense: the benefits of the work the seals do are shared with those who through misfortune are unable to buy them. Tuberculosis is no respecter of persons; among all types of people it is still the first cause of death between the ages of 15 and 45.

Yet there are strategic ways of concentrating tuberculosis work on particular individuals so the most telling blows can be dealt. Chief among the modern methods of stamping out the disease is the finding of cases as early as possible, when the chance for cure is greatest. And instead of a hit-or-miss effort to subject the whole population to a survey to find cases, it has been found more productive in practice to concentrate efforts on medical examination of persons who are in close contact with known active cases.

"Tuberculosis causes tuberculosis—every case comes from another" is the battle cry all year round of tuberculosis organizations throughout the nation. When a new case is discovered, it is vitally important to find out from whom he got it. Usually it is a member of the same family, or somebody in close association. Then the next question is to whom he has given it, and this requires the same careful consideration.

Every time this procedure discloses another case, there is found one more person who may be placed on the road to recovery from a disease that he did not know he had, and, in addition, this knowledge prevents further infection of additional persons. Such methods as these are helping to lower the tuberculosis death rate year by year though the disease is still considered by public health authorities to be our greatest single health problem and one which by no means is successfully solved as yet.

Sweet Clover Best in Morrow

HEPPNER—A checkup on the grass nurseries established in Morrow county last spring by County Agent Chas. W. Spring, showed that under all conditions sweet clover showed up best, with red clover making the next best showing under irrigation. While rye grass, as is usual the first year, showed up best in the dry land nurseries, it is quite easily winter-killed, and created wheat grass is being recommended almost unconditionally for dry land pasture, Mr. Smith says.

IF YOU HAVE SOMETHING to sell it, let the classified advertising department of this paper prove its ability as a speedy and efficient sales medium.

Hi-WAYS TO HEALTH

by ADA R. MAYNE
OREGON DAIRY COUNCIL

THE PUMPKIN AND THE SQUASH

The pumpkin and its close relative the squash, are very useful foods and are important in the winter store of food. Since they are usually inexpensive and have high food value in that they, like all yellow-flecked vegetables, are moderately high in Vitamin A, the pumpkin and the squash become important in the diet of limited cost. It is vitamin A that helps to build resistance to infection, to maintain vitality and to stimulate growth. The chief value of these foods, however, is in the carbohydrate content as well as some minerals of value.

Pumpkin pie is doubtless the most popular pumpkin dish, but it, like squash, may be baked or mashed and used as a vegetable. For mashed squash or pumpkin, boil or preferably steam the pieces, and when tender, mash and season generously with butter, salt and pepper. Baked pumpkin or squash in the shell pumpkin corn bread, squash rolls or biscuits and pumpkin custard are a few other possibilities besides the pumpkin pies and squash pie.

Some pumpkin and squash recipes are:

Pumpkin Custard

1 pint mashed pumpkin, cooked or canned
2 Eggs
1 cup milk
1 tsp salt
1-8 tsp. pepper
1-8 tsp. cinnamon
1-8 ts. mace
Beat the eggs slightly and add the pumpkin and other ingredients. Pour

into a greased baking dish, set in a pan of hot water, and bake in a moderate oven (350 F) for about an hour or until set in the center. Or bake in individual cups for a shorter time.

To vary the flavor, omit the cinnamon and mace, and sprinkle the top of the custard with grated cheese before baking.

Pumpkin custard is particularly good served with ham or cold meat.

Pumpkin Corn Bread

1 1/2 cups mashed pumpkin, cooked or canned.
1 1/2 cups milk
1 1/2 cups corn meal
1/2 cup flour
2 eggs
6 tsp. baking powder
1 1/2 to 2 tsp salt
3 tbsps. melted butter
Mix the ingredients in order given. Pour the batter in greased baking pan and bake for 40 minutes in a hot oven, cut in squares and serve hot with butter.

DALLAS — Commercial production of onions and radishes for seed purposes has been carried on in Polk county this year by I. R. Utterback, and son of the Lincoln community. Mr. Utterback grew 40 acres of Flat Top onions from which he harvested about 14,000 pounds of seed, and his son grew 20 acres of radishes. While the radishes didn't do so well, they produced about 2,200 pounds of clean seed. Another large acreage of onions has already been planted for next year's harvest, Mr. Utterback reported to J. R. Beck, county agent.

A Year for Real Thanks

If there ever was a year when we should utter devout thanksgivings, it is this year when we are emerging from the shadow of the valley of depression, and it looks as if everyone will soon have a job again, and everyone will therefore eat. And, speaking of eating, there is no better way to celebrate Thanksgiving than with a bang-up dinner that will make you feel fit to pop.

Whatever have been your experiences since that fatal fall of 1929 which seemed also the fall of everything else, this is one day in the year when everyone can devote his or her whole time to eating, so we are going to suggest a dinner to fit the occasion. Never mind the decorations this year, if you're still short of funds, but put all your money into food.

Here's the Menu

Fruit Cocktail in Orange (or Apple) Cases
Cream of Carrot Soup
Roast Duckling with Stuffing and Fried Apple Rings
or
Roast Turkey with Molded Cranberry Sauce
Whipped Potatoes
Baked Hubbard Squash
Hot Rolls
Home-Made Preserves
Pumpkin and Apple Layer Pie
Coffee
Dates Stuffed with Fondant

And here are the recipes for the dishes in this menu with which you may not be familiar:

Fruit Cocktail in Orange (or Apple) Cases: Cut one banana in cubes, and put it together with the drained contents of one No. 2 can of grapefruit and of one 1-pound can of sliced peaches in eight orange cases, having the peaches swirled around on the top. To make the orange cases, four oranges are required. Remove all the pulp from the cases, and keep them in ice water until needed. Hallowed out red or yellow apples can be used instead. After the fruit is arranged, pour over the chilled syrups from the cans of grapefruit and peaches, mixed with one tablespoon of fresh lime juice and one tablespoon of honey. Serves eight.

Decorative and Delicious

Cream of Carrot Soup: Make a white sauce of four tablespoons butter, four tablespoons flour, three cups milk and two cups of strained home-made or canned chicken broth. Press three cups of sliced carrots, or the contents of two 8-ounce cans of diced carrots, through a sieve, and add with their liquor. Add one-half cup cream, and season to taste with salt and pepper. Serve hot in cups, and on top of each one float a small round cracker on which is placed a rosette of whipped cream dusted with paprika. Serves eight.

Pumpkin and Apple Layer Pie:

Mix together one-half cup sugar, one-half teaspoon cinnamon, three-fourths teaspoon ginger and one-half teaspoon salt. Add to one cup of home-cooked or canned pumpkin. Add two well-beaten eggs and one cup scalded milk. Pour into a pie tin lined with pie paste, bake at 450 degrees for ten minutes and then lower the heat to 325 degrees until set, or until a knife, inserted, comes out clean. Cool. Meanwhile soften one and one-half teaspoons gelatin in two tablespoons cold water. Dissolve over hot water and add to one and one-half cups home-cooked or canned apple sauce, with three tablespoons orange marmalade and a few grains of cinnamon. Chill. When it begins to set, spread over the pumpkin pie and chill again. Cover with whipped cream. Serves eight.

An Extra Dessert

And here's an extra dessert to be served where cider can be obtained. It is cool and sweet and satisfying, and takes very little trouble to make.

Cider Frappé: Boil one-half cup sugar and one-fourth cup water to a syrup. Soften one teaspoon gelatin in a little cider, and dissolve in the hot syrup. Cool, add two tablespoons lemon juice and three cups cider, and freeze to a stiff mush. If frozen in refrigerator trays, stir several times or beat with Dover beater. Serves eight.
