## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly wise and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Get bile up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel drowsy and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name, Carter's Little Liver Pills on the red label. Beware of substitutes. 25c at drug stores. ©1931 C. M. Co.

### William Penn Fostered First German Settlement

It is said that when Port Royal, in South Carolina, was settled by a band of Huguenots under Jean Ribault in 1562, there were some Alsatian and Hessian Protestants among the company. This settlement was destroyed by the Spanish in 1565.

There are also supposed to have been a few Germans, Swiss and Dutch in the Jamestown settlement, founded in 1607. From then on there are numerous references in colonial history to German immigrants and settlers. There were some in New Netherland, probably some in the Swedish settlements on the Delaware, and an occasional German in the Spanish and French colonies.

The first permanent German settlement in America was that fostered by William Penn at Germantown, founded in 1683. Francis Daniel Pawfort, a leader of the movement of German Protestants to America, took ship in advance of those he had induced to migrate, and landed at Philadelphia, August 29, 1683.

On October 8, 1683, the ship Concord, the Mayflower of the German immigrants to America, arrived in Philadelphia, and this date has customarily been observed by Germans in America as the beginning of their history in the United States.

### BUILD BETTER HEALTH WITH BUTTER

Every homemaker is interested in the health and nutritional welfare of her family. How to feed her family economically and still promote growth and health is a problem that is of vital interest to her.

The distinctive, appetizing flavor of butter has long been recognized and in more recent years, we are learning more and more of the superior nutritive value of butter.

Buttermilk is the most practical, palatable and dependable source of Vitamin A—that vitamin which contributes to excellent general health and vigor, of both children and adults. A surplus of this vitamin not only builds up a health reserve, but is active in aiding to build resistance to body infections.

For adults, the Vitamin A content in four tablespoons of butter in the day's meals is a "protective" amount. It was found that this quantity prevented the people in certain foreign countries during the World War from contracting eye diseases caused by a deficiency of this vitamin.

The amount of Vitamin A desirable in the daily diet is that which promotes health and vigor, not merely just enough to protect from disease, but enough to build a health reserve. It is logical, then, to use butter as the chief source of Vitamin A and to enrich the diet with other sources, such as whole milk, cheese, eggs and green vegetables.

Children need liberal amounts of Vitamin A for the best growth and when a liberal amount is consumed, the general health of children, as well as adults, is improved.

Vitamin D is also present in butterfat. Vitamin D acts as an adjunct in depositing the minerals, calcium and phosphorus, in the bony tissues of the body thus making for strong bones and teeth. When this vitamin is lacking, these minerals are improperly deposited and the poor bone which is rather common to children, is "rickets."

With this knowledge of the nutritional value of butter, it is seen as a health food and because it is the most economical way to provide these dietary essentials, butter should be used generously not only as a spread for bread, but in preparation of other foods. Ginger bread made by the following recipe is delicious because of the butter in it.

### Ginger Bread

1/2 c butter  
1/2 c sugar  
1 cup molasses  
1/2 c sweet milk  
2 eggs  
2 c flour  
1 level tsp soda  
1 Tbsp pulverized ginger  
1 tsp allspice  
Cream butter with sugar, add molasses, sweet milk, eggs, beaten light, flour, soda, ginger and allspice. Bake in loaf pan; serve with whipped cream.

## PROLIFIC PEACHES

HAVE you ever considered as a housewife how prolific are peaches of dainty dishes? You can make pies with them, puddings, fruit combinations, ice cream, pickles, candy, cakes and cake fillings, salads and even soup. The more you think of it, the more prolific peaches become of a variety of delicious recipes with which to regale your family and friends.

But that's merely an assertion. Here's something to back it up—tested recipes for many of the uses mentioned above.

### A Pie and a Pudding

**Peach Pie with Whole Wheat Crusts:** Drain the sliced peaches from a No. 2 can, and lay them evenly in a pie tin lined with whole wheat pastry. Mix one-half cup sugar with four tablespoons white flour, and sprinkle over. Dot with two tablespoons butter, and pour over two-thirds of a cup of the peach syrup. Cover with upper crust, and bake in a hot oven—425 to 450 degrees—for thirty minutes. This cuts into six or eight pieces.

**Peach Butterscotch Pudding:** Drain the peach halves from a No. 2 can and arrange them in the bottom of a buttered round or square cake tin. Sprinkle over four tablespoons brown sugar and some cinnamon. Cream four tablespoons butter, add one-half cup brown sugar, cream again, and add one well-beaten egg. Add one-half cup milk alternately with one-half cup flour, two tablespoons baking powder, and one-fourth

teaspoon salt, sifted together and added to one-half cup quick-cooking oatmeal. Add one-fourth teaspoon vanilla. Pour this batter over the peaches and bake in a moderate oven, 375 degrees, for about thirty minutes. Serve hot or cold with thin cream. Delicious! Serves eight.

### A Fruit Dish and Ice Cream

**Peach Celestial:** Scald four cups milk, reserving one-half cup to mix with eight tablespoons cornstarch, one-half cup sugar and one-fourth teaspoon salt. Add and stir until thick and creamy. Cover and cook twenty minutes. Add one teaspoon lemon flavoring and one teaspoon orange flavoring, and pour out into a flat serving dish, cover top with canned peach halves, and chill. Sprinkle with moist canned coconut over entire top. In serving take up a peach with each serving. Serves eight.

**Peach and Macaroni Ice Cream:** Press peaches from a No. 1 can through a sieve, add two-thirds cup sugar and three cups thin cream, and freeze to a mush. Add two-thirds cup macaroni crumbs and continue freezing. Serve flanked by two small meringue glasses. Serves eight to ten.

### Pickles and Candy

**Peach and Pineapple Conserve:** Mix together the contents of a No. 2 can of peaches, a No. 2 can of crushed pineapple, one cup seedless raisins, one and one-half cups brown sugar, and the juice and grated rind of four lemons. The peaches should be finely cut.

Cook gently until thick, adding one cup chopped walnuts ten minutes before done. Pour into jelly glasses or jars. Makes about three pints.

**Peach Jelly Cubes:** Press the contents of an 8-ounce can of peaches through a sieve, making a puree. Add one-half cup pectin syrup, one-half cup sugar, one-half cup corn syrup and one tablespoon lemon juice, and boil till thermometer registers 222 degrees. Pour into greased pans so that mixture is about one-half inch thick, and let cool. Let stand overnight in a cold place. Cut in cubes and roll in powdered sugar. You may also dip this in chocolate or in melted fondant if you prefer.

### A Salad and a Soup

**Peach and Cottage Cheese Salad:** On a large chop plate or salad plate arrange the required number of individual lettuce nests. In each one place a well-drained canned peach half, cut side up. Place cottage cheese lightly in the center of each peach half, and garnish with preserved grapes or maraschino cherries and mayonnaise.

**Sparkling Ginger Bouillon:** Smooth together one teaspoon cornstarch and one tablespoon cold water, and add to the syrup from a quart can of peaches, the juice of half a lemon and one teaspoon sugar. Cook until slightly thickened. Chill. Just before serving, combine with one pint food ginger ale, and serve at once. Serves eight.

### SNOODLES

IT'S NOT A FUNNY PAPER JOKE TO BE CHASED BY AN ANGRY PIRATE IN THE MIDDLE OF A LAKE! LIZZIE, THE MERMAID, COULD DIVE AND SAVE HERSELF BUT THEN WHAT WOULD BECOME OF SNOODLES?
