OVER 500 DEPOSITORS ATTEND MASS MEETING THURSDAY

The mass meeting of depositors of the Bank of Beaverton Thursday evening was attended by more than five hundred depositors, who took a keen interest in the figures and facts concerning the bank, as well as in the discussion by both the depositors committee and the bank's stockholders.

Reports were given on various matters but the main issue centered around reorganization and the necessary waivers.

As previously stated this waiver requires depositors in the commercial department to sign away 70 per cent of their deposits and those in the savings 50 per cent. It is also necessary that 95% of the total restricted deposits be signed by depositors. In each department, before any proposed rehabilitation can proceed in accordance with the agreement submitted. This means that all but 5% must sign the waiver. Depositors who do not sign the waiver will have to be paid in full. Another major clause is that those signing must voluntarily subscribe to \$31,250 capital structure in the reorganized bank.

H. L. Robinson, chairman of the Depositors' Committee presented a petition, objecting to the signing of any waiver or the granting of any further extensions to the bank. This petition is published as follows:

PETITION

Beaverton, Ore.
April 12, 1934

"We, the undersigned depositors of the Bank of Beaverton, Beaverton, Oregon, by these presents hereby object and refuse to sign any waiver of our restricted deposits now in said bank; and we further object to the granting of any extension of time to further operate said bank upon a restricted basis.

The spaces left opposite our names are reserved for the purpose of the amounts shown to be due us, to be determined by the records and files of the said bank, and to be filled in by A. A. Schramm, State Bank examiner."

Those present were given an opportunity by the committee to either sign the waiver or the petition. Depositors representing approximately \$50,000 signed the petition, while many others signed the waiver. This petition is to be presented to the State Banking Board at 9 a. m. this morning by members of the depositors committee.

The decision of the board will be known by Monday, as the 30 day extension expires on Saturday, April 14.

Following is a statement of the acceptable and unacceptable items in the proposed reorganized bank as of April 4, 1934.

M. B. Bump Candidate for Judge of Circuit Court

M. B. Bump, Hillsboro attorney, has filed for the nomination for the office of Judge of the Circuit Court of the 19th Judicial district composed of Tillamook and Washington counties.

He was born and reared on a farm in Kings Valley, Benton County, Oregon, about 20 miles west of Corvallis, in the foothills of the coast mountains. He is a graduate of the Oregon State College class in 1894 and later took a post-graduate course in that institution. After graduation he taught school in Benton, Polk and Columbia counties.

He studied law under Colonel John Kelsey and Hon. W. S. McFadden, both of Corvallis; was admitted to the bar in 1898 and in the year 1900 began the practice of law in Hillsboro, and has continuously practiced there since.

The following statement is made by Mr. Bump:

"During my 33 years of law practice I have tried many cases of different character, but have never advised a client to go into court if difficulties could be justly settled without. I have never encouraged litigation for personal gain. I believe a man should be true to his convictions regardless of public approval or personal gain; believe that all parties should have equal justice and that social, political and financial status of litigants should not influence courts."

H. T. Botts for Circuit Judge of 19th District

The following statement endorsing the candidacy of H. T. Botts for the office of circuit court judge in the 19th judicial district, comprising Tillamook and Washington counties, has been signed by a number of Tillamook county citizens and forwarded for publication in the Votes Pamphlet:

"Born on a farm in Knox county Missouri in 1873, educated in the University of Missouri and a graduate of its law department, H. T. Botts was admitted to the Missouri bar in 1894. In 1901 he was admitted to the Oregon bar and has practiced law here continuously since that time. He is senior partner of the law firm of Botts & Ebinger of Tillamook, where he has an extensive and successful practice.

"During his more than 32 years of law practice he has served for 23 years as a member of the school board, five years as deputy district attorney for Tillamook county, eight years as city attorney of Tillamook City, and as mayor of Tillamook City for two terms. He has always contributed to the betterment of his community.

"Mr. Botts is an honorable and distinguished member of the Oregon Bar and is recognized, not only in this district but generally throughout the state, as a lawyer of outstanding ability. Robust in health and in the prime of life, he is a man of force and character, possessed of a keen, vigorous mind. He is practical, clear thinking and logical.

"We know him to be able, earnest and efficient, fair and honest in all his dealings, and in every way competent to fill this office. He has a fine sense of justice and duty and think in terms of justice as the purpose and end of litigation, and not legal technicalities. His point of view is sound and progressive, and he is in accord with court reform that will expedite and make more certain justice in criminal and civic procedure.

"We believe he will, if elected, perform his duties as judge diligently, conscientiously and considerately and will intelligently and independently administer justice fairly and impartially without fear or favor to all persons alike.

"We from Tillamook county appeal to our neighbors of Washington county for support of Mr. Botts. Washington county has held this office since 1915 and we feel that our county may properly ask that it now be held by one of its citizens when the candidate we offer is as highly qualified as Mr. Botts."
