When your head aches; when Neuralgia tortures you; when Muscular Pains make you miserable—take a Dr. Miles' Anti-Pain Pill. Mr. Smith is one of millions who have found this easy way to prompt relief. He says: "I keep Dr. Miles' Anti-Pain Pills in my pocket and when I get a dull heavy feeling in my head, I take a Dr. Miles' Anti-Pain Pill and the pain passes off." **DR. MILES' ANTI-PAIN PILLS**

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men
Unless two pints of bile juice flow daily from your liver into your bowels, you soon decay in your bowels. This poison your whole body. Movements get hard and constipated. You get yellow tongue, red low skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.
But don't take salts, mineral waters, oil, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.
Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel, mercury, or other drugs. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores.
Refuse "something just as good," for it may gripe, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C. M. Co

OREGON VEGETABLE EXPERT NOTES CALIFORNIA METHODS

A. G. B. Bouquet, head of the vegetable crops section at Oregon State college, has just returned from California where he spent a two-months leave of absence observing methods of truck crops in that state. The industry has grown there to an enormous size, providing a supply for shipping the year-around to outside states and inexpensive vegetables for home consumption which are widely used, he reports. Some other observations follow:

Green pea production, as in Oregon, is becoming centered in the coast region. This is true of green artichokes. Oregon celery compares most favorably in size, color and quality with that grown in the Sacramento delta region and the peat lands of San Diego county.

Carrots have increased in popularity with the consuming public so rapidly that the crop has now grown in huge quantities in the last few years. They are shipped to many parts of the country.

Southern growers take unusual precautions to protect and "forward" plants that are to be forced long as rapidly as possible. Oregon growers often faced with unfavorable early weather conditions might well take a leaf from the southern growers' book in this respect, Professor Bouquet believes.

Home gardeners appear to be the exception rather than the rule in California, even among farmers. In this respect, Oregon farmers seem to be more self-sustaining.

The commercial vegetable growers and shippers there have depended much upon the help of state and federal research workers in solving their

lander. Miss Verna Mae Walters of Cedar Mills, was a Sunday guest at the Struthers home. L. M. Davies and sons Henry and Archie and Robert Campbell spent Saturday and Sunday fishing on the Wilson river.

Wm. F. Campbell spent several days last week near White Salmon. Maurice Willoughby expects to report for work at CCC camp the first of the week.

Miss Dorothea Struthers was a week end guest at the A. C. Robinson home in Portland.

Carl Olson and Vincent Willoughby were fishing near Cochran Sunday morning.

Miss Dorothy Struthers and Mrs. Lucile Flint of Scholls spent Tuesday at Mrs. Robert Holland's at Beaverton. Trachel Brothers of Bethany, purchased a horse from C. W. Struthers last week.

C. J. Clifford has served continuously for 56 years, as postmaster at Grovetown, Georgia.

The Boy Scout Circus, quite successful, is over. Those who assisted the troop to fulfill its obligation and actually to excel in its events are given

a vote of thanks. Also at the circus as a guest of the troop was Scout Russell Goddard, of Troop 236, Tillamook. He was formerly a member of the Beaverton troop. Nature course announcements may be made at tonight's meeting. Test-work will be featured. Several scouts are preparing for the advanced court of honor next Thursday, and some for the lower court the first Thursday in May. Lisle Walker, Asst. S. M.

Conservation and the Scout Law (VI) 10, "A Scout is Brave. He has the courage to face danger in spite of fear and to stand up for the right against the coaxings of friends or the jeers or threats of enemies, and defeat does not down him."

To the brave person, the forest deep though it may be, is neither mysterious nor terrifying. He knows the enemies of the game and birds, and more important, he takes the proper steps to see that the danger from these sources is minimized.

It would be quite interesting to know how many or how few of the average people are at least slightly interested in this phase of conservation. We know that duck hunters are approving of the proposed tax stamp of one dollar per year for licenses to hunt migratory water fowl. This government income, at the rate of about a million dollars every year, would be used to set up refuges and protect breeding grounds for these birds. But how many of the public who are not game hunters would be able to express mature opinions on this tax or other beneficial legislation? Self-assertion is a form of bravery. LISLE WALKER

HI-WAYS TO HEALTH

by ADA R. MAYNE

OREGON DAIRY COUNCIL

THE A, B, C OF BUTTER

And now we have grades in butter. Just as the housewife has been assured of quality when she buys Grade A milk, she will now be assured of quality through the grading of butter. The points considered by expert butter judges in grading butter are in order of their importance—flavor, texture, color body salt content and packaging. The term Grade A will be applied to the highest quality butter, made from choice sweet cream of desirable flavor. Grade B will be of good quality made from good cream but which lacks the fine flavor required for Grade A. Grade C will include butter made from cream, which because of its flavor cannot be used for Grades A or B. These grades will replace the present ones now on the market, within a few days.

Food scientists recommend far more butter for health than is generally used. Butter is an easily digested food fat, rich in Vitamin A which promotes growth and builds up resistance to diseases, especially cold. It has too, important amount of Vitamin D a necessary factor in the proper development of bones and teeth.

Besides this high value, butter has a natural delicious flavor that improves any food to which it is added. The following recipes are delicious because they include generous amounts of butter.

Cocoanut Cookies

- 1 cup butter
- 1 cup sugar
- 4 beaten egg yolks
- 1 more cup sugar
- 3 cups flour with 1/2 tsp. soda
- 1 tsp. cream of tartar
- 1/2 tsp salt
- 1 tsp vanilla
- 4 beaten egg whites

Mix ingredients together smoothly in the order listed and with hands make into tiny soft balls without kneading or rolling (flour slightly). With a spoon or thumb make a depression in each ball and fill with jelly, then cover with cocoanut and bake about ten minutes in a 375 degree oven.

Waffles

- 3 eggs
- 2-3 cups milk
- 2 cups flour
- 4 tsp baking powder

1 tsp salt
6 tsp butter
Beat yolks well; add milk and sifted ingredients quickly. Add melted butter. Fold in stiffly beaten egg whites last. This recipe makes six large waffles.

Honey Syrup

- 2-3 cup melted butter
- 2 cups honey
- Heat honey and add melted butter.

Peach Desserts

WOULDN'T you give a quarter for a dessert like the following which costs really only twenty-four cents and serves four people?

Peach Shortcake with Whipped Cream: Sift together one cup flour, two teaspoons baking powder, one tablespoon sugar and one-half teaspoon salt, and cut in two and a half tablespoons shortening. Add three-eighths cup diluted evaporated milk, pat or roll out, and cut in eight rounds. Put two rounds together with melted butter between. Bake about twelve minutes in a hot oven (400 degrees). Split open and put between and on top the contents of a 1-pound can of sliced peaches which have been gently stewed for a few minutes with two tablespoons sugar and one-fourth teaspoon cinnamon, then cooled to luke warm. Top with one-third cup whipped cream.

If You Really Love 'Em

Peach Cobbler: Drain the contents of four No. 3 cans of sliced peaches (or one No. 10 and one No. 2 1/2 can), and lay them in the bottom of a large flat baking pan. Mix together one and one-half cups sugar and six tablespoons flour, then add the peach syrup, stirring until smooth. Pour over the peaches, dot with three-fourths cup butter (or a butter substitute), and place the pan in oven while preparing the crust.

Sift together one and a half quarts flour, one tablespoon salt and one-half tablespoon baking powder, and cut in one and a half cups shortening. Mix with enough cold water to make of the consistency to roll. Roll not quite so thin as for pie crust, cut to fit top of pan, and make several slits in top for escape of steam. Remove peaches from oven, lay crust on top, and return to oven (400 degrees) for from twenty-five to thirty minutes. Serve warm with cream or with hard sauce. Serves fifty.*
