

## 'Toy Shop Idea' Capitol Sunday

What should prove the greatest show ever presented on the stage of the Capitol Theatre, opens Sunday at that popular Fourth Avenue playhouse, with the "Toy Shop Idea."

An augmented line of Band Box Girls will be seen as toys of all descriptions and the routines that they are preparing, set to some beautiful music, will find favor with the severest of critics.

The Melody Masters with Monte Brooks, master of ceremonies, are preparing an overture of Christmas melodies that should prove very popular and further strengthen their hold on the public that is becoming accustomed to the sweet music played by these accomplished musicians.

The circuit acts headlined by White and Cole, the Hollywood Boys who do everything but break their necks just for a laugh is bound to keep the audience howling with glee. The Harmonica Wranglers, twelve boys, with harmonicas; that play, sing and dance should respond to many encores on each and every show.

The Capitol theatre at this time is preparing a Gala New Years Eve Frolic which bids fair to be the biggest show in the history of the Capitol Theatre.

The Band Box Girls and many circuit acts for laugh purposes only, featuring Michele in her daring Fan Dance is a program that will be remembered for a long long time.

Hats, favors, souvenirs and tunes by the Melody Masters are being worked up especially for the occasion and to those that will be lucky enough to crowd into that show house on New Years Eve are in for a real time on that night.

Starting Sunday, follow Pablo Vance as he solves the most amazing swimming pool murder mystery entitled "The Dragon Murder Case," which will be on the screen of the Capitol Sunday and Monday. This picture is said to be the strangest and most fantastic, yet the most exciting and baffling of all of S. S. Van Dine's murder mystery dramas. Starting Tuesday, Jack Holt will be seen on the screen in "I'll Fix It," a dashing, spicy, action picture, full of romantic comedy of love and politics.

Currently playing through Friday and Saturday is "Million Dollar Ransom" with Phillips Holmes, Edward Arnold and Mary Carlisle. On the stage "Top O' The World Idea" will be shown through Friday and Saturday, including Saturday's Midnight Stage Frolic. As an added attraction, Walt Disney's new Silly Symphony, in technicolor, entitled "The Night Before Xmas" will be shown Friday and Saturday.

### Good Citizens

Brander Matthews has said: "My country right or wrong" is a good motto only when we add to it, "and if she's wrong, I'll help to put her in the right." It is the job of the public schools to train citizens who can help to "put her in the right." H. Addington Bruce has said, "Devote some of your leisure to cultivate a love for reading good books." Obviously, the right employment of leisure will improve our citizenship, and certainly, the reading of good books will turn man's thoughts to good. Good thoughts are not the seeds of crime. It is the job of the public school to train men and women to love good reading. Surely as a nation we shall support an institution which trains us as citizens to improve our country and to be good men and women.
