New Students Welcome At U. of O. January 2

New students who have not yet entered an institution of higher education, and students who for some reason have not attended during the fall, will not only be welcome at the University of Oregon at the beginning of the winter term January 2, but will find a wide variety of courses in which to register. Work at the university for a long time has been on the quarter system, and although some courses are continuous starting in the fall, students will have no difficulty either starting in the winter or spring or picking up after dropping a term or more.
