NATURAL FORCES AID BUSINESS RECOVERY

By R. S. HECHT
President American Bankers Association

ALTHOUGH, as official studies of business conditions show, business is still far from having struck its full stride, nevertheless, I believe that it is undoubtedly true that the natural economical processes which have always brought the nation out of a slump are now and have been for some time steadily at work laying the foundations for more active and normal business conditions.

There is growing a broader public perception that the people of this country must make their own prosperity and not wait for the government at Washington to make it for them. In other words, normal economic vigor and vitality of the United States is slowly but inevitably bringing a return of natural business recovery.

The Fundamental Cure
Like a doctor, the administration can help nature. But the fundamental healing processes will come from natural causes and not from political remedies. Despite the slackening of business now apparent, despite expressions of disappointment we hear from various quarters, nevertheless I am confident that these fundamental healing processes, if not spectacular, are none the less surely at work.

Gradually our business leaders are showing greater confidence in the future and are assuming a more forward looking position. I firmly believe that if we will make up our minds to replace fear psychology with confidence-psychology the results will fully justify such a new attitude.

If you have something to sell and are in a hurry to dispose of it. Let the classified columns of this paper prove its ability as a speedy and efficient sales medium.

Stuff 'n' Dates
By Ned Heers

THE ISLAND OF A BUTCHER PRODUCED THE MOST CITIZENS OF THE UNITED STATES

ELLIS ISLAND, THE ENTRANCE TO THE WORLD'S MOST FAMOUS MELTING POT OF CITIZENSHIP, WAS NAMED AFTER SAMUEL ELLIS, NEW YORK BUTCHER WHO OWNED IT PRIOR TO ITS BEING TAKEN OVER BY NEW YORK STATE.

IT IS LOCATED IN UPPER NEW YORK BAY NEAR THE BATTERY. IT WAS SOLD BY NEW YORK STATE TO THE UNITED STATES IN 1854 AND WAS FOR MANY YEARS USED AS A POWDER MAGAZINE. IN 1897 IT WAS MADE AN IMMIGRANT STATION TO REPLACE CASTLE GARDEN. THOUGH IT HAS ALL IMMIGRANTS WHO ENTER UNITED STATES THROUGH THE PORT OF NEW YORK WHICH IS ALMOST THREE-QUARTHS OF ALL THOSE WHO ENTER THE COUNTRY, THE ISLAND HAS BEEN CALLED THE "GATEWAY TO THE WORLD."

THROUGH THIS GATEWAY PASSED SOME OF OUR GREATEST DOCTORS, ARTISTS, LAWYERS, BANKERS, POLITICIANS AND TRAFFIC POLICEMEN.

Refreshing Summer Beverages

As the weather gets warmer our appetites are often on the wane and meals have a tendency to dwindle into just a shadow of their winter proportions. We require approximately the same amount of food, regardless of the weather, to take care of the body needs. There can be a difference in the preparation, of course, to meet the particular needs of the season. In summer, fresh vegetables and fruit are more appetizing in crisp salads and milk is more interesting served as a refreshing and cooling milk shake. The important thing to remember is that milk must be given the same prominent place in the summer diet as in the winter one.

Many people recognize buttermilk as an ideal summer beverage. Practically free from fat, high in essential food elements, with a cool, refreshing tart flavor, make it a good hot weather drink.

Few homemakers realize how simple it is to prepare milk drinks. Plenty of cold milk, fresh fruits or fruit juices, chocolate or other flavorings, a few whips of the egg beater and the milk shake is ready to serve. Any meal you are serving will be more attractive and better balanced if a glass of cold or colorful milk shake is included. Some delicious milk drinks are:

- Orangenog**
2-3 cup sugar
3 cups milk
2 cups orange juice
Add sugar to chilled orange juice and stir to dissolve. Pour slowly into milk and transfer to glass jar. Cover tightly and shake vigorously. Pour into glasses and serve immediately.
- Russian Chocolate**
1 square chocolate
1/4 cup sugar
Pinch of salt
1/2 cup boiling water
2 cups milk
1 tsp vanilla
1 pint coffee
Melt chocolate and add sugar and salt. Add boiling water and cook about five minutes. Add milk. Reheat and add vanilla. Beat the coffee in with an egg beater.
- Coffee Milk Shake**
3 cups strong coffee
3 cups milk
1/4 cup sugar
Cinnamon
Make fresh coffee, using 2 tbsp. coffee to 1 cup of water. Cool the coffee and add sugar and milk. Chill, add ice and serve in tall glasses with a dash of cinnamon on the top.
- Good Vetch Expected**
OREGON CITY—Clackamas county farmers have an excellent prospect for a good harvest of hairy vetch seed this year. Says J. J. Inskip, county agent. Most of the vetch is on upland soils that had been drained until they would no longer produce successful crops.

- Pineapple Milk Shake**
2 cups pineapple juice
1/4 cup lemon juice
2 tsp sugar
3 cups milk

Don't Stew This Summer

DON'T stew over the stove this summer. After the cold winter we've just been through the summer season is bound to be long and hot, and, besides, stewing over the stove has become quite unnecessary. But if you don't stew over the stove, we can hear many housewives ironically asking, what shall we stew over—the ice box? The answer to that is: "No. Don't stew anywhere. For all your stewing has been done or is being done for you in the big commercial canneries which now dot the country."

In other words, when you make your food plans for this summer, whether you take the children to the seashore or the mountains, or just stay quietly in your own home, include in them a plentiful supply of canned foods. If fresh vegetables are at hand, have some of them, too, of course, but if they have to be shipped any great distance to you, or the best ones are being saved for the city markets, you will find it far safer (and cooler) to use canned foods.

Good Milk Essential
Good milk is essential, wherever you go, and nowadays you can always have it. If there are no cows in your neighborhood whose health has been tested and certified by Government experts (be sure to ascertain this fact for the sake of the children), take along your own milk in the form of the dried, evaporated or condensed product, for all of these come from certified cows. Unsweetened evaporated milk is now more and more widely used for babies, and we have the authority of leading pediatricians that from the nutritional standpoint it is the full equivalent of pasteurized or boiled whole cow's milk. This makes it now possible to take even the littlest babies anywhere you want to go.

What are the canned vegetables you should have on hand or have shipped to you as you used them in order to escape that stewing which we recommended that you should avoid? The main ones, of course, are tomatoes, corn, peas and beans, but you should also include spinach for the children (and that's where you save a lot of weary work of preparation), and you'll find some asparagus for salads and beets and carrots good to have on hand.

Fruits and Fish
You can't go wrong in providing for a supply of the principal fruits and canned fruit juices for summer drinks. The principal fruits are peaches, pears, pineapple and apricots, but you should also remember that the best apple sauce you have ever tasted comes in cans. Think it over. Has all the apple sauce you ever made been uniformly good? The sauce that comes in cans is made of apples especially grown for that purpose, and is uniform in blend and taste.

As for fish, canned codfish, mackerel, salmon and tuna fish are all tasty and valuable for their iodine content, and what would you do on picnics without any sardines?

Your Time Is Free
With such an assortment of canned foods, either taken along or ordered sent to you at convenient intervals, you will be able to spend your time outdoors in the sun and get a tan instead of getting paler and paler simmering and stewing over a stove. You will have time to play with your children and be a companion to them, for sports and reading and all the outdoor joys of summer. Doesn't this simple plan sound rather worth while?

To Make It Easier, Still
If it does, here's a last suggestion to make your summer still easier. Clip out the following recipe, and take it along with you, too.

Tuna Fish and Vegetable Pie: Make a white sauce of two tablespoons butter, two tablespoons flour, one cup milk and the liquor from an 8-ounce can of peas and carrots, and season to taste. Add the peas and carrots and the contents, flaked, of a 7-ounce can of tuna fish, and pour into a buttered baking dish. Make some baking powder biscuit dough, using one-half cup flour, and cover the top with this dough in one piece or else cut into tiny biscuits. Bake in a hot oven until the biscuits are well browned. This recipe serves four, and costs only about forty-two cents.*
