

NBC Honor Roll

Certificates Presented

NBC 4-H club Honor Roll certificates have been awarded to John Hansen of Bethany and Glen Ireland of Forest Grove, in recognition of the part they took in the NBC Western Farm and Home program, Friday, August 16, according to L. E. Francis, assistant county agent. These honor roll certificates are awarded to all 4-H club members who have taken outstanding parts in this agricultural program.

Fire-Cracker Sales Good

C. J. Beach, popular merchant of the Garden City, reports good sales for fire crackers lately. Also Florence Johnson on East Side, who was selling fireworks about July 4—states demand for fire crackers since recent school bond election. With taxes going down it seems the farmers are happy again!

4 Bad Weeds

Keen observers who are interested in agriculture in Washington county—note four bad weeds which sap the soil and are a hindrance to good crops. Here they are:

1. Johnson grass.
2. Canadian Thistle.
3. Tansy.
4. Morning Glory.

This paper will be pleased to receive short letters from our readers stating your "best plan" in disposing of any or all of the "4 Bad Weeds" mentioned. Send in your "plan", let the farmers compare notes. We must unite to bring forth better farming possibilities.

First we will discuss how to "kill out" Johnson grass. In next week's issue of this paper.

What is your best plan to dispose of Johnson grass? Make your story short.

BERGER-JONES

Miss Hazel Agnes Jones, daughter of Mr. and Mrs. H. A. Jones of Beaverton, became the bride of Mr. Alfred Berger, son of Mr. and Mrs. Fred Berger, at a simple ceremony Wednesday evening, August 28, by the Rev. B. M. Fresenborg at Bethany. Miss Hulda Berger, sister of the groom, was her only attendant. Warren Jones, brother of the bride, was best man.

Following the ceremony a reception was held at the home of the bride's parents.

The bride was lovely in a gown of white crepe and satin, made with high neckline and long sleeves. Her flowers were gardenias and orchids. Miss Hulda Berger dressed in pink crepe and wore a corsage of gardenias. After a short trip the couple will make their home at Bethany.

The Tansy Menace

A new weed that is gaining a foothold by leaps and bounds during the recent years is Tansy, a medicinal herb "growing wild."

You will note large patches along the Beavertown Ditch and O. E. Ry. from Beaverton westward. Birds and the elements are scattering the seed over a vast area—some plants are growing along the Tualatin River down at Scholls. This time of year it is in full bloom, bright golden flowers.

There should be a united effort put forth by the town and county authorities to curb and eradicate this menace to agriculture.

The first tansy in this section started in 1889 from only a few plants—Note the increase.

Sam Olds Home Scene of Lovely Wedding

Miss June Doty, daughter of Mr. and Mrs. Chas. Doty and John Bertsch, son of Mr. and Mrs. Otto Bertsch, both of Portland, were united in marriage Saturday evening, August 24th, at the home of Mr. and Mrs. Samuel Olds on the Walker road. Rev. Winter of Portland read the ceremony before a vine covered arbor on the spacious lawn under the trees.

The bride wore a princess dress of white satin, made with a long train, a white tulle veil and carried a bouquet of sweet peas, cream rosebuds and white bovardia.

A reception followed, the guests numbering some 200, passed from the front lawn to a side corner of the grounds, near the lily pond where decorated tables were spread with cake and ice cream. After a wedding trip to British Columbia, the couple will make their home in Portland.

Gophers Busy

August and September are the busy months for the pocket gopher—this is the time he hides away his stores for the winter. A good opportunity for the trapper to catch them.

In this locality the most common species is a dark color, wears a white bib under his chin and is a terror in the potato patch, oftentimes packing away more than half a bushel of potatoes for winter stores.

LABOR DAY

Labor Day, each year, normally marks the turn into increased business activity and volume This year we are presented with a much more hopeful outlook, with hundreds of thousands of workers in jobs—workers who were unemployed a year ago. . . . Because workers at work mean payrolls; payrolls mean buying power; buying power means business volume; and business volume means jobs for the thousands of workers as yet without jobs. . . . We all pay our greatest tribute to labor when we do not stint, but buy normally. We thus keep business rolling and create jobs for workers everywhere; . . . on farms, in factory, shop, store, office and in all arteries of national life. . . . Why not dedicate this Labor Day to better times for all? Let us resolve to go ahead in all confidence by contributing our mite of normal buying. . . . thus making jobs secure for countless thousands.
