Considering how fine this railroad transportation is nowadays, you can't travel any cheaper. Fares lowest in history—substantial savings on round trip tickets. So why not take the train? It's safer. It's more dependable.

You can't beat the improved travel comfort in coaches and sleeping cars. It's a good thing movies don't have such restful seats—most folks would sure fall asleep.

Ever hear about the Free pick-up-and-delivery of less than carload freight? It's a great convenience to shippers and receivers alike. Western railroads pick up at the door, ship by fast freight, and deliver to consignee's door.

Railroad trains are running on faster schedules these days. Seems like the iron horse wants to show these new streamlined diesel that he can creep out, too. Both passenger and freight schedules have been speeded up.

What's more, the railroads believe in "safety first." Last year not one passenger was killed in a train accident on western railroads.

Talk to your local railroad agent. He's full of information about traveling and shipping.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

CHURCH OF THE NAZARENE

Pastor: Rev. Peter Clark

The Sunday School will be held at 9:45 when Miss Francis Hart will have charge of the opening and closing exercises. A special feature will be a sermonette by Miss Hart.

At the 11 o'clock service the Pastor will give an exposition of the Word. The subject will be: "A Quartet That Lifted the Roof." A special number in song will be rendered. At the morning service we shall be able to sing the Doxology because all the black will be removed from the white background. Three years back taxes and outlying bills have all been paid.

At the 8 o'clock service the pastor will speak on: "New Testament Puritanism." The sermon text is taken from the 2nd Epistle to the Corinthians, chapter 6, verses 17, 18.

Come thou with us and we will do thee good.

Prayer meeting Wednesday evening 8 o'clock.

"Scottie Demonstration Car."

See the
New Gasoline Economy
of the FORD V-8-

(Demonstrated before your eyes!)

WE have painted up a "Scottie Car" simply to demonstrate the increased mileage of this new 1936 Ford V-8. It is not a "special" Ford car. It is a regular 1936 stock model Ford V-8 with distinctive exterior decoration and a glass gallon jug connected with a Zenith tester. No adjustments have been made to make it perform differently from any new stock car. The jug is added so that you can see a measured amount of gasoline used with your own eyes, instead of having it come from the tank at the rear.

Take a ride in a "Scottie Car." See for yourself that a Ford V-8 is just as economical on gasoline as smaller, less powerful cars. You can arrange it without cost or obligation by calling
