Collins Concrete & Steel Pipe Co.

Many Contractors in this Section of the Northwest Specify their Products. The Concrete Pipes of the Collins Concrete & Steel Pipe Co., located Foot of N. Albina, Portland

Many Contractors in this section of the northwest specify their products. The concrete pipes of the Collins Concrete & Steel Pipe Co., located at the Foot of N. Albina St., are popular because they combine strength, permanence and economy. Specializing in concrete pipe for permanent construction of sanitary storm sewers, culverts and irrigation pipe.

The people throughout this section should demand their concrete pipe, not only because they are home-made products but because they are superior in quality and workmanship. Quality concrete pipes are in demand throughout the country and are most popular with those contractors who have had a wide experience in the use of these products. The economy, safety and architectural supremacy of their products are acknowledged facts and need no comment here. Let us add, that they are prepared to take care of all demands.

Thorough experts in their line, this firm has always been very reasonable in their prices. People of the community have found it worth while to consult with the firm before buying elsewhere. Special service and comprehensive information will be given customers at all times whether the request be in person or over the telephone.

This policy of goods of high quality, service of the most painstaking kind, and very reasonable prices has brought this concern a very large patronage and the confidence of the people of Portland and the Tualatin Valley.

The management is among the well-known business men and manufacturers of this section who have always taken an active interest in our onward progress. They are of the valued citizens. We wish to compliment them upon their success and the progress of the company.

Loans Add 400 Million to Roosevelt Deficit

WASHINGTON.—Fresh borrowing added 400 million dollars to the deficit of the Roosevelt administration in mid-September, according to an announcement by Henry Morgenthau, Jr., secretary of the treasury. The addition might reach a total of 440 millions, he admitted.

The United States deficit on Sept. 9, before the new borrowing, was 414 million 551 thousand. During President Roosevelt's administration the national debt increased from 2.1 billion to more than 33 billions.

Canadian Editor Gapes at Roosevelt Squandering

TORONTO, Can.—Canadian editors and readers are noting the spending program of the Roosevelt administration. The Financial Post of Toronto, a non-partisan publication, quotes an article in the Sphere of Washington (a monthly magazine of fairly broad views, published by Whaley-Eaton) as saying: "He (Roosevelt) is the most extravagant ruler ever known to recorded history. Not even Solomon, who left the people of his country impoverished, could hold a candle to him. He has dipped into the stored reserves of the nation—those reserves which were created by sweat and blood of men and women—and he has squandered them like a prodigal."

"Nor has that contented him. He has 'dipped into the future' as human eye can see and mortgaged everything in sight. He has raided the integrity of every insurance policy in the United States. He has flung the shadow of a possible inflation, worse than a pestilence, over every hearthstone in the country. For every one person to whom he could possibly promise economic security, he has deprived ten of that security."

Thos. Bilyeu PATENT ATTORNEY Corbett Bldg. Portland

With offices in the Corbett Bldg., in Portland, features patents, trademarks and copyrights in the United States and has been remarkably successful in securing complete coverage for his clients.

It is very important that persons with new ideas see a patent lawyer early in the development to secure protection. The patent attorney is the guardian of genius—absolute secrecy insured as he alone handles the patent papers.

Mr. Bilyeu has attained an enviable reputation as a patent attorney of note and success and enjoys a large clientele.

Persons with new ideas should consult early in reference to their rights and have everything taken care of for the priority of claim forms the basis for the government grant of protection to genius. While our patent, trademark and copyright laws are not perfect yet they have made this the foremost country in the world by fostering genius by the law's protecting arm and while many patents, copyrights and trademarks are stolen plagiarized and copied, yet if the aggressor can easily be secured if your filing is complete and taken care of by a patent attorney, with an analytical and comprehensive mind.

Mr. Bilyeu offers a complete service not only in this but in foreign countries, having correspondents in the leading patent offices of the world. He is always ready to see anyone with new ideas and can give them valuable advice as to what steps should be taken to start the proceedings.

In making this review we are pleased to compliment Mr. Bilyeu upon his brilliant career and the excellent service he is rendering this section.

Jolly Joan

504 S. W. Broadway, Portland, Oregon

That important question often arises among the people of the Tualatin Valley and surrounding territory—where shall we go for a sandwich or dinner while in Portland, that will be of the best. In our opinion, that question can be easily answered. In every community the size of Portland there will be some cafe or restaurant that will stand out from all others as being the one place where those who know good food and appreciate good service will be seen.

In Portland, the outstanding place to eat is the Jolly Joan located at 504 S. W. Broadway, open 24 hours a day. Their increasing patronage is proof of the fact that those who do patronize this cafe pass the "good word" along to their friends in the city and elsewhere, for a large number of out-of-town people are to be seen eating there every day.

The manager of the Jolly Joan is among the few fortunate people who, in addition to knowing his business thoroughly, possesses a personality that makes warm friends and steady customers of those who would otherwise remain just casual acquaintances.

Whether you desire be a cup of their delicious coffee with a doughnut or pie or one of their tempting lunch-plates or dinners, you can be sure of receiving the best in service and the best in foods, appetizingly prepared, if you go to this cafe.

DESERTS NEW DEAL

OMAHA, Neb.—"Neither Democratic nor for the best interest of the country," are "certain Administration measures and some doctrines," declared United States Senator Edward R. Burke (above). He promptly resigned as Democratic national committeeman from Nebraska.

The State Power Bill DOES Mean \$18,000,000 in Bonds!

Don't be misled by statements, however sincere, that the proposed State Power Bill doesn't mean more bonds on Oregon property.

The State Power Bill is the first step in issuing \$18,000,000 of NEW bonds—possibly \$54,000,000 of bonds, if the legislature says so.

The State Power Bill will be useless without bond money to build a gigantic experiment. A vote for the

State Power Bill is thrown away unless Oregon taxpayers approve \$18,000,000 of bonds at a later election. Don't Be Misled! Uncle Sam won't let Bonneville power lie idle. He hasn't asked Oregon to bond itself. Is there any reason to believe that he won't handle Bonneville power, as he has marketed power elsewhere? Uncle Sam is still on this job.

Dr. Gertrude L. Gates OSTEOPATH

Corbett Bldg. Portland, Oregon

Dr. Gates is a Osteopathic Physician. Many people from this section have received her professional service and advice.

Dr. Gates has had adequate training to practice the profession most successfully. She is a graduate of a well known school and previous to that time she received a general and special education which was designed especially for all of the work that the science of osteopathy implies.

Her practice has increased by rapid strides and people go to her office weekly to consult her from all parts of this and adjoining counties and the great work she is doing in the relief of the suffering is phenomenal. Then again her patients come from the very best class of people, people of standing in the community in which they live.

We are pleased in this review to recommend Dr. Gates on the success she is making in the practice of her profession and upon her excellent standing in the professional world of

the state, and assure our readers that at her office they will receive the very best of professional treatment.

FARMERS!

The New Deal Reciprocal Trade Agreements have taken the American farmer OUT of the foreign market and put the foreign farmer in the American market!

In the first six months of 1936 we bought from foreign countries:

6,536,000 Hogs
and exported only 101

280,103 Cattle
and exported only 1,528

4,680,000 lbs. of Butter
and exported only 454,000

5,662,000 bushels Corn
and exported only 355,000

19,806,000 bushels Wheat
and exported only 146,000 bushels

A report of the Department of Agriculture dated October 12, 1936, shows the following increases in imports for 1936 as compared with 1935:

Butter 693.9% Canned Beef 55.7% Wool 173.6% Wheat ... 144.9%
