

Hudson-Duncan & Co.

WHOLESALE GROCERS

Distributors of Nationally known foods and canned goods in Portland and General Office in Portland at 325 S. E. Water, Phone EAst 5161, is a prominent wholesale Grocery house in this part of the country with a record of service which has been indispensable in the continued progress and development of Portland and the Tualatin Valley; thoroughly conversant with the directions of such an institution and is one of the community's foremost business assets.

A well organized and present day concern with extensive establishment in town, whose service as a progressive wholesale grocery has been essential in the continued development and expansion of Portland and vicinity. This is one of the prominent firms of the country under experienced management.

There isn't any question but that this popular establishment is an important factor in the commercial and business life of this section as it is one of the foremost grocers of this part of the state.

The retailers have come to know that they can get from them the very best goods on the market, hence they seek no further market. They have a reputation far and wide as business men of wide experience and straightforward methods and it is not surprising that the volume of the business is ever increasing.

The word service has been much mis-used, of late, but as applied to this firm it takes on its full significance. They not only insist upon prompt and courteous service, but they have provided for their patrons, the best quality.

They long ago determined to see that

their patrons received the better quality which the consumer demands in these days and therefore it is not strange, that patrons of stores who receive their goods from this well known grocery seldom think of buying elsewhere.

There is a great deal more to the business of conducting a wholesale grocery than the average man understands.

This is an essential business that requires at its head a man of experience in the buying world and executives who are familiar with the details and the necessity for adequate distribution. It is such houses as this that add to the convenience and comfort of the modern householder and provides wholesome goods of the highest quality at the most reasonable prices.

We are pleased in this edition to direct your attention to this progressive establishment as a very distinctive feature of the commercial efficiency of the community and to the managers as among the leading business men and most valued citizens of the community who materially assist in making this community more progressive and more attractive from the commercial standpoint.

Oregon Art Tile Co.

Beautiful your home with
Tile Bathrooms, Sinks, Fireplaces
1421 S. W. Broadway Portland
J. W. Batcheller H. B. Shofner

Throughout this section Oregon Art Tile Co., is the foremost concern engaged in the tile business. They have attained a position in their line that brings them an ever increasing patronage, and as a consequence their place is the scene of continued activity.

The many jobs that they have turned out for home owners have been the admiration of everyone. They have their place equipped with the necessary equipment and the proprietor is an expert in his line.

The value of having the tile in your home in good shape cannot be too emphatically stated. A good looking bathroom, kitchen or fireplace, always makes a good impression, and then if you are going to sell or trade, tile will add many times the cost of the job as a selling or trading feature, to say nothing of the satisfaction of living in a nice appearing home.

Everywhere you go, at home and a-

broad, tile enjoys the distinct reputation of being the way to keep your home looking new and beautiful for years. Tile your bathroom, kitchen and fireplace, is the advice of millions of home owners. They know from experience that the beautiful shining armor that tile gives makes it last longer, and keeps colors from fading.

In making this review we are glad to compliment them upon the position their enterprise occupies in the industrial world of this section of the country and to assure the public that here they will always get courteous treatment and high-class work.

The management is in the hands of latter day business men who are thorough artists in this line. Just let us suggest that you give them a chance to prove the quality of their work. You will be surprised at the change in the appearance. Beautify your home with tile.

Durham & Bates

AUTOMOBILE INSURANCE
FIRE, LIABILITY, ACCIDENT, BURGLAR
Board of Trade Bldg. Portland

Among the most prominent insurance underwriters in this well known agency and to them a large element of the people in this community look for automobile insurance service. Representing as they do one of the largest companies in business, they are equipped to serve every need in this line. During the past years they have built up a clientele of huge proportions as well as establishing a reputation as one of the most reliable and prominent members of the profession.

This business review would be lacking in appreciation if it did not direct attention to a leader in this profession, who through years of practice, has built a reputation for efficient service, which is second to none in this section of Oregon.

That they have succeeded in this to an extraordinary degree is evidenced by the fact that when one thinks or speaks of insurance he unconsciously thinks of Durham & Bates.

They are indissolubly connected in the minds of the people of this city

and vicinity. Not only does this firm perform the more material offices connected with the writing of insurance, but they are at all times ready and glad to give friendly and even disinterested advice based on their wide experience in the field.

In years long gone the business of the insurance salesman was to convince people of their necessity for insurance and to persuade them to secure that protection. Today the work is not so much educational as it is advisory. The salesman or agent from his knowledge or experience is expected to assist his clients in selecting the kind of insurance best suited to their needs—the necessity for such protection is now generally recognized. No one of whom we have any knowledge is better qualified to perform this important function than Durham & Bates.

We, therefore, feel an unusual sense of satisfaction in directing your attention to Durham & Bates and recommend them to all.

YOUR EYES AND MINE

Why a Drugless Physician

By Dr. Emery C. Ingham, Portland

More than 40,000,000 people in the United States have lost faith in medicine and are dependent upon the drugless physician for relief. The startling fact that more and more people are turning to the drugless methods has caused a tremendous growth and interest in healing thru the natural methods. If the large insurance companies, state compensation organizations and industrial accident commissions allowed the patient the Physician of his choice, this number would

immediately jump to nearly 60,000,000 in favor of the Drugless Physician. This increased faith in the Drugless Physician is not entirely without reason. The Drugless Physician is now on a par with his medical brother.

The state law in Oregon requires the Chiropractor to attend Chiropractic School the same number of years as the medical student must attend medical school. Upon graduation they are required to take an examination under the same impartial State Board of Examiners on the same subjects. This board of examiners is composed of the heads of departments in our State Institutions of Higher Education.

The Drugless Physician is well qualified to diagnose and treat any disease, and his methods of examination at least in this office are the same as used by any progressive medical clinic. However the treatment is entirely different, as we use only the natural methods to restore an individual to health. Drugless methods are nature's own methods; results are usually immediate and lasting.

Milton L. Gumbert

Residents of the Tualatin Valley will find that they will
Receive Quality, Economy and Service Here
816 S. W. Morrison St. Portland, Oregon

Furs are the pride of every woman's wardrobe—her loveliest possession. Like nothing else, furs somehow give her that mark of coveted distinction. Value-wise women have learned too, the truth of what seems to be a paradox—that with careful purchasing furs are a luxury which proves an economy. For this reason, a good fur will last longer and look better over a longer time than any cheaper coat, or garment, yet, there is nothing so cheapening to a woman's appearance, nothing so galling to her pride as a fur garment which is obviously of an inferior quality. Women of this community have learned that they can buy good furs, furs that will always have that mark of distinction.

Why is this? In the first place the aim of this store is, and always has been, to supply Portland and vicinity in the best way possible. There is the tremendous buying power of this store. Mr. Gumbert knows the market and knows it perfectly. He knows when to buy; when it will be most advantageous to the public. He has shown the wisdom in buying only the finest of furs. 29 years ago he started with an ideal—to build up a permanent and satisfied clientele—by offering only the best. He knows that this is not the quickest method to build up a customer list but he is in this neighborhood to stay and Mr. Gumbert wishes permanent rather than quick returns.

Men and women like to shop at Milton L. Gumberts because of the excellent service which they always receive here. There is to that fitness of courtesy and expert advice which characterizes only the best of merchant establishments. In addition to this there is that individuality of service which makes the customer realize that the store exists to serve him or her.

Mr. Gumbert is not only an individual of high repute in the business circles of this community but a leader of civic and social circles as well, a real asset in every phase of community life.

Hawkinson Tread Service

Complete Retreading on Trucks, Busses and Passenger
Tires—Over 300 Stores operating throughout the
United States
505 N. E. Grand Portland

There is no concern worthy of extended mention in this review than the Hawkinson Tread Service, located at 505 N. E. Grand, Portland. Under the direction of Mr. Hawkinson who is thoroughly conversant with every feature of the tire retread business it is not strange that this has become one of the most important commercial assets of the community.

Because of the tremendous increase in business Mr. Hawkinson built a new modern building at 505 N. E. Grand.

This is the day and age when the public demands not only magnanimous service but the best at reasonable prices.

Thoroughly familiar with the present conditions and with an exceptionally wide experience in the tire retread service, the management of this company has been able to render a service to the people in their line that is distinctly satisfactory. Real service at most reasonable price possible has been the guiding influence in their

policy, and it has brought them trade from all the surrounding country.

Mr. Hawkinson is a man of long and practical experience in this business. He is thoroughly acquainted with its every detail and is considered an authority in all that pertains to the operation of a very modern establishment. He is one of the foremost business men of Portland and has aided in the development of this section of the state. This company is not only well equipped and expertly operated but their service is one that is necessary to the onward progress of the community.

In making a review of this onward progress of this section of the country we compliment Mr. Hawkinson and his assistants on the manner in which the business of this modern company is operated. Real service and real prices are bringing them trade from all parts of the country. Convince yourself. Give them a trial. Telephone EAst 2472.

Oregon Paper Box Factory

215 S. W. Stark Portland

Any business to be permanently successful must be founded on principle, honesty, fair dealing and full value for the price asked. From this there can be no deviation, regardless of economic or any other conditions.

In such a period as the one through which we are passing, manufacturers and merchants are confronted with many problems. In seeking the solution there is often strong provocation to resort to expediences that in normal times never would be considered. One cause of this temptation is the appearance on the market of sub-standard paper boxes put out to create so-called "price competition."

Every successful business in America—the ones that have endured year after year started from a small beginning and are built on an ideal. That ideal has always included a self-imposed obligation to keep faith with the public by maintaining quality and service the year around regardless of conditions.

The Oregon Paper Box Factory started with an ideal. Through good times and bad times that ideal has never been violated. To it, all subsequent success must be credited.

The Oregon Paper Box Factory is a local concern under the competent management of people interested in local development and its substantial and well merited progress is a matter of actual fact well known to the public.

In making this review of the progress of Portland and vicinity we are glad to call the attention of the people to the advantages accruing to the public by the location of the Oregon Paper Box Factory here, the high quality of their paper boxes, and the commanding position they occupy in the industrial world, by determinedly

living up to their original idea—to furnish the public with the finest paper boxes at a fair price—they have won and retained the respect and confidence of their many satisfied customers.

That used car you have been looking for, is listed in the classified section.

Woman Uses Unique Way to Get Money for Divorce

Coshocton, O.—In order to get a divorce, a woman needs money. Mrs. Edith Buckmaster West, thirty-year old mother, confessed to police authorities of a unique way she, her brother, Albert, and Wayne and Norman Hartley, all of Coshocton, O., planned to get money and keep within the matrimonial laws.

They removed bolts from the Pennsylvania railroad tracks in order to wreck a train. They planned then to rob the passengers.

When the train passed safely over the loose rails, the three men and woman removed more bolts from a nearby train bridge. Nothing happened so they gave up the job and sold the bolts in Coshocton.

Mrs. West wanted the money to divorce her husband, Charlie, by whom she had a four months old baby, so she could marry Wayne Hartley.

Railroad officials said a disaster would have resulted on the bridge had not a farmer noticed the bolts missing and notified track walkers.
