

Starr Fruit Products Company

With Plant and Offices in Portland and Salem, are Extensive Canners of Fruits and Vegetables and Buy from the Farmers—They Aid in the Development of the State by Canning Home Grown Fruits and Vegetables which Sell Far and Wide and Bring Money Here—Mr. M. Frost, Manager.

The Starr Fruit Products Co. located at Portland and Salem, have won a warm place in the business life of this section of the state, as they are one of our greatest producers of prosperity. They use local labor in the plant and while they sell much locally, yet this is only a small part of the business. They ship to all parts of the country. Local people should demand their products of the stores as it aids local industry, and aids in keeping money in local circulation.

It was Napoleon who invented and fostered canning and packing in order to feed his armies and little did he realize that he was developing an industry that would be so necessary in the ever increasing population of the world. If it were not today for the packing industry, there would not be ample food supplies in and out of season. The Starr Fruit Products Co. are aiding in performing this service to mankind, and at the same time gaining for themselves a well merited commercial success.

The most important items packed

are fruits and vegetables. These are all grown in Oregon and this institution is doing a great service in canning and retaining them for times when they are out of season.

They furnish an excellent market for these products and growers should raise enough each year to keep a plant supplied with enough to keep it running. They always pay fair prices and are a great aid to the diversification of farming and aid in its prosperity.

The Starr Fruit Products Co. have an excellent plant and have installed the very latest equipment. They are in a position to ship to all parts of the country and their goods have a large demand among the jobbers and retailers as well as among the people.

In this review we are pleased to compliment the Starr Fruit Products Co. upon their position in the industry of the state and to call the attention of the local public to the great advantages of their industry and the popularity of their products.

Grigsby Brothers Paper Box Mfgs.

233 N. Clackamas E.A. 4662
Portland, Oregon

Any business to be permanently successful must be founded on principle, honesty, fair dealing and full value for the price asked. From this there can be no deviation regardless of economic or any other conditions.

In such a period as the one through which we are passing, manufacturers and merchants are confronted with many problems. In seeking the solution there is often strong provocation to resort to expedients that in normal times never would be considered. One cause of this temptation is the appearance on the market of sub-standard paper boxes put out to create so-called "price competition."

Every successful business in America—the ones that have endured year after year started from a small beginning and are built on an ideal. That ideal has always included a self-imposed obligation to keep faith with the public by maintaining quality and service the year around regardless of conditions.

The Grigsby Bros. Paper Box Mfgs. is a local concern with an ideal. Through good times and bad times that ideal has never been violated. To it, all subsequent success must be credited.

The Grigsby Bros. Paper Box Mfgs. is a local concern under the competent management of people interested in local development and its substantial and well merited progress is a matter of actual fact well known to the public.

In making this review of the progress of Portland and vicinity we are glad to call the attention of the people to the advantages accruing to the public by the location of the Grigsby Bros. Paper Box Mfgs. here, the high quality of their paper boxes, and the commanding position they occupy in the industrial world, by determinedly living up to their original ideal—to furnish the public with the finest paper boxes at a fair price—they have won and retained the respect and confidence of their many satisfied customers.

There is no concern more worthy of extended mention in this review than the Hawkinson Tread Service, located at 505 N. E. Grand, Portland. L. L. Jones & Son Monument Works

Located at 7330 S. W. Macadam in Portland, Offers an Excellent Service in Memorials, Monuments, Markers and Head Stones and have been Leaders in their Field for Years, During which time they have gained an En- vial Reputation—Suitable Monuments are an external Tribute of Those Who Live and Love.

The L. L. Jones & Son Monument Works of Portland, enjoys the distinction of being one of the leading authorities on memorial in this section of the country and are well known for many miles around.

The yards and works are stocked with a large supply of the leading marbles and granites. The shops are equipped for the production of work both large and small. They are able to artistically reproduce any design that one may have in mind or will submit original designs that will be in keeping with the size of the work desired. On hand at all times is a large collection of memorials that can be purchased and will be erected on a few days' notice.

The placing of memorials over the graves of the dead is a custom that originated with our early civilization.

In Egypt it was the custom for the Pharaohs to erect a pyramid during their lifetime so that when the final summons came a place was prepared for their reception.

The L. L. Jones & Son Monument Works offer in their scope of memorials everything from the simplest slab to the imposing monument and the complete mausoleum. The workmanship in the setting of the memorials is very permanent as they are all placed on foundations that will endure with the centuries.

In making this review we are glad to compliment them as conducting an institution that is truly aiding in the preservation of records and achievements of the people of today—ones that will stand through the years and inform the future generations of the pioneer families of this great commonwealth.

Oregon Art Metal Works

ORNAMENTAL HAND WROUGHT IRON
2130 S. E. Powell Portland

The Oregon Art Metal Works is staffed with people who are designers and craftsmen in tastefully designed wrought iron work.

The wrought iron work produced by the Oregon Art Metal Works is executed in the most careful manner and is turned out under the most exacting supervision. Little wonder it is, then, that the products of the establishment find much favor in the eyes of discriminating buyers and that today, instead of going to New York or some other center to have work in this line done they have it done here.

They feature Ornamental Iron work of all kinds and are prepared to make to order any special design for ornamental purposes. Mr. Heuchert has made much of this work for home

owners and is right up-to-the-minute on modern designs.

The manager, Mr. Heuchert is an artisan in iron and has made a careful study of his art. He employs assistants imported from places which are recognized centers of his art and as a result work of superior merit is offered the discerning buyer. It is important to the buyer that he understands that work of this character cannot be procured thru ordinary trade channels. The everyday producer of ordinary iron work lacks both the knowledge and skill necessary for the production of artistic handiwork. Thus it is quite easy to understand that the work which is perfected here is work of distinction and produced to appeal to delicate tastes of buyers most discriminating.
