NEW BUSES, RECLINING CHAIRS Oregon-California Stages 1032 S. W. Alder St. AT. 0070

BOY! AM I BUSY AT THE RANDELL DAIRY

- Here's all the different jobs I do for Randell Bros. at their dairy, on S.W. Stephenson Road.
 - milk the cows
 - furnish hot water and steam to wash and sterilize dairy equipment.
 - run the cream separator
 - furnish steam to heat the cheese vat
 - operate the dairy refrigerator
 - run a brine pump
 - pump water for the whole place
 - light the home and dairy
 - operate an electric range and radio

and I do all that for only 1 1/4c an hour

It's surely a pleasure to work for the Randell Brothers. They operate a high class Grade "A" dairy, selling bottled milk and cream and cottage cheese at the Portland Farmers' Market. Like many other up-and-coming farmers, the Randell Brothers know that I work for mighty low wages, and they use me to save expenses and to save hours of extra work on their part. Mr. Farmer, I'll gladly work for you just as hard and just as cheaply as I do for the Randells.

Use Pepco's Free Farm Service Dept.

The work of the Pepco Farm Service Department is to call at your place and give you complete facts about the application of electricity to your particular needs—then to help you properly install electric motors, brooders, irrigation and water systems, automatic water heaters, lighting, etc. There is no cost or obligation for this service. Just get in touch with your nearest Pepco office.

Herbert E. Randell, of the Randell Dairy, and their Electro Steam Boiler

*This refers to the average Kilowatt Hour rate paid by Randells during 1936. As you know, the more electricity you use the less you pay per kilowatt hour. Randell Dairy uses electricity for nearly every conceivable job on the dairy—hence this remarkably low average rate. Further, farms in this area enjoy the same low electric rates as city dwellers—and the rates here are among the lowest in America!

PEPCO... Portland General Electric Co. (Home of Reddy Kilowatt)
