CHURCH OF CHRIST

Geo. H. Hatch, Pastor

Next Lord's Day morning there will be a special Mother's Day program during the Bible School hour at 9:45 a. m. Following the communion service the pastor will bring a message on "The Glory of Motherhood."

In the evening the pastor will continue his series on "The Second Coming of Christ, will He come in our Day?" This service is to be the second in a series of sermons on this subject. This will deal with the present struggle between capital and labor, which was prophesied nearly 2000 years ago. It will be an effort to answer the question "Are we who live in this troubled 20th century when wars are all about us, when revolution and Communism undermine governments and nations, when our much-vaunted financial structures have collapsed, when tens of millions are unemployed and hungry, when our machine civilization is all askew, when moral standards accepted for ages are cast aside with abandon, when faith in God seems going into dark eclipse, . . . are we witnessing the sunset of civilization?"

Hear the pastor Geo. H. Hatch in Bible prophecy.

The First Choice of Poultry Raisers

Good feed is indispensable to success in raising poultry for the market or for egg production. That's why so many experienced poultrymen in this community insist on the kind we supply. It's their first choice because it contains growth-building elements in correctly balanced proportions. Yet its cost is very moderate.
