

# DR. B. E. WRIGHT, DENTIST, IS TO BE COMPLIMENTED FOR PART HE HAS PLAYED IN ADVANCEMENT OF HIS PROFESSION

### Our Teeth are Fundamental Causes of Both Good and Bad Health

One of the local personalities whom we wish to single out for special mention in this edition is Dr. B. E. Wright, dentist, who has identified himself with the development of Portland and vicinity for many years. Dr. Wright is to be complimented for the part he has played in the advancement of his profession.

Dr. B. E. Wright teeth promote better health in the entire system. Teeth that are decayed and infected with pus are a menace to health and presage a run-down condition or

more specifically, often serious illness resulting in many cases fatally. Sir William Osler one of Europe's greatest authorities on internal medicine, has said "There is not one single preventative medicine that equals mouth hygiene and preservation of the teeth."

In Dr. Wright this part of the country has a man of outstanding capability.

This publication feels that in paying a tribute to Dr. Wright it is complimenting a class of men, rather than an individual. It is to this class of men that we look for assistance in civic emergencies, and it is upon them that the progress of the city depends. It is our sincere hope that Dr. Wright and all those others, who in a like manner devote their selves to the welfare of their fellow citizens, may continue to abide with us.

Doctor Charles Mayo of Rochester, Minnesota, says it is quite as important that dentists have a general knowledge of disease as it is that physicians have it and while it is true that dentists should refer many

patients to the physician for medical examination, it is also true that the physician should refer many more to the dentist for the good of their patient.

Dr. Mayo states further, "Neuritis Arthritis, Anemia, Ulceration of the stomach, Gastritis, High Blood Pressure, Colds, Bronchial Infections, and many other system infections result from infected teeth and three-fourths of the abdominal cases operated on at the Mayo Clinic are the consequential results of infection arising from the teeth."

For this reason, it is important that readers of this publication follow the old adage and have a thorough dental examination by a competent dentist at least two times each year.

The writer of this article called at Dr. Wright's office in the Raleigh Building in Portland and while there had the opportunity of seeing what wonderful progress has been accomplished in modern dentistry.

In the opinion of the writer of this article Dr. Wright is performing a much needed and highly appreciated service.

## Thos. Bilyeu Gives Valuable Advice to Local Inventors

### Mr. Bilyeu has Attained Enviably Reputation as Patent Attorney of Note

With offices in the Corbett Bldg. in Portland features patents, trade marks and copyrights in the United States and has been remarkably successful in securing complete coverage for his clients.

It is important that persons with new ideas see a patent lawyer early in the development to secure protection. The patent attorney is the guardian of genius—absolute secrecy insured as he alone handles the patent papers.

Mr. Bilyeu has attained an enviable reputation as a patent attorney of note and success and enjoys a large clientele.

Persons with new ideas should consult early in reference to their rights and have everything taken care of for the priority of claim forms the basis for the government grant of protection to genius. While our patent, trademark and copyright laws are not perfect yet they have made this the foremost country in the world by fostering genius by the law's protecting arm and while many are stolen, plagiarized and copied, yet if the aggressor ever acquires any wealth damages can easily be secured if your filing is complete and taken care of by a patent attorney with an analytical and comprehensive mind.

Mr. Bilyeu offers a complete service not only in this but in foreign countries, having correspondents in the leading patent offices of the world. He is always ready to see anyone with new ideas and can give them valuable advice as to what steps should be taken to start the proceedings.

In making this review we are pleased to compliment Mr. Bilyeu upon his brilliant career and the excellent service he is rendering this section.

## Grigsby Brothers Paper Box Mfgs.

The Grigsby Bros. Paper Box Mfgs. is a local concern with an ideal. Through good times and bad times that ideal has never been violated. To it, all subsequent success must be credited.

Any business to be permanently successful must be founded on principle, honesty fair dealing and full value for the price asked. From this there can be no deviation regardless of economic or any other condition.

In such a period as the one through which we are passing, manufacturers and merchants are confronted with many problems. In seeking the solution there is often strong provocation to resort to expedients that in normal times never would be considered. One cause of this temptation is the appearance on the market of standard paper boxes put out to create so-called "price competition."

Every successful business in America—the ones that have endured year after year started from a small beginning and are built on an ideal. That ideal has always included a self-imposed obligation to keep faith with the public by maintaining quality and service the year around regardless of conditions.

We are glad to call the attention of the people to the advantages accruing to the public by the location of the Grigsby Bros. Paper Box Mfgs. here, the high quality of their paper boxes, and the commanding position they occupy in the industrial world by determinedly living up to their original idea—to furnish the public with the finest paper boxes at a fair price—they have won and retained the respect and confidence of their many satisfied customers.

They are located at 233 N. Clackamas in Portland.

## Alfred E. Wheelock Attorney has Large Practice in Valley

### Legal Profession is Necessary To Laymen

One of the professions that is very necessary to the well being of the average citizen is the practice of law. This profession helps guide the laymen through the legal tangles of the laws of our state and nation, helps the business man the farmer, and the uninitiated, draw up legal papers, etc. In fact the lawyer becomes, through his legal training, the guiding hand for all laymen, in all matters pertaining to both civil and criminal nature.

In this brief story the purpose of this story is not to acquaint the reader with the duties and services of the legal profession, but more, to acquaint the readers with one of our members of this profession in Portland, Alfred E. Wheelock. This lawyer is well known here, and is universally liked and respected. His practice is of general nature and both his business methods, and the man himself is well worth these few lines of praise in this review edition.

The history of our country from the beginning shows that many of the keenest minds of every generation have been attracted to the legal profession. This is, perhaps, a natural condition, since in that field exists the greatest opportunity for the exercise of intelligence and talents to service of mankind. Whatever may be the chief factor contributing to this condition it is an established fact that in mentioning the names of a given number of people who are entitled to classification as the most useful citizens of this community, the members of the legal fraternity loom large.

Among the members of the local bar who by their achievements are entitled to more than ordinary reckoning is A. E. Wheelock, one of the prominent attorneys of Portland.

Broad of vision, keen resourceful and energetic he has advanced to his present position of leadership in this profession by the constant pursuit of those ideals which actuated the efforts of the early lawyers of the province in founding the bar of the state.

He has achieved his standing in the profession by constant and continuous fair dealings, loyalty to his clients and the tireless painstaking efforts which he exerts in their behalf.

## Max G. Politz Shares Personal Success By Contributions to Community

### Has Accomplished Much in Making This section a better Place in Which to Live

The true value of a citizen is not gauged by his personal success, but rather by the manner in which he shares that success by his contributions to the community in which he lives. A city and a community grows and flourishes according to the number of public spirited men and women which compose its population.

Max Politz Has Good Personality Max G. Politz is one of those men who have given much toward the development of his community. He has turned his personal success in the business field to the advantage of the people as a whole and has accomplished much toward making this territory a better place in which to live. Mr. Politz's magnetic personality and dynamic driving force has

## Local People Should Insist on Products Put up by Steinfeld

### Manufacturers of Famous Bonneville Brand of Pickles—Sauerkraut

Their modern plant is located at 10006 N. Allegheny, telephone UNIVERSITY 0311, Portland, Oregon.

Ladies who are really interested in their figure and keeping it slender and attractive should investigate the merits of Sauerkraut and Sauerkraut juice, particularly Steinfeld's Sauerkraut and Sauerkraut juice, made by a firm that has been in this business for 18 years.

Steinfeld's Sauerkraut juice not only slenderizes the figure but is a most excellent and healthful body cleanser, eliminating all impurities from the system in a gentle manner.

Steinfeld's grow their own cabbage to insure the finest quality. Their Sauerkraut is a real product, with a real flavor. They also make Steinfeld's Dill Pickles and Kosher Pickles. These products are sold wholesale to jobbers and most retail stores.

Ask for Steinfeld's products by name and you will always get delicious satisfaction.

In this industrial review, we take pleasure in commending Steinfeld's Sauerkraut, Saurkraut juice or pickles to all of our readers.

Portland is proud of these citizens who have made the city and the entire Multnomah county famous. No review would be complete without mention of the name of Mr. Steinfeld proprietor of the Steinfeld Pickle Co. He has contributed more than his share to the progress and prosperity of the City of Portland. His personal success has been turned to the advantage of his fellow citizens and any project which promises to advance the welfare of the entire community receives his immediate attention.

Mr. Steinfeld deserves every bit of praise we are able to give him for his service to the district. His business dealings have always been a credit to his high character, and we express the sincere wish that he may continue to prosper and lend his influence to the upbuilding of a better community.

## Oregon Motor Stages Offer Satisfactory Transportation

Probably no feature of the advancement of commercial and social conditions in the United States so clearly demonstrates actual progress as the improvements made in transportation facilities. From the days of the old stage coach to the modern motor bus is a long jump, but America has made it in a few years and today every progressive community provides excellent motor bus service.

The Oregon Motor Stages operates one of the most popular of the bus lines in the country and has left nothing undone in their effort to provide a service that is both modern and satisfactory. They maintain a regular schedule between the points on their line and their busses leave and arrive at the various points at stated and regular intervals. You can always depend upon their busses being on time and they are operated so frequently that you can ride at your own convenience. The busses themselves are modern motor transportation vehicles especially designed to meet the requirements of this company and its passengers. They are large and roomy, well ventilated at all times. They are equipped, to render your ride a smooth and comfortable one and the drivers are both careful and courteous.

There is no more satisfactory means of transportation than that of the modern coach type this company conducts where the policy of courtesy and service is maintained.

Their motor coaches are not only modern but are also clean and sanitary and their employees are at all times pleasant and accommodating to the traveling public.

Everyone in the vicinity should occasionally take a trip over some part of the line and see the wonderful development and how the territory they traverse is being built up. Real estate has become more valuable all along the line by reason of their service.

In this business review we wish to compliment the Oregon Motor Stages and suggest to our readers that a good way to promote the further progress and expansion of the community is to patronize this bus line whenever traveling—whether for pleasure or business.

## WATER CAN BE PUT IN HOME FOR 2c Per 1000 Gal. BY DEMING SYSTEM

### M. Donald Spencer is Distributor for Deming Pumps & Water Systems

The resident of the Tualatin Valley who is contemplating the installation on his property of a new electrical pressure system should consult M. Donald Spencer, distributor for Deming Pumps and Water Systems located at 733 N. W. Everett street, Portland.

Mr. Spencer is the representative for the famous line of Deming pumps and renders an expert service on all types of pumps and has on hand a large stock of parts for pumps. Their electrical pressure water system actually puts the water into the home automatically and efficiently.

The word electricity is derived from the Greek word "electron" meaning amber. Amber when rubbed attracts light particles of wood or straw. As early as the 6th century B. C. the Greek philosopher Thales wrote of the results of rubbing amber with silk.

So much for history of electricity. Today it is one of man's most

faithful servants. The task of supplying electrical equipment has become one of the greatest industries.

Electricity plays a very important role in the continued progress of this section of the United States. Its use for irrigation purposes in our section of Oregon is growing rapidly. To harness regulate and control this servant requires an immense amount of equipment.

Mr. Spencer is probably as well informed on the equipment needed for irrigation as any man in the district. After much study, experience and investigation he decided upon the Deming Pump and Water Systems, as a line to offer his customers and he is the distributor of this line for this section. The Deming Co. is a leader in the manufacture of pumps. They have one of the most complete lines and are in a position to take care of your every want in this line. Residents of the Tualatin Valley can carry 1000 gallons of water into the home for a small cost of 2 cents

## Eastern Outfitting Co. Carries Large Stock of Ladies, Misses, Boys, and Mens Wear

### Mr. Shemanski, Manager, is Well Liked Locally

The story of the Eastern Outfitting Co. is an important chapter in the history of modern mercantile methods. It is more than important! It is inspiring. It is a story of a business with a Big Idea behind it—an idea that is clean, clear cut. The Big Idea with them for many years has been and is today, the patent fact that is unfailingly governed by the Golden Rule. Every Customer pays one and the same price. No more no less. And that price assures a superior value. The same square deal and just treatment alike to all.

They carry at all times a large stock of ladies' and misses' ready-to-wear, shoes for men, women and everything for children. Truly one of the reliable, most progressive mercantile houses in this part of the state.

In this store is found not only the styles and materials in most popular

vogue to-day but the most conservative of modish garments that have met with universal approval. As regards to price, you will find that these garments which hang in graceful and becoming lines are offered at most reasonable figures for while this store enjoys the patronage of the community it is the most popular store within many miles among the people of the Tualatin Valley.

In its line of ready-to-wear can be found the latest ideas of the leading designers of this country and Europe that have been purchased with the idea of giving men, ladies and young people of the city and surrounding country the latest Eastern fashions most reasonably.

We wish to state that Mr. Shemanski is one of the most progressive business men of the community and is a consistent and material booster for all propositions that further public improvement.

Located as most readers know, at S. W. 10th and Washington, they offer credit to customers on both weekly and monthly payments.
