THESE ARE SERIOUS FACTS

ABOUT THE

\$10,000,000.00 UTILITY DISTRICT

READ THEM -- THEN BE SURE TO

VOTE NO!

To begin with, the 7-County Utility District promoters must raise \$6,400,000.00 in cash to carry out their pledges to build power lines.

Then this power system will pile up a deficit of \$3,434,400.00 in thirty years or it will cost an equal amount in taxes. That is shown by the thorough engineering study of the plans made by the State Hydro-electric Commission.

But in spite of that huge loss, the promoters intend to go ahead anyway with their scheme to spend \$6,400,000.00 — in order to lose \$3,434,400.00 more — a total loss of nearly Ten Million Dollars!

And on top of that, five men who have had no experience in the power business could not run such a vast

enterprise without losing millions of dollars more.

DON'T TAKE THIS SCHEME LIGHTLY!

The promoters of the District are not putting up a dollar of capital of their own, but these five Directors will have as much power as the State Legislature to TAX YOUR PROPERTY to raise the millions they want to get!

They can tax homes and farms and businesses until mills shut down and stores close their doors and boats are pulled up on the beach. AND THEY ARE PLEDGED TO CARRY OUT THIS FANTASTIC SCHEME!

The risk is yours! Your only protection is YOUR VOTE!

VOTE NO—FRIDAY, APRIL 8
