Sixth Avenue and Burnside street, Portland, will open Sunday morning, July 3rd, and will continue for five weeks, closing August 7th. This annual summer camp meeting of the Apostolic Faith is a religious campaign devoted to evangelistic efforts and religious instruction. Bible teaching on the fundamentals will be given every afternoon at 2:30 (except Monday and Saturday) in the large tabernacle. Each evening at 8 o'clock there will be an evangelistic service. These meetings will be conducted by the General Overseer of the Apostolic Faith work, Rev. R. Robt. Crawford, assisted by local and visiting ministers and evangelists. Features of particular interest will be the song renditions by soloists and groups of singers. Every convenience possible has been arranged for the use of those attending. Fernando Germani used this instrument at his Portland appearance in his concert tour last winter. There is no admission charge and no collection will be taken. IMPORTANT CHANGE IN OPERATION OF BUS SCHEDULES
Portland, June 27 1938
TO OUR PATRONS:
Effective with July 7th there will be a change in the operation of the Portland-Reedville-Forest Grove service which we expect will be of great advantage to the commuters in that territory. Departures from Portland, which have been on the hour to Forest Grove and on the half-hour to Reedville, will be set at 15 minutes past the hour with the exception of the 7:45 and 8:45 a. m., 2:45 and 5:45 p. m., which will go through to Forest Grove. The evening departures at 7:30, 9:30, 10:30 and 11:30 p. m. will remain the same. Likewise departures from Forest Grove will be set at 15 minutes past the hour with the exception of 5:45, 6:45, 7:45, 8:45 a. m. and 2:45 p. m. This arrangement will permit arrival in Portland at 10 minutes past the hour and 20 minutes before the hour, and will give city workers opportunity to be at work on the hour or half-hour even though employment may be some distance from the Portland depot. Under the present system we have experienced much difficulty in keeping schedules on time, due to the fact that the Portland depot is congested with arrival and departure of many other buses on the hour, causing our buses to be late getting out and thus delaying them all along the line. The new arrangement will also allow more time on the road for heavy pick-up business or delays by weather or other conditions, and still get workers to town on time. We would like to recommend to you also the regular use of tickets whenever possible, instead of paying the driver cash. Cutting numerous cash fare receipts consumes much of the driver's running time and causes delays which could be eliminated through your co-operation in this respect. We want to keep on time and give you the best possible service. It can be done if we all pull together to eliminate the causes of delay.
BE SURE TO ASK THE DRIVER OR THE AGENT FOR A NEW TIME SCHEDULE, EFFECTIVE JULY 7th.
Respectively,
OREGON MOTOR STAGES
