TERMINAL ICE & COLD STORAGE CO.
FEATURES QUICK FREEZING AND AMPLE
SPACE AT THEIR HILLSBORO PLANT

In Portland at 320 NW Hoyt. Phone BR. 1481. The people of Washington
County will find that the Terminal Ice & Cold Storage Co., can more
than take care of their storage for meat or in fact any thing that they
would care to store at the Hillsboro Plant.

The Terminal Ice and Cold Storage company is the local concern in-
terested in local development and is
more than deserving the support of
the farmers and merchants in this
section of northern Oregon.
Their plant is well equipped for
storage, in as much as it is state in-
spected yearly regarding cleanliness
and sanitation. Everything about
the plant is kept in the best condition
and the manager makes a special ef-
fort to offer a service to the farmers
and merchants that should be ap-
preciated.

Since the opening of their doors to

Oregon Motor Stages
Offers Rapid Transit
And Safe Transportation

In Portland, General Offices at 505
SW Hill Street. Phone BR. 2390
Schedules, Fares, and Information.
At the corner of SW Park and
Yamhill Sts. Phone ATwater 5171

Probably no feature of the ad-
vancement of commercial and social
conditions in this country so clearly
demonstrates actual progress as the
improvements made in transportation
facilities. From the days of the old
stage coach to the modern bus is a
long jump, but America has made it
in a few years and today every pro-
gressive community provides excel-
lent motor bus service.

The Oregon Motor Stages operates
one of the most popular of the bus
lines in the country and has left
nothing undone in their effort to pro-
vide service that is both modern and
satisfactory. They maintain a regular
schedule between points at stated
and regular intervals.

Buses themselves are modern
motor transportation vehicles espe-
cially designed to meet the require-
ments of this company and its pas-
sengers. They are large and roomy;
well ventilated at all times and well
heated. They are equipped to render
your ride a smooth and comfortable
one and the drivers are both careful
and courteous.

There is no more satisfactory means
of transportation than that of the
modern coach type this company con-
ducts where the policy of courtesy
and service is maintained.

The Oregon Motor Stages aids in no
little measure to the progress and ex-
pansion of Portland and the territory
it serves.

Everyone in the vicinity should oc-
casionally take a trip over some part
of the line and see the wonderful de-
velopments and how the territory
they traverse is being built up. Real
estate has become more valuable all
along the line by reason of their ser-
vice.

In this business review we wish to
compliment the Oregon Motor Stages
and suggest to our readers that a
good way to promote the further pro-
gress and expansion of the commu-
nity is to patronize this bus line when-
ever traveling—whether for business
or pleasure.

**WHY OREGON MUTUAL
FIRE INSURANCE CO.
is a Mutual Company!**

—is one answer to the question...

**WHO WRITES OREGON'S
LARGEST FIRE IN-
SURANCE VOLUME?**

WHO receives savings from Oregon Mutual fire protection?
Since its organization in 1894, this company has paid
dividends to policyholders or has made a saving in the
cost of their fire insurance equivalent to 20% - 25%.

WHO owns the Oregon Mutual Fire Insurance Company?
This company is owned by its policyholders. Over 100,
000—composed of individuals, firms and corporations who
own residences, business property, mercantile stocks, auto-
mobiles and other personal property—and there are no
stockholders in Oregon Mutual Fire Insurance Company.

WHY have policyholders of this mutual company been benefited?
Because the Oregon Mutual carefully selects and inspects
all fire risks—thus reducing the fire losses to a minimum.

WHY do over 90% renew their policies?
Because all policyholders receive a non-assessable policy
and own the company. Each has a pro rata interest in its
resources of approximately \$1,500,000.00. These resources
consist mostly of Cash, U. S. Government, State, County,
School District and City Bonds.

Six months and Yearly Comparison Substantiating These Statements

Six Months Comparison	Yearly Comparison
Net Premium, First 6 Months	Insurance in Force Increase 12%
1938 Increase 16%	Resources Increase 15%
Losses, First 6 Months	Net Surplus Increase 15%
1938 Decrease 16%	

In a stock company the stockholders get the dividends and profits. In Oregon
Mutual Fire you, as a policyholder, receive the benefits in savings or dividends.
