Three Brothers Baking Co. Supplies Valley Homes Thru Valley Food Stores

Three Brothers Baking Co. through your own local Independent Grocers only, backs up the practical slogan "Keep Your Dollars at Home". In deciding to have their "Butter Bread," made with Grade A butter only, "Dutch Crunch," "Home Made" and Rye bread bakery goods obtainable only through retail food distributors whose investments, interests are all "At Home," they are doing a service to your community, which should be recognized and appreciated. Profits that go out of the state are never spent in YOUR community.

At the same time in order to deserve preference in their products, it puts an added responsibility on your Baker, as well as on any other local product; that of super-quality. It can't be "just as good." It must be freshest and of absolutely highest quality.

The "Three Brothers" Bakers can absolutely assure you that super-quality. Installation of new thermostatically controlled gas-fired Master bake ovens along with the latest most scientific equipment all along the line, assure accuracy and sanitation. Combine all this with only the highest quality ingredients used; and you will understand the reasons for the ever growing popularity of "Three Brothers" Breads, not forgetting their desire to feel they are playing a part in furthering the best interests of your own community, when they insist on having their bread sold only by your local Independent Food stores, whose every interests are local.

This writer is glad of this opportunity of speaking for the "Three Brothers" Bakers, and believes that their thoughtfulness toward your own community interests should be recognized and appreciated; and that their goods should be given the consideration and preference they deserve. So go to your Independent merchant to day and say: "THREE BROTHERS" Bread.

Star Sales & Brokerage Co. says: "Love Your Dog"

It would be a dog-gone shame if you didn't. And if you did love him it would be a dog-gone shame if you didn't insist on him having the very best of inexpensive food obtainable. Dogs have likes and dislikes, even as you and I; and they sure go after "Mankind" Dog foods. Why? They know what they want, and they like it. The ingredients were worked out and put together by men who were and are dog lovers, and who knew scientifically what was best for them. They combined these ingredients to produce health, strength, happiness, looks and pep, in YOUR dog.

There are a great many dog owners in our valley, who swear by "Mankind" Dog and Cat Foods; and we know you will too. "Mankind" Foods are Oregon products always fresh, and are the only Pacific Coast Dog and Cat foods using meats that have passed rigid Federal inspection.

We suggest you go to your favorite local grocer, hardware or feed-store that features dog and cat foods, and get his opinion. Insist on testing out "Mankind" on the dog YOU love.

The dog will give you the right answer.

The Star Sales & Brokerage Co., 916 SE 7th avenue, in Portland, are wholesale distributors for these fine products.

Dairy Cooperative Ass'n. Serves You Through Your Own Local Food Shops

Service direct from producer to you through your own local community independent grocer or other food stores, Dairy Cooperative Ass'n. Butter and Cheese made from the milk and cream of some 2400 Dairy-men from this and nearby communities who are members of the association, are made available for you daily.

Dairy cooperative Association trucks serve food stores daily, in this territory where members and patrons of the association reside.

"Sweetest" sweet cream butter, "Maid o'Clover" grade A butter and "Golden Harvest" cheese in cans are the dairy products of highest quality, brought to homes in your community through your local independent food stores.

Both the Dairy Cooperatives Ass'n. brands of butter have been popular on the local market for many years. "Golden Harvest" canned cheese is the first American cheese to be successfully packed in cans. The handy container is convenient and preserves the natural healthful properties of cheese. When you demand these brands, you are supporting your own local producers and getting the high quality the Dairy Cooperative Ass'n. assures.

The headquarters of the Dairy Cooperative Ass'n. is at 1313 SE 12th Avenue in Portland.

UNDERHILL SHIRT CO.

Located at 407-8-9-10 Central Bldg., Portland, BE. 7412, have a most efficient shirt factory where they feature the famous "Underhill Shirts."

The Underhill Shirt Company is one of the institutions of the country where the most people know they can learn real economy. This under the direction of the famous shirt manufacturer W. C. Underhill is the headquarters for a full line of shirts for particular people which are offered at reasonable prices. Here you will find a shirt business that has succeeded because of technical knowledge, experience, and good judgment. The patronage from all parts of the United States has steadily increased because they do business on the principle of treating all customers honorably and alike.

Another special feature is the large stock, whatever you may need in the way of shirts they have for you and they are always ready to give you your requirements personal attention.

We are pleased in this edition to direct the special attention of our readers to Underhill Shirt Co. as one of the most distinctive features of the commercial efficiency of this section. We strongly urge our readers to visit Underhill Shirt Co. at their earliest opportunity. 407-8-9-10 Central Bldg., 10th and Alder Street Portland.

Portland Concern Makes Unique Castings for San Francisco Fair

The extent of developing modern castings is a very wonderful feature of present day manufacturing and building.

A visit to the Portland Concrete Pipe & Products Company at 5819 SW Macadam avenue, Portland, verifies the fact very forcefully. When you visit the Oregon State Building at the San Francisco Fair be sure and see the magnificent freize cast by the Portland concern.

It is a striking polychrome coloration depicting wild Oregon grapes, other motifs, cast for decorations of giant refrigerated cases and murals west of Oregon wheat, timber, covered wagon, and seashore. Even the treasure chest overflows with coins of all kinds representing the wealth of Oregon—was cast—as well as the Oregon State seal.

We are apt to think of concrete only as the foundation of a building or as a sidewalk or roadway. Here however is found a special mixture cast into "VIBROTILE" a special tile for building waterproof basements or other walls.

Concrete tile for flue construction and many other purposes and having distinct advantages are also cast, as well as pipe for drainage or sewer use.

The list of concrete usages in cast form is almost innumerable.

Portland Concrete Pipe and Products Company, 5819 SW Macadam avenue also headquarters for permanent concrete SEPTIC TANKS. A visit to this concern is most enjoyable and educational. Mr. Martin, manager, will be pleased to show their display of concrete products and plaster castings. For further information call ATwater 4921, Portland.

Building Demands Of the 20th Century

Due to the demands of Mr. and Mrs. Public for a safer and more economical home the United States Gypsum Co., one of the largest manufacturers of building products have placed on the market their nationally known line of fire and water-proof siding and roofing at a price competitive to all other known building products.

It is now possible for all home owners to avail themselves of these advantages thru one of Portland's finer leaders in that line, the Pacific Siding and Roofing Co., 8101 NE Glisan street.

Mr. Sydney (Syd) Kidman an enterprising and well known business man of Portland, Oregon, has available all the products of the U. S. G. Co. at the above address and has instituted a free appraisal plan to the public in the matter of fire and weather proofing and insulating the home.

Mr. Kidman assures the public of fair honest dealings and under his financing plan, and in conjunction with the FHA payment plan, safety improvements of this nature may be installed at a very low cost and paid for on small monthly installments that fit your budget or pocket book.

The superiority of the U. S. G. products over others of like make, are indeed a marked feature. The asbestos siding being so closely grained to a natural wood grain, that one marvels at the similarity. The colors of white and light grey are of the most lasting and true blend, completely cured and inspected before leaving the factory.

The home owners of this district are indeed fortunate in having such a well known product available and at such easy prices.

Mr. Kidman, extends his services and those of the Pacific Siding and Roofing Co. to the public in general and is only too happy to make a free estimate of your home and advise you as to the good merits of U. S. G. products. These services are available by mailing your name and address to the Pacific Siding and Roofing Co., 8101 NE Glisan Street, Portland, Oregon or by telephoning TA. 6611.

Line of Church Supplies Available in Portland

Spacious new quarters have just been taken over by

The BETTER BOOK & BIBLE HOUSE

in the Scott Bldg.

at 420 SW Washington

Two years ago this firm entered the local field of church supplies with a one room office in the Swetland Building and the response has been so encouraging that the manager Rev. K. L. Eichenberger has taken this step

A complete line of church and Sunday School supplies as well as religious books and Bibles are carried in stock at all times.

Dr. Chas. H. Klock Chiropractic Physician Serves Many Valley People

While human aches and pains are unpleasant, to say the least the worst part of it, is that they generally rob the person of vitality, to continue their work with best results, which generally means loss in dollars earned.

Often the patient thinks he is afflicted with a serious condition; while a simple diagnosis and the services of an experienced Chiropractic physician could clear up that condition quickly and bring the patient back to normal happy life and earning power.

By the same token a condition that the patient might think was only temporarily and trifling, might be just the warning of something more serious. Why take chances, either way? Consult a reliable Chiropractic Physician and play safe.

In this profession, an outstanding man is Dr. Charles H. Klock, whose offices are in the Pittcock Block, 10th and Washington, in Portland. Many years of helpful, appreciated service to Valley residents, have placed Dr. Klock in high regard here; and we unhesitatingly give our endorsement of his services to our readers.

Meyers Pumps and Water Systems Popular in Valley

One of the firms who have rendered a very distinctive service to the people of the valley is "Mitchell, Lewis & Staver of 130 E. Morrison St., Portland distributors of farm equipment and heavy hardware.

Our rural readers are always interested in water pumps and water systems and we are pleased to recommend one of the best systems on the market. This is the Meyers pumps and water systems, distributed by Mitchell, Lewis & Staver. This organization has been serving the people of our Valley for many years, and the Meyers pumps are well known throughout the district. These pumps are absolutely reliable and can be depended upon to last for years without repairs or other than casual attention.

Mr. Munsell, the manager of Mitchell, Lewis & Staver has an experience and reputation of many years standing in our communities. He has made thousands of friends not only through his business dealings but also thru his civic activities. He is always willing to lend his assistance to any project that promises to benefit our local communities. Mitchell, Lewis & Staver are thoroughly deserving of the support of the people of this district.

The Meyers pumps excel in performance, and the employees of Mitchell, Lewis & Staver will gladly assist you. We urge our readers to consider Meyers Pumps and Water Systems and Mitchell, Lewis & Staver when considering purchase of this type of equipment. Their showrooms are at 130 E. Morrison, in Portland, and their telephone number is EAst 4191.

Union Floor Company "New Floors for Old"

If a new or old home needs modern Hardwood Flooring the owner some times loses sight of the fact that there are many angles to consider, in choosing this Flooring Service firm to do the work. It means much more than just the job of laying the floor.

Let us tell you how Mr. Washburn, head of the Union Floor Co. 3446 NE Broadway, in Portland looks at the job. First it comes to the question of dependable flooring materials. The Union Floor Co. is not merely a floor laying service firm. They have one of the largest and most modern warehouses for properly protecting and conditioning hardwood flooring materials in the Northwest, with a most complete stock of materials, which they deliver direct.

This warehouse was designed and built with the single purpose in mind, to keep kiln dried Oak Flooring in proper condition and at right temperature. That means that when the flooring is laid, it is not later subject to drying out, shrinking opening up seams, or warping.

That's why Union Floor Co. Service is so dependable. Then, too, they feel that if they are given the job of both supplying the materials and laying the floors, their responsibility is greater. And by the same token, knowing that their product used is well seasoned and the best, they know there can never be anything but highest satisfaction on the part of the home owner, in the workmanship and lasting qualities of the floor itself.

For over 10 years the Union Floor Co. has held to these principles, and the hundreds of satisfied customers, many of them your Tualatin Valley neighbors attest to their high regard in which this firm's services is held.

This writer takes keen pleasure in recommending a firm of the high type of the Union Floor Co. who will be glad to advise and plan with you, a modern, dependable flooring service. They are located at 3446 NE Broadway in Portland, and their telephone is GAfield 1291.

Westmore Brand Bedding Unexcelled

Bedding Laws controlling material used in the manufacturing of bedding upholstered furniture, comforters and pillows, are now in force in many States, including Oregon. Under the Oregon State Board of Health it is the duty of the Bedding Inspection Division to inspect factories and retail stores and take samples of filling materials for analysis. It is necessary for manufacturers of such articles to purchase from the State Board of Health a white label by which the manufacturer guarantees the materials used in the article to be new. If second-hand material is used, a yellow label must be attached to the article, signifying that the contents have been properly sterilized before being re-used.

When one considers the vast volume of business transacted daily in the re-making of mattresses, and particularly of the making over of old "felt" mattresses into the modern "spring-filled" type, some idea can be gathered of the possibility of old, germ-laden disease-breeding, and sometimes filthy cotton felt, finding its way into mattresses bearing a "guaranteed-all-new-material" white label.

Of course, the consumer's safeguard is in the integrity of the manufacturer. Reputable manufacturers do not use second-hand materials even when sterilized, and many bedding manufacturers today refuse to do any re-make work, thereby eliminating the possibility of having second-hand materials in their factories.

The Kimpton-Weston Mattress Co. of Portland makers of Westmore Brand Mattresses and Box Springs, not only use the finest-quality raw materials in all their products, but have recently installed an ultraviolet-ray process for the vitalizing of all cotton and cotton linter felt used in their mattresses box springs, bed davenports, etc. This company does not remake old mattresses, and its products are recognized as standards of quality and purity. Your favorite dealer has Westmore Brand bedding or can get it for you. You pay no more for Westmore.

To High School Grads! Demand is GOOD, For Business School Grads

Business men with whom we have talked in recent weeks have expressed the opinion that there are many openings to be found for lucrative positions for young women with Secretarial training. This leads us to the conclusion that it is in order for us to recommend one of these schools to our readers; and after making investigation, we are enabled to recommend one which we believe meets every requirement.

The Decker Business College, 2150 SE Hawthorne, in Portland, is the one institution which in our opinion is qualified to offer courses in business and secretarial work. This school is beyond the average in the careful preparation given each student. Individual attention assures each one that her course is complete; and no student is ever graduated, until she has thoroughly mastered every detail of the course.

The Decker Business College has acquired a reputation which is the envy of other schools. The Business men of Portland recognize this college as outstanding in the careful training given its students; and as a result, those graduates have little difficulty in securing a desirable position. You can phone them now, for details regarding their summer course by calling EA. 4324; or writing them at school. And you might remind them that your editor gave you this timely tip.
