LET US HAVE MORE FACTS

An investigation committee of Congress has pretty well discredited the Workers Alliance, which, as a union of WPA workers, has been the most active of all the groups pressuring for more government relief spending. The investigators finally got admission from witnesses that many officials of the Alliance are members of the Communist Party.

It was before this group that an administration official last fall asked that they "keep their friends in power."

Of course exposure of this organization is interesting and important but it raises an even more important point. It is simply this:

Nobody knows apparently, just how much money is needed for government relief. WPA officials have no means of making accurate checks of relief needs nor has Congress. In the past several years, therefore, it has been the Workers Alliance which has claimed to know more about the needs than anybody else. This has enabled them to demand any fantastic amounts that spring to their minds, and nobody in the WPA has come forth to challenge the figures.

So while the Congressional Committee is investigating the WPA subject, it might be well to inquire how the Workers Alliance arrives at its figures. Isn't it possible that these figures might be discredited also?

Nendel's Chicken Dinner Inn Most Popular Place in Town

There is something about Nendel's Chicken Dinner Inn, out on SW Canyon Road, that sets it apart from other eating places. As we said, it is a most popular place. Maybe that's one reason we like to go there. And there must be some good reason—we believe there are many—why this place is so popular.

The extreme care and thought that goes into everything; the good home cooking, the serving, the generally friendly surroundings, sure bring you back, again.

Here good food is combined with moderate prices. It is temptingly prepared in a most sanitary daylight kitchen; and, with all the popularity of Nendel's Chicken Dinner Inn; their prices have still been held extremely moderate.

We get a real pleasure in talking to you about this place, as we eat there often, and know you will appreciate the food, service and surroundings as much as we do. Just to meet and talk with Mrs. Nendel, makes you feel at home and helps you to understand the meaning of the words "friendly understanding service." It is an ideal place for parties and banquets; and we suggest you phone Mrs. Nendel for reservations, for your next party. The phone number is BR 0313.

Means of Transportation And the Proper Equipment Vital to Our Valley People

We believe that there is nothing more important in the business affairs of the farmer in the Tualatin Valley and to nearly every family in our different communities, than quick, safe, dependable transportation.

For that reason the matter of auto parts, supplies and accessories are equally important. The next question in the mind of the buyer is: "What firm or store is best equipped in complete dependable stock of such merchandise, in quick service and handy to reach quickly, when I come to town in a hurry-up trip? And whose services and prices are the best?"

Your editor knowing both the needs of the Valley people and being equally informed on the comparative type of service rendered by different firms dealing in auto supplies and parts; can, he believes, answer your inquiry, as to at least one firm he knows is dependable.

The Coast Auto Supply Co., 210 NW Broadway in Portland, is on the West side and within easy reach, if you are in a hurry. Their dealings with the public are dependable; and they have hundreds of friends and satisfied customers throughout the Tualatin Valley that would not think of going elsewhere for their auto supply needs.

They are a local concern whose every interest is wrapped up in your local communities and its problems; and the money they earn is kept right here and circulated. Knowing the proprietor, Mr. Manuel Nepom, personally, as we do, we take pleasure in recommending the Coast Auto Supply Co. to you, for dependable service and supplies. Their phone is BR. 6334.

Mr. Nepom expressed a thought to us that not only shows his knowledge of the problems of the rural car and truck owner, but makes a practical suggestion. He points out that his firm can take an old car and make it look like 1939; by your spending of only a few dollars for a luggage trunk wheel discs, wind wings, or late type bumper at exchange prices. For farm trucks there are trailer wheels, road flares and truck reflectors any color.

L. L. Adcox Trade School Offers Real Future to Rural High School Grads

The young man about to graduate may feel he is facing a blank wall as to his future; where he should look at it as an open door to opportunity. What should he do? Should he loaf and wait for something to turn up? Should he help on the farm? Should he try for any job in town he can get? On should he take advantage of the opportunity to spend the summer in training for a REAL job, with good steady earnings, in work he really likes to do? The L. L. Adcox Trade Schools, 237 NE Broadway, in Portland phone TR 4774, train men so that they are able to take positions requiring specialized instruction; and to demand the salaries that go with such positions. This fine school has assisted any number of young men in the Tualatin Valley to better positions in life by training them along lines of their own choosing, and placing them in responsible positions.

The Adcox School teach Electric and Diesel Engineering and vocations of all kinds. No amount of effort is spared by the faculty of this fine school, to see that each student receives the individual instruction, which is so necessary to the complete mastery of a technical course. And this story would not be complete without the statement that each member of the faculty is a master of his own particular course, and has the ability to impart that knowledge to the beginner.

Your editor does not hesitate to make the highest recommendation of the Adcox Schools to our readers, and suggest they make inquiry as to the many advantages of attendance at this institution.

Mr. Galvin informs us that a complete 48 page catalog will be gladly mailed to you on request. We suggest you write them at once.

Memorial Day Brings Proof Affection Goes On and On

As our great Memorial Day comes to its annual remembrance, and we again dedicate our thoughts to those whom we have always cherished; we also recognize the loving thought that prompts us in the placing of enduring memorials over the graves of loved ones; which is a lasting tribute of love and esteem which goes on as long as granite lasts. It is one of Life's greatest assurances of living affection.

For many years the Schanen Marble works 6340 SW Macadam Ave. in Portland have served the people of the Tualatin Valley and the entire Northwest, in providing monuments and markers, memorials over the graves of loved ones, to perpetuate that love and happy memories.

They have performed a timely, sympathetic, intelligent service for an untold number of families throughout our valley; and the regard in which this firm is held, is of the highest. Their services are made to fit your suggestions, requirements, with lowest possible prices and terms.

If your family is considering a memorial to a loved one, we gladly suggest you get in touch with the Schanen Marble Works 6340 Macadam Ave., in Portland or phone AT. 0711.

Zuber Concrete Const. Co. Does Many Better Class Jobs on Valley Homes

In Portland, at 1635 SE 11th Ave., is a contractor who is aiding and stands ready to assist in the operations of the coming seasons. He is a cement contractor of wide experience and excellent reputation for quality work. If you are contemplating any construction program this season phone LA. 1614 or LA. 1767 for consultation.

Fred Zuber is a well known contractor with a reputation for the kind of concrete work that is built to last and give service. Consequently his services are in great demand, by those who consider quality work and service FIRST, ahead of the question of first cost.

It is a pleasure for us to point to this man as head of one of the leading service firms of Portland; and to say he has always been eminently fair and honest; and has thus won a reputation for having and heading the leading concern in his type of service.

All articles in this issue on business firms are paid advertisements.

AN EYE ON THE FUTURE

This man, recovering from tuberculosis, is learning to be a draftsman so that after his discharge from the sanatorium he can take his place as a wage-earner in his community. Rehabilitation is an important part of treatment given in many sanatoria.

Earnings Depend on Physical Conditions, and they Greatly Depend on Condition of Your Eyes

In conversation recently with Dr. Arthur F. Durbin, one of Portland's leading optometrists, located in the Morgan Building, Broadway at Washington in Portland; we had this thought brought to our attention, in a way that is convincing.

Pointing out that eye strain, thru putting off the use of glasses, of lenses that have outlived their usefulness due to changing conditions of the eyes or of improperly fitted lenses; often affect the physical nervous system; the good Doctor says:

"It may cause headaches, and throw the entire normal vitality of the body out of tune; causing a generally run-down condition that might develop into something more serious and prove even more costly than lost earning power."

These statements may possibly give you food for thought, and if you think it is worth while playing safe; why not let Dr. Durbin give you eyes a thorough examination without cost or obligation to you? If your present glasses do not seem to be right, let him help you.

Dr. Durbin made hundreds of friends throughout the Tualatin Valley, through his expert services, while in charge of the optical department of Meier & Frank; and since establishing his own offices in suite 306 in the Morgan Building; has made many additional friends among us.

We can conscientiously recommend the services of Dr. Durbin; and suggest you drop into his offices when in town and talk it over with him, regarding your eyes. If you would prefer to make an appointment, phone BE. 7982.

Every Purchase Counts

Advertisers are glad to know even of the smallest purchase that comes in response to their advertising. Every purchase counts in helping the advertiser realize the value of his advertising investment.

Farmers are all Laborers So are Truckers & Drivers Cooperation Means Progress

While we point with pride to Progress, whether it be individually, as a community, or as a group; we must understand that Progress is only possible through understanding and cooperation. We must know all we can of the community's problems and needs. The same is true of every problem, individually or collectively.

The problem of the Farmer must be known and understood by the man in town whom he does business with, whose problems are similar or interwoven. The employers must know, and so must the employee, of the problems, needs, rights and viewpoints of each other. So must labor and industry.

One group of labor must know the problems of another in labor whose problems are similar. And Progress comes there too only thru understanding and cooperation.

In a recent serious talk with Mr. Brady, executive head of the Joint Council of Drivers, local 37, Mr. Brady stated: "Our organizations thru-out the state realize the seriousness that confronts the Farmers and others in the great Tualatin Valley and elsewhere. These problems are the same that confront our organizations the personnel of our Trucking organizations and all labor."

"We wish to recognize the problems that confront the Farmer's Grange; and in all honesty and seriousness, express our desire to cooperate fully fairly and in a constructive way with them; realizing that we both gain through that greater understanding and cooperation. It is unfortunate that occasional one-sided comment through some influential newspapers often give a wrong understanding and opinion of the views and problems of one group toward another group; an erroneous impression, that they are at odds in their desire to understand and cooperate."

"We wish to emphasize that our organizations DO recognize the other fellows problems as our own; and that their prosperity is our prosperity. So it is only common sense to get together in a friendly, constructive way, and work together."

Wholesale & Retail Millinery Satisfies Everyone

When a millinery shop is able to satisfy the most exacting demands of all types of women, then it must be acknowledged that it has reached an enviable position in its trade. Such is the case with the Wholesale and Retail Millinery Co., located at 811 SW 5th Avenue Portland. Women of every type have found hats at this establishment to satisfy in every particular. The most exclusive styles can be found here at moderate prices.

Paul and Dave Gold, proprietors, through their 20 years experience have marked their business career by building a reputation for providing individual hats to the most particular of the fair sex.
