If Your Motor Could Talk...
It Would say—

BE A REAL PAL AND GET
ME HANCOCK... THE
GASOLINE WITH AUTHORITY!

No foolin', the "weak-sister" gasoline you have been feeding me "gets me down." I just can't "do my stuff" with it.

Put me on a steady diet of HANCOCK and I'll show you what I can really do. You'll notice the improvement in my all 'round conduct...and how much better you'll enjoy the trips we take, whether just around the corner or "over the hills to far away."

You see, HANCOCK is the result of nearly two decades of scientific study, research and experiment. HANCOCK has refined hundreds of millions of gallons of gasoline in its gigantic refinery, and believe me, we motors appreciate the authority that is in HANCOCK.

How about it, Pal? Give us both a treat. Let's start NOW to enjoy the authority of...
