An important measure now has been passed by the House and sent to the Senate—the Smith bill amending the Wagner Act. Two-thirds of the House members voted for it.

The bill has been pending for months. Its passage has been demanded by many groups, including not only manufacturers who want industrial peace so they may turn out national defense equipment but also the American Federation of Labor. Poils of public opinion have for a long time indicated a similar desire.

Thus even though this small group of Senate obstructionists might not like the bill which the House passed, they are aware of the general desire for amendments to the Wagner Act. They have had ample time to prepare amendments which would have been agreeable to themselves.

Instead, it is pointed out by the defense-conscious legislators they have just at light and done nothing. Now, with leaders aiming toward adjournment this month the obstructionists still intend to do nothing.

The other solons, like many an average citizen, know the troubles which have occurred in numerous industries as a result of maladministration of the Wagner Act. They realize, too, that if the Wagner Act and Labor Board continue in the future as they have in the past, they will provide a fertile field for foreign agents and saboteurs to tie up essential national defense industries.

Apparently the only thing that could move these obstructionists would be a flood of mail from back home demanding action on these two bills. The time is short for that.

BARBWIRE BILL

Arm for Mad Dogs

Hello Folks: I ain't a wantin' our boys to fight on any foreign soil, but the Bible says, "They that take the sword shall perish by the sword." I want the bunch who have taken the sword to perish by the sword when they turn over here after us. Lets turn our auto factories into plane plants! Lets hatch our machine guns half as fast as our ole hens hatch out chicks! Lets build a fightin' army as big as our salaried political army and we can shoot every devil in the hole world! Lets build battalions as fast as we have been buildin' postoffices! Lets build as many anti air craft guns as we have lunatics! Build as many submarines as we have convicts in our Pans! Turn out as many gas bombs as we have polecats! Build as many caterpillar fightin' tanks as we have mother-in-laws.

BILL

A state picnic will be held on Sunday, June 30th, 1940, at Jantzen Beach in Portland for Nebraskans, and a cordial invitation is extended to all Nebraskans by the Nebraska Quarter Club of Portland to attend. Headquarters being 428 SE 43rd Avenue.

Admission to the Beach grounds will be free and tickets can be obtained at the west gate from members of the committee.

A good program of entertainment is being arranged and a series of 4 N Events with awards to the winners. Bring your well filled baskets and renew your acquaintance with old Cornhusker friends and neighbors.

Coffee, cream and sugar will be provided free.

SAME OLD "CURE"

OH, YEAH? I'VE TAKEN THAT DOPE FOR OVER SEVEN YEARS AND I'M AS BIG AS EVER.

—William Wordsworth

Okanagan Valley Is Garden of Canada

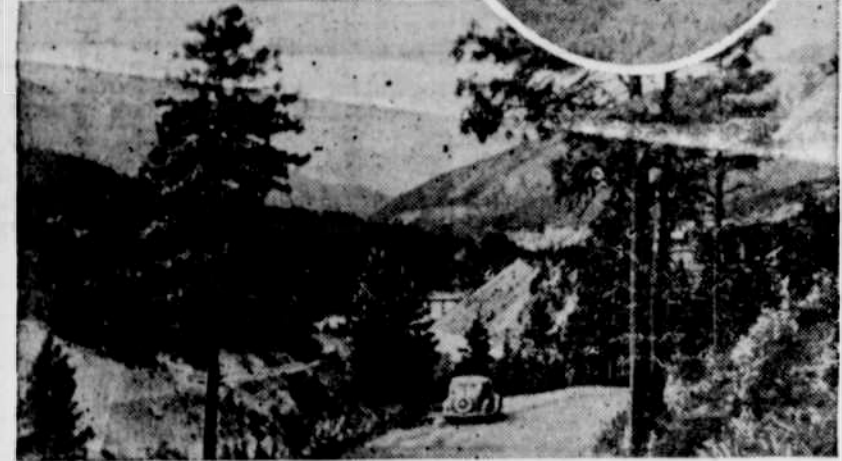

FOR eighty miles Okanagan Lake splits the floor of the Okanagan Valley in the heart of Southern British Columbia. This valley is the Garden of Canada, and through it winds one of the most scenic highways in the Dominion. In the Okanagan orchards, mountain and lake combine to provide the perfect picture and the perfect motor tour.

In the heart of the southern interior of British Columbia, Canada, is the Okanagan Valley, the basin of lovely Okanagan Lake. Brilliant with sunshine, glowing with the warm tints of golden sands and carefully tended orchards, the Valley is a veritable "Garden of the Lord," and scenic beyond description.

Pleasant little cities are ideally situated on the margin of the lake which winds for eighty miles between its flanking hills and provides marvellous vistas from every mile of the fine highway.

There is a choice of routes. Entrance may be from Vancouver, Canada's fascinating gateway to the Orient, through the spectacular gorge of the Fraser Canyon to Kamloops and Salmon Arm with its entrancing views of Shuswap Lake; or through Oroville, Washington,

to the International Boundary, and thence to Penticton at the foot of Okanagan Lake. The country is well populated and good accommodation throughout the area is plentiful. The fact of Canada's being at war imposes positively no restrictions on travel from the United States, and visitors pass in and out as freely as ever.

KINTON

The Kinton Grange will hold their regular meeting on Tuesday night July 2.

Mrs. Leland Flint returned home from a trip through California with her brother and family, Mr. and Mrs. George Snider Jr. and son Harold. The Sniders left for their home at Lone on Monday.

A short Childrens Day program was given at the Kinton Evangelical church Sunday morning. A collection for foreign missions was taken amounting to \$5.40.

Mr. and Mrs. Everett Wright, Ruth and Patricia Wright went to Corvallis Sunday to visit friends and get their son William, who has been attending 4-H summer school.

Youngberry picking started the end of last week and is in full swing this week with a large crew from this community in the fields.

T. C. Hawley returned home from Detroit late last Tuesday evening much to everyone's surprise as he wasn't expected home until the last of the week.

Mr. and Mrs. George Snider Sr. and son Everett Snider, Mr. and Mrs. Ed. Jenkins and daughter Virginia, and Sharen Salens of this community, and Mr. and Mrs. A. Jackson of Portland and Mr. and Mrs. W. Jackson of Mulloy went to Silver Creek Falls Park Sunday for a picnic.

Daniel Waibel of Sheridan is visiting his sister Mrs. Albert Dallman. He plans to spend most of the summer with her.

Mr. and Mrs. Donald Fillmore and Miss Hazel Thompson of Elma, Wash., are staying at the Robert Harrises and picking berries at the Wilson field.

Mrs. Ruby McCluey and daughters Marian, Maxine, and Elaine McCluey and Miss Barbara Moore of Hillsboro, are camped at the Wedeking berry field.

TRANQUILITY

What sweet delight a quiet life affords.—Drummond.

To preserve a long course of years still and uniform, amid the uniform darkness of the storm and cloud and tempest, requires strength from above,—deep draughts from the fount of divine Love.—Mary Baker Eddy.

I have often said that all the misfortunes of men spring from their not knowing how to live quietly at home, in their own rooms.—Pascal.

The heart that is to be filled to the brim with holy joy must be held still.—Bowen.

And the work of righteousness shall be peace; and the effect of righteousness quietness and assurance for ever.—Old Testament: Isaiah 32:17. Serene will be our days and bright, And happy will our nature be, When love is an unerring light, An joy its own security.

—William Wordsworth

Protective Foods

A research made by the National Dairy council shows that three billion dollars are lost in money and time annually in the United States because of a million and a half daily colds and related diseases during the winter. Rather a staggering sum! Good nutrition of the body as a whole, as well as excellent general physical condition, combat infection, report physicians and nutritionists.

WHITFORD

Mr. and Mrs. H. H. Hansen and children of Cathlamet are here for the summer. Mr. Hansen is looking up jobs for his baler and threshing machine.

Mr. and Mrs. E. G. Doyle entertained relatives from Roseburg over the week end.

Mr. and Mrs. Ben Gemereque visited Friday evening with C. B. Gardner.

A group of Odd Fellows and Rebekah members of Tigard lodge were entertained with a pot luck dinner Saturday evening at the home of Mr. and Mrs. E. G. Perkins.

Two young men who are students of the Eugene Bible school visited the Whitford School Sunday.

Mr. Schlott attended the labor convention at Klamath Falls during the week.

Richard Wallace of Multnomah, preached the sermon Sunday evening at Whitford church. His brother Russell Wallace, also of Multnomah sang two pleasing solos. He was accompanied by Miss Charlott Croft of Portland, who rendered an instrumental selection. There were thirty present.

Friends of C. B. Gardner took him to Salem Sunday where he met a group of old friends, a number of whom he had not seen for years. They were served to a turkey dinner at the home of one of their number. A couple eighty and eighty one, were there from Minnesota.

Miss Eleanor Gill of the Health Department, was a guest over the week end at the home of Mr. and Mrs. R. E. Denny. Miss Gill will begin a year or more as supervisor of health department in the school at Bozeman, Montana.

CHRISTIAN SCIENCE CHURCH

"Christian Science" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 30.

The Golden Text is "The prophecy came not in old time by the will of man; but holy men of God spake as they were moved by the Holy Ghost" (II Pet. 1:21).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The kingdom of God cometh not with observation. Neither shall they say, Lo here! or lo there! for, behold, the kingdom of God is within you" (Luke 17:20-21).

The Lesson-Sermon also includes the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The kingdom of God 'is within you.'—is within reach of man's consciousness here and the spiritual idea reveals it. In divine Science, man possesses this recognition of harmony consciously in proportion to his understanding of God" (p. 576).

Babson Says---

Continued from Page 1

he referred to the vast productive capacity of American industry. But Nazi listeners heard our President go on to express the hope that we could do two things at the same time: First push our defense plans; second keep the "super-luxurious." By "super-luxuries" I refer to hour and wage benefits old age pensions farm bounties indiscriminate relief, and other sops and paps. Such hopes are reminiscent of the blasted ideas once entertained in Allied nations.

Riding Two Horses

Yes, when German ears were tuned to that fireside talk, my guess is that German mouths began to grin and German eyes to glitter. Full well it is known by realists that the desire for both New Deals and new defenses was what cracked the preparedness programs of other victims. They tried to provide themselves with both guns and gadgetry. The same fateful blunder may yet imperil America, if we are unwilling to choose between national protection and economic pampering. The years 1940 and 1941 may be decisive to American defense as the years 1938 and 1939 were to Allied defense. Are we to re-enact the tragic futilities of Europe,

You can help yourself and your country by thinking and acting upon these fundamental facts than you can by hanging morbidly over your radio and listening to nothing but war "news." Certainly, our retail sales, industrial production, employment, buying power, and defense preparations are not helped by this 1940 craze for broadcast brooding. Vast events such as are now occurring in Europe and Asia may affect America in two ways: (1) We can feel the chill of blind panic, selfish forebodings, and childish terror of losing our luxuries, or (2) we may "take it" with the thrill of sacrifice, self-denial, and the courage and character to save America first.

Writing History

Tell me how the majority of the population will react to these spiritual alternatives, and I will forecast the effects upon our economic life of the historic events now unfolding. I ask that we be realistic, cut out by poeetry, and realize what honest defense really requires. The truth I preach may not be popular, but someone must summon the courage and candor to bring home these facts to our people. Time is running out. We cannot afford further to straddle and dodge. The choice which we can no longer evade may decide the future of America. It will write history not only "in our time", but generations still to come.
