Special Offer Made For Book On War Prophecy

Your attention is called to an advertisement in this weeks issue concerning the book World War No. 2 in prophecy which is coming off the press this week. This book has been mentioned before in this paper as being written by Gordon Lindsay, formerly a student of Beaverton High School.

This is the second book of a series being published by Mr. Lindsay under the general title The Blue Prints of God. This latest book is written in rather a popular style and contains thirty graphs or charts illustrating the text, thus giving the reader a clearer understanding of the development of the affairs of the day and the future. These books are attracting attention over the whole world as is evidenced by orders recently received from Auckland, New Zealand and from many points in the United States and Canada. The author is leaving soon to give a series of public addresses in the Northwest and is open for engagements at the present time. Arrangements may be made through the Anglo-Saxon Federation Headquarters, 501 Gordon Bldg., Portland, Oregon.
