Kirkpatrick Laboratories Serve Valley Farmers Well

In our 1940 Review, one man in particular who in the opinion of the writer, deserves prominent mention, is none other than Mr. Kirkpatrick, of the Kirkpatrick Laboratories, Inc., maker of body cell salts and "Acqua-min" for Dairymen. The laboratories are located in the Panama Bldg., 534 S. W. 3rd Ave., in Portland.

Every successful business in America—that have endured and prospered year after year,—started from small beginning—but was inspired by an ideal. That ideal, on the part of the Kirkpatrick Laboratories, Inc., has always included a self imposed obligation to keep faith with the public, by maintaining quality and service the year around, regardless of conditions.

In making this review of the progress of The Tualatin Valley, we are glad to call our reader's attention to the advantage of the location of The Kirkpatrick Laboratories as being right in Portland; the freshness and high quality of their products; and the commanding position they occupy. For the convenience of farmer and dairymen we hereby list their phone number. It is AT. 1079.
