## OREGON NEWSPAPER PUBLISHERS ASSOCIATION

### AMERICANISM

Americanism is love of country, loyalty to its institutions and ideals, eagerness to defend it against all enemies, undivided allegiance to the flag, and a desire to secure the blessings of liberty to ourselves and posterity.

### Wheels for All

We used to think the bicycle was disappearing, along with the horse and buggy. Seldom did you see anyone except the very young riding a bicycle, as of yore. Today we think nothing of seeing folks on bicycles, and perhaps if we could keep our balance we might join them! It is a wide move, this one of pedal and coast. It is a healthy move too, for what better exercise than this for a muscular work out. Last year there were about 1,500,000 bicycles sold in this country. That is nearly 250,000 more than were sold at the beginning of the century when the "bic" was king. Our reason for quoting these figures is to show how necessary it is for more caution when traveling by auto or by cycle. It is a traffic problem which calls for every rider and driver to use his head. Wise heads will tell you there is need for care whether the wheels be two or four.

### No Bad Debts

Three chapters for easy reading—CHAPTER ONE—Said Pilate's wife to the Governor, when Jesus was on trial—"Have nothing to do with this just Man for I have suffered many things this day in a dream because of Him." True, women Jesus Christ had no bad debts He was God's just man. Moment by moment He had done His Father's will.

Next speaks Judas Iscariot as he casts to the ground the thirty pieces of silver paid for betraying the Lord. Says Judas—"I have betrayed the innocent blood." Right you are Judas; Jesus was without spot or blemish.

Now hear Pilate, the Governor—I find no fault in Him. Right-O, Pilate. And after searching twenty centuries, neither can His enemies find in Him any fault.

CHAPTER TWO—There on the cross at the end, He bowed His head and delivered up His spirit. None other so died. By an act of His will, Jesus moved out and left His body a shell of clay, hanging there. Now so will it be with us at the end. Whether we are ready or not, God will summon us and we will depart this life. Your life is suspended on God until he calls it hence.

CHAPTER THREE—Christ who knew no sin was born into this world to become sin for us. The wages of sin is death; but Christ never sinned. Then why must He die? It was for love of us that He gave His life. God so loved the world that if you believe on Him you shall not perish but have eternal life. Not head knowledge but heart grip.

THREE—At the hour of the Lord's Supper, you hear—As oft as ye eat this bread and drink this cup, ye do show the Lord's death till He come. One believer was asked what the words meant to him. The man had been in the Lord ten years—I THINK BACK TO THE DAY WHEN I WAS CONVERTED, he said. His mind ran back to the price Christ paid to redeem him. Mrs. Young Mother said—"I take strength from the bread and wine." Mr. William Giver said—"I think on his suffering for me and if I am called on to suffer for Him, so will I do.

When you depart, will it be to meet Christ as your Savior or will you go to meet your sins and Christ as judge.

## Babson Says . . .

Continued from Page 1  
They should all, including the strikes and shutdowns, be cleared up in short order. The real bottleneck is our spiritual attitude.

There is too much of a tendency to believe that should Hitler defeat England that the affairs of our own country would remain relatively unchanged. Isolationists believe that instead of our trading with London, our relationships would simply be transferred to Berlin. Unfortunately, the problem is not easily solved. Should Hitler gain and remain in control of Great Britain, the Northern Countries, the Continent of Europe, Africa, and of the middle East, we would become a second-rate power and be dependent upon him,—invasion or no invasion.

**Watch the Politicians**  
As a guide to public opinion, the way our Senators and Representatives vote is worth considerable consideration. Senator La Follette is very close to the President, yet he strongly opposed him when the Lease-Lend Bill came up. The Senator knew that the majority of his constituents were not in favor of the passage of this legislation. Not alone in Wisconsin, but in Minnesota, Illinois, and Iowa, the people were generally opposed to this bill. This does not mean that the Middle West is in love with Hitler's form of government. Rather, it is either concerned over the proper way to defend this country and uncertain as to the step to take,—or else it lacks courage and a willingness to sacrifice for the common good.

Except for a few die-hard isolationists, our representatives in Washington are alive to our unpreparedness and to the necessity of aiding Britain and her Allies. Yet, they are put into office to represent and interpret the wishes of our electors. Hence, the position they take upon matters of national policy constitutes a good barometer of sectional belief and public opinion. My advice to the members of Congress, however, is to get back home more often and personally tell the voters "what's what."

**Unite and Serve**  
Only a little more than a year ago Hitler struck at Norway. His progress to date is spreading disaster is shocking in its threat to the American way of life. Perhaps for us to realize this menace and the necessity for cooperative thinking and action, the sinking of one of our own warships will be necessary. Whatever this might hold for us and for our good neighbor, Canada, we will, as individuals, rise or fall together.

We talk of our ideals and beliefs, yet shut our eyes and plug up our ears to the real sights and sounds of the day. We seem mainly interested in acquiring and spending the newly-found wealth that the defense program is bringing. As a nation, we must wake up. Unfortunately, through lack of individual responsibility, we may be smashed economically if not physically. Our deficiency in spirit may lead to our disintegration. We must all speak up for righteousness, heed the call to sacrifice, and toil to the limits of our capacities whether we be a workman, banker, farmer, or housewife.

## Oregon Motor Stages Coast Service

The Oregon Motor Stages, your favorite blue and white line with the fleet of fine new busses in service on the Wolf Creek Highway route to the beaches beckons you for that week end trip. This service puts Tualatin Valley residents within about three hours ride from Astoria, Gearhart, Seaside, Cannon Beach, Manzanita, Nehalem, Wheeler, Brighton, Manhattan, Rockaway, Garibaldi and Tillamook.

In addition there are trips to the coast by way of McMinnville and valley junctions.

The busses are luxurious affairs seating 29 passengers in reclining, deeply cushioned seats. The motors are mounted in the rear. Air brakes for safety and air conditioning for comfort are part of their equipment. The fleet is known as the "Clipper Buses" and the cars are named after towns enroute.

We feel that a great deal of credit is due the Oregon Motor Stages for the excellent service and frequent schedules they maintain in the Tualatin Valley. From early morning till late at night they see to it that we have frequent, safe, fast and economical transportation. It is this kind of transportation service that has done much to attract residents to our community and so contributed greatly to the tremendous growth in population in the past few years.

## Venetian Blinds Perfect Finish for Windows

Venetian blinds, both wood or metal, any size can be purchased at the Willamette Blind Mfg. Co., E. E. Coulters, Inc., at Beaverton on Walker road, near the N. W. Christian Home for the Aged.

R. D. Wiseman is sales manager, Beaverton 6955, and he will give a free estimate and expert advice on what type and color is the best for the house, office or building.

They have the latest type of machinery and employ several men. The business is growing rapidly.

A great many housewives agree that Venetian blinds can be easily kept clean and free from dust if the blinds are first waxed. In cleaning—the blinds should be closed tight, wiped with a dry cloth and then opened and wiped carefully around the cords; then a cloth dipped in a very mild soap and wrung till perfectly dry, should be used on blind, both open and closed, finishing with a clean dry cloth. Care should be taken to keep the cloth bands on the blinds perfectly dry—or they will shrink.
