

MANY 3-DAY HOLIDAYS ON 1941 CALENDAR

Motorists who have been studying the calendar have happily discovered that there are many three-day holiday trips in sight for 1941. Even plans are being laid for these eventful times. Cars are being prepared for long journeys during these extra vacation periods, because it costs less to prepare than repair.

First, comes Decoration Day, which falls on Friday, May 30, giving many folks the opportunity to get away for Friday, Saturday and Sunday to enjoy good roads and natural beauties at the best time of the year.

Next is Independence Day period, July 4, also falling on Friday and affording opportunity for the enjoyment of Friday, Saturday and Sunday in the open.

Looking farther along on the calendar it is discovered that Labor Day, Monday, September 1, will be the last day of another triple period of happy travel days—a Saturday, Sunday and Monday in which it will be possible to cover a big itinerary and see many interesting sights.

But this is not all. Both the Thanksgiving and Christmas periods will then be in the offing. On these two occasions—both of which happen to fall on Thursday this year—there are thousands who will stretch these holiday periods another day, thus taking in a Thursday, Friday, Saturday and Sunday in each instance.

As a result of these many three and four-day holidays—plus a heavy gain in good-road mileage—it is anticipated that 1941 will be the record-breaking year for automobile travel, even beating the all-time highs of the past two years.

As their contribution toward making this record holiday year a safe and satisfactory one, Mobilgas dealers are now offering to give motorists a fresh start through the many car inspections included in what is known as "Summer-proof" lubrication and check-up, announced last week.

WHITFORD

Beaverton Grange met in regular session Thursday. All officers were there with the exception of Andrew Kennedy, who is visiting his son, L. Kennedy, down on the Columbia. The afternoon session was turned over to Mr. Jerome of the Dairy Co-Operative Association, who showed some very fine pictures of the Co-Op. plant and the many fine looking cows. A great number of these cows are in dairies in Washington county. The Haag Brothers Dairy barn is the finest in the state and was shown quite plainly.

Mrs. Louise Carter is visiting relatives in this community. At present she is at the home of her uncle and aunt, Mr. and Mrs. R. B. Brown in Garden Home. Mrs. Brown has been quite ill. She is improving slowly. Mrs. Carter drove down with some friends from Seattle a week ago and expects to remain a month.

There were twenty-seven at Sunday School. H. A. West delivered the message at church. Next Sunday evening Mr. and Mrs. Irvin, who are at the head of organization of Sunday Schools for this district will give a musical service. They have five musical instruments and will use all of them in this service. It is hoped there will be a crowded church.

Donald Karberg, who formerly delivered bread and pastry for the Colonial Bakery in this community, has accepted a position as secretary in an airplane plant in southern California.

Mrs. I. H. Winget who is still quite ill, is not able to see her friends and is made very nervous by phone calls. Her daughter, Letha, is ill also. Another daughter, Mrs. Rice, whose home is in Vancouver, Wn., is staying with them.

A. C. Tuttle visited at his nut orchard Thursday last. He had not been for several months due to ill health.

Mrs. E. H. Bergin returned Saturday from Los Angeles where she visited her mother and sister. Her brothers from New Mexico were also there. It was the first time the family had been together for many years.

Have you looked over the ads this week? If not do so, they carry a world of news.

Worn Tires Bring Trouble Declare U. S. Technicians

"Have you looked at your tires lately?" "Do they have that tired, winter-worn look? Have they grown a little too bald in spots? If they have, it's advisable to watch out, because traffic figures show that smooth worn tires are the chief causes of fatal motor accidents."

Such is the timely warning that was issued this week by the U. S. tire engineers, as they endorsed the special spring-conditioning, or summer-proofing services now being offered to motorists by the experts in charge of local Mobilgas stations. Continuing, the engineers declared:

"Wise motorists, the ones who value life and limb, don't gamble with the possibilities of blowouts. They don't let faulty tires endanger their lives and the lives of their passengers."

They refuse to be robbed of vacation fun. They don't let skids and blowouts catch them napping.

"Such motorists value the inspection services now rendered by Mobilgas stations, because these inspections may uncover tire faults which should be corrected to insure safe and satisfactory motoring."

Because Springtime is tire-changing time for many motorists, the following information has been supplied to Mobilgas service men by these U. S. technicians, for the benefit of the many who are now thinking in terms of safety:

"In our opinion, after exhaustive tests, the new 'brake-action' tread on

U.S. Royal DeLuxe tires is the greatest advance toward quick, straight-line stops since the invention of four-wheel brakes. And, of course, U. S. exclusive 'Safety Bonding' and 'Tempered Rubber' are other factors developed to insure long, economical mileage, free from blowouts and skidding."

Book Club Tea

About 150 attended the Silver Tea sponsored by the Beaverton Book club for China relief, at the Congregational church on Thursday of last week. Madam Au, wife of the Chinese Consul in Portland was the speaker of the afternoon, and gave a vivid picture of conditions in the present war-torn China. Thirty-seven children from the China Presbyterian Mission, ranging in age from 2 1/2 to 8 years and under the leadership of their teacher Miss Jeanette Phillips, rendered a program of songs and band music which was greatly enjoyed by the assemblage.

Other numbers on the program were songs by the P-T-A Mother Singers, and solos by Mrs. Ethel Britch and Mrs. Nancy Jane McCammon.

Mesdames W. L. Stratton, Henry Dahl, J. B. Stokes and B. E. Randall, poured. The sum of \$32.50 was raised. This amounts to about \$600 in Chinese money. The ladies of the Book club wish to thank all the organizers, the local merchants and individuals who so generously helped in making a success of the undertaking.

GEMS OF THOUGHT SERVICE

WISDOM
Wisdom is the principal thing; therefore get wisdom; and with all thy getting get understanding.—Proverbs 4:7.

Men give counsel; but they give not the wisdom to profit by it. To ask wisdom of God, is the beginning of wisdom.—Mary Baker Eddy.

Wisdom is oftentimes never when we stoop. Than when we soar.—Wordsworth.
