Which "BIG bunch" of beets do you get?
This is a picture of three people's ideas of a
"big" bunch of beets.
So the question is, which size bunch do
you get?
Now Safeway has a suggestion. Bunch sizes
vary—but a pound doesn't change. A pound
is the same amount of beets in any store.
The same amount every day in the week.
Why don't you buy your beets by the pound?
Your Safeway now sells beets this FULL-
VALUE way—by the pound! You pick out
just the size of beets and you pay only for
what you get by weight.
There are many advantages in buying any
kind of fruit or vegetable by weight. And at
Safeway every fruit and vegetable item
is now priced this way.
