going on. Armies, navies, highways, postal service, etc. all started as private enterprises. This process will doubtless be speeded up to include armament factories, public utilities, railroads, milk distribution, bread bakeries, and certain of the great producers of raw materials.

Keep Your Investments Up-to-date

Here is what the pessimists overlook: For every old industry any government has taken over, two new industries have sprung up in its place. This, moreover, applies to Russia and Germany as well as to the United States and Canada. Initiative, enterprise, and invention grow best in a free soil apart from government ownership or management.

As long as the English race is in economic competition with Europeans or Asiatics, you may be sure that private enterprise will be encouraged in the United States and Canada. This means that businessmen and investors who keep ahead of the procession have nothing to fear from the New Deal. Those who recognize that the only thing really "permanent" is change and who wisely shift their investments accordingly, should continue to prosper.

What After the War?

Most readers are asking what will happen after World War II. Will there be a great business slump? Will revolutions follow? The current low market prices are due—not to present conditions—but to fear of what will happen a few years hence.

Of course, one should know how long the War is to last before answering these questions. The after-effects of a long war would be more serious than if it should end in the Winter of 1942-3. But, the real answer depends upon what extent employers, wage-workers, and investors are willing to adapt themselves voluntarily to the changed conditions. The stagecoach owners and drivers of 100 years ago who fought the railroads, went broke; but those who sold out and re-invested in railroad securities became very prosperous.

Some Illustrations

This is one reason why I prefer the chemical companies rather than the "steels"; prefer the motor coach companies rather than the "rails"; and prefer the peace stocks rather than the "war-babies". I prefer to have the bonds of some almost unknown little town run by good people than the popular bonds of great cities which are run by grafters.

Recognize CHANGE, insist upon GROWTH, and align yourself with active people of CHARACTER and you have nothing to fear. The world is constantly getting better; while more opportunities exist today than ever for those who study, pray, work, save, and venture. Beware of "cobwebs" in your home, business, church, or safe deposit box!

A conference of city officials from various county towns and the Washington County Court this week brought action to increase from 50 to 75% the share cities will receive from the county road fund. Collected within cities, for use in maintaining municipal streets. Hillsboro, Forest Grove, Beaverton, Tualatin and Cornelius were represented at the meeting. The fund-raising action was in line with newly enacted state legislature authorizing counties to increase road fund allocations. All cities in the county will share, County Judge H. D. Kerkman said.

Mrs. Noreen Allyn and Miss Hildah Hanes were among the group of the Hillsboro Business and Professional Woman's club to attend Sunday morning service at the Congregational church in Hillsboro. This is one of a series of special events slated for observance of national business women's week from October 5 to 11.

The club's employer-employee dinner will be held October 17, when Dr. W. C. Giersbach of Pacific university president, will speak. The club at a meeting last week purchased a \$100 defense saving bond.

Defense Savings Stamps are available in denominations of 10, 25, and \$1 and \$5. These stamps make possible the purchase of Defense Savings Bonds on a practical installment plan.

GEMS OF THOUGHT SERVICE GAIN THROUGH LOSS

Our bravest and best lessons are not learned through success, but through misadventure.—A. Bronson Alcott.

The loss of earthly hopes and pleasures brightens the ascending path of many a heart. The pains of sense quickly inform us that the pleasures of sense are mortal and that joy is spiritual.—Mary Baker Eddy.

What is taken from the fortune, also, may haply be so much lifted from the soul. The greatness of a loss, as the proverb suggests, is determinable, not so much by what we have lost, as by what we have left.—Bovee.

He that has no cross will have no crown.—Quarles.

Adversity makes a man wise, though not rich.—Thomas Fuller.

Adversity is the first path to truth.—Byron.

AMERICANISM
Americanism is love of country, loyalty to its institutions and ideals, eagerness to defend it against all enemies, undivided allegiance to the flag, and a desire to secure the blessings of liberty to ourselves and posterity.

Watch Out, Herr Hitler

In your brutal acts toward the Jew, Herr Hitler, you have laid hands on the wrong man. Almighty God himself raised up the Hebrew Nation as His Chosen People; He made them this covenant promise—"I will bless them that bless thee, and curse him that curseth thee; and in thee shall all the families of the earth be blessed." So, Herr Hitler, in wrough handling the Jew; you have brought down the curse upon yourself.

The Jew is yet to come into the place of blessing and the Bible tells what must first come to pass. So we let the Bible speak—ONE—A World War such as is now on but with famine, pestilence and earthquake added.

TWO—The Great Tribulation. As in the days of Noah when the World was ripening for judgment—which came in the flood—so again lawlessness will cover the earth. Judgment will fall in the Tribulation; a time such as never has been and never shall be again. And except those days should be shortened, no flesh would be left upon the earth. But to preserve the Jews, they will be shortened.

THREE—The King is Coming! Into this time of awful woe there comes a company of Jew heralds who cry—The King is Coming! The King is Coming! Meaning Christ, the Messiah.

FOUR—Counterfeit Christs raised up and indwelt by Satan, now appear, doing great signs and wonders. Worshipping these, the masses worship Satan who ever seeks to take glory to himself.

FIVE—The King Appears. But first and just before the Advent of Christ, there will be signs in the sun, moon and stars with mankind in dread at the roaring of the sea and the billows; men's hearts fainting from fear and expectation of what is coming on the earth, for the powers of the heaven will be convulsed. Then will be seen the Son of Man, the Lord—Jesus Christ, coming on the clouds with power and great glory.

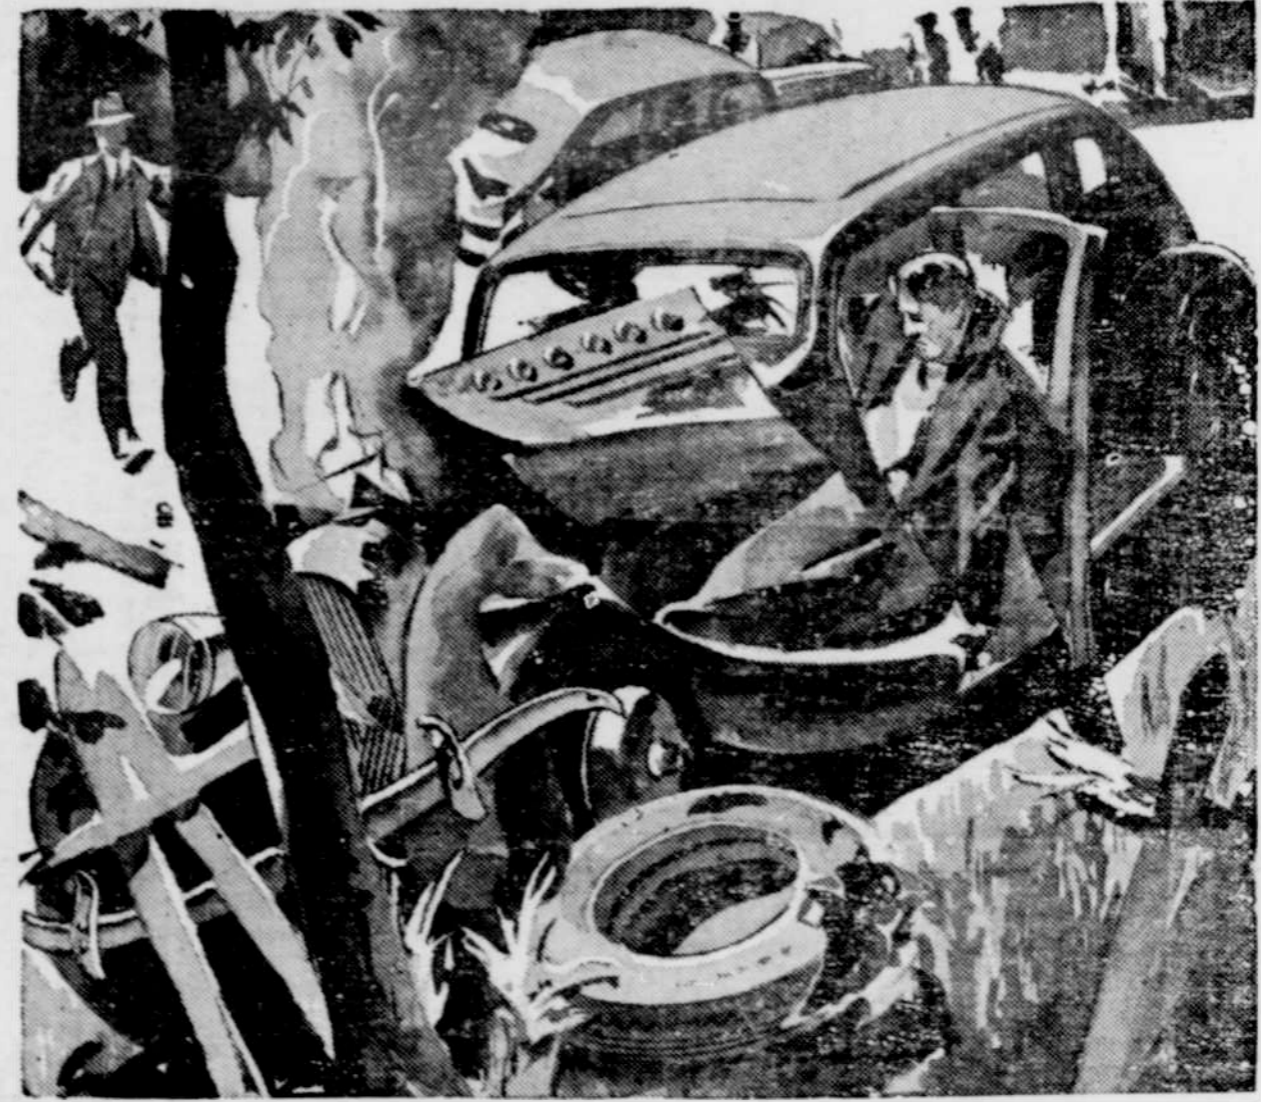

SIX—The Kingdom Set Up. Christ gathers the Jewish people to Himself. He puts an end to wars, graft and whatever maketh a lie. The Jew is granted to sit under his own vine and fig tree. From the nations, He will maintain judgment and justice; peace and plenty. But for us here and now, today, is the day of salvation. May you lay hold on the Savior who died to ransom us from eternal woe. Look untruly to Him that He may become your sustaining power, every hour of the lifelong day.

Defense Bond Quiz

Q Has the Government set a quota to be raised through the sales of Defense Savings Bonds?
A No; there is no quota and no time limit. The Defense Savings Program is to be a continuing effort, and both Defense Bonds and Stamps should be purchased steadily and regularly.
Q Why were the Nation's retail stores asked to sell Defense Savings Stamps?
A American retailers were not asked—they volunteered through their national organizations to undertake the sale of Defense Savings Stamps on a vast scale.
NOTE: To buy Defense Bonds and Stamps, go to the nearest post office, bank or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at most retail stores.

Cooperate with your Traffic Officer and Save Lives! Most accidents could be avoided. Do your part!

It is a well known fact that most accidents could be avoided. Failure to signal turns, sudden stops, passing on corners, ignoring pedestrians, all take their toll of human life.

We are all probably traffic offenders at some time or another. While it is easy to say "I've never had an accident" and kept on driving in a careless, haphazard manner, we can never tell when that narrow squeeze we had might have turned into a ghastly accident.

Now is the time to take stock of our driving. Follow the rules of the road, be courteous safe drivers, do your share in making this a safer city for yourself and for your neighbor. Cooperate with the traffic department, keep your car in good mechanical condition and HELP SAVE LIVES.
