DAWG DAYS

Hello Folks:
Well, Dawg Days is here again and instead of everybody havin' nuthin' to think about except a fresh vacation somewhere, a fresh coat of tan, maybe the makin' of a new divorce, and the wonderful frolickin' roun' what grewed up to be a popular durin' Dawg Days, why, thunder-in-lightnin' here we are with the worst war on our hands that we have ever got mixed in with. The Japs and Nazis brought the war to us. It would have reached us anyway, even if we had crawled under our beds and cried "We are fer America and America only!" A lot of nations tried to be neutral and see where they are!

During these Dawg Days I hope the Dawg Star strews the Hydrophoby into all countries that have started out to 31-jack and enslave the world, but I hope their good honest peaceful dawgs don't git it. Just hope it settles like poison gas where it will stop the INVADERS EVERYWHERE! Most people want peace! even MOST DAWGS WANT PEACE!

Towers of Truth

Chinese, Finnish, Tagalog, Dutch, Spanish—programs in more than a dozen tongues go out from the towers of General Electric stations WGEA and WGO, Schenectady, and KGEI, San Francisco.

1. They provide authentic war information for news-starved peoples around the globe, entertainment for U.S. forces abroad. These G-E short-wave stations . . .

3. They provided the only U.S. programs that reached Batavia. People in conquered lands risk their lives to listen. Smuggled letters say they bring hope of release.

General Electric believes that its first duty as a good citizen is to be a good soldier.

General Electric Company, Schenectady, N. Y.

2. . . have special antennas "pointed" at Australia, South America, China, Europe—making reception there almost as strong as from local stations.

4. Some announcers are regular G-E production employees, working on war work. They tell people in their native lands that America is determined on victory.

General Electric believes that its first duty as a good citizen is to be a good soldier.

Not this time!

Many veterans of the last A. E. F. will remember how they traveled to the eastern seaboard in coaches, and through France in tiny freight cars with the legend "40 Hommes, 8 Chevaux" painted on the side. "Forty men, eight horses."

It's not that way this time. Now the U. S. railroads are moving a great many more of our fighting men in sleeping cars than in the last war. And these men have clean bedding and porter service.

This is one of the reasons why you may not always be able to get just the Pullman accommodations you want.

So far the difficulties of wartime travel here have been very minor ones, compared with other warring nations. We can all be thankful that we are living in a country where these problems can be worked out by sympathetic cooperation between a railroad and its customers, and not by the orders of a dictator.

The War Bonds you buy now will help pay for a new home after the war.
