Of serious concern to the public are strikes in industry which, according to War Labor Board figures, have shown a steady increase since Pearl Harbor. The following is factual material concerning strikes during the first six months of 1942 or since the Hawaiian Islands were

ESTABLISHED 1927

The number of strikes in war industries has increased from 27 in January to 192 in June, an increase Mr. and Mrs. Henry Dahl, accom- of 611 per cent. The men involved in The production industries, because of strikes, has increased from 369,576 in F. K. Bowman has started a new January to 2,037,224 in June, an increase of 451 per cent. During the first six months of 1942, 7,176,344 dustries because of strikes. This figure does not include the time lost by other workers because of the interruption of productive processes in While strikes are less than in 1941, there has been an al-John Economus has purchased a January. Many of the strikes in 1942 unauthorized strikes. Strikes on Trivial Issues

to do with hours or wages. Never-theless ,these strikes over petty issues are holding up important production in many places.

Emphasis is no longer on protracted, nationally publicized strikes involving thousands of men which characterized the year 1941.

Rather, today, the "hit-and-run"

R. W. Weil, strikes have occurred in unionized This northemost fyling route was Hillsboro, Oregon, Box 28 or see J. plants, and only 20% of American labor is unionized. Be Permitted" On July 21st Wayne L. Morse, member of the War Labor Board, issued the following warning: "As we go further and further into this war it becomes clearer and clearer that we cannot permit any offices or at nome. All must what and Mrs. A. V. Butts had as transported along this route. He while armed with a dangerous wea-disputes or what they are over; they "And if our please to Mr. Green to get, them to settle the disputes, I haven' any doubt that the public will not only look to this board to settle them but will back us up in whatever 'If we ever do get into a situation
