1943 LEGISLATURE

Two former Mayors of Beaverton shook hands at Salem Sunday evening, Ex Mayor Albert Rossi, now fireman on the Southern Pacific lines and former Mayor Earl E. Fisher, now Senator from Washington County, had a good visit on the sidewalks of Salem—Both agreed Washington County was tops!

Representative Hesse and wife and Representative Kuratli and wife have secured residence this session at 660 North Cottage Street, where they are well pleased with their home like apartments which is only a short distance from the capitol building. Senator Fisher has engaged headquarters at the Senator Hotel and Greyhound Bus Depot for the 1943 session, where his friends are welcome.

* * *

Washington County has the oldest Mayor in point of service in Oregon J. E. Morback, who starts his 27th year as Mayor of Sherwood for 1943. Mayor Morback has done much for his home town as well as served the best interests of Washington County.

The courtesies of the Senate were extended to Colonel Stewart P. Arnold on Thursday, ex-world war veteran; organizer and commander of the famous Tillamook Guerillas. He received a royal welcome in the Senate during his stay. At noon Colonel Arnold spoke before the Salem Lion's club at their banquet at the Marion Hotel and was well received. Colonel Arnold deserves a great tribute for organizing and drilling the Tillamook Guerillas—whose numbers nobody knows. Although blind the fire of freedom still flashes in his heart —an inspiration that helps keep the home fires burning bright in the West!

Representative Hesse has appointed Mrs. Hesse as his Secretary for the 1943 session. While Representative Kuratli has designated Mrs. Kuratli to do his secretarial work this session in the House. Senator Fisher has re-appointed Ruth Query as his secretary for the 1943 session in the Senate. She will also act as secretary for the important Senate Committee on County Affairs, of which Senator Fisher is Chairman.

Thousands of people in Washington County who travel daily the Tualatin Highway to Portland know full well the great advantages gained in auto transportation since the completion recently of widening to four lane traffic between Multnomah county line and West Slope. A good start in the right direction. A four lane Tualatin Highway project definitely started, the merits of which are duly recognized by the citizens of Tualatin Valley and the City of Portland, which was accomplished through the combined efforts of the county and city offficials, civic organizations and chambers of commerce, clubs and county newspapers, 4 lane traffic to West Slope has been completed.

Senator Fisher said at Salem this week; and as soon as the present emergency is over the same united effort in Washington and Multnomah counties shall start again for four lane traffic construction beginning at West Slope; thence Westward via Beaverton-St. Marys-Huber-Aloha-Reedville-Witch Hazel-Dilley-Gaston to the Yamhill County line; that the present narrow Tualatin Highway, with the new Wilson River Road completion, is one of the most congested and dangerous in the State of Oregon—and that we are going to keep hammering away right along this line of action until the four lane Tualatin Highway project is completed to the Yamhill County line.

Americas Life at Stake

(Minute Talks to Americans)

The great munition plants of Europe and Japan are working night and day producing countless bombers and tanks to destroy our freedom and make us a nation of slaves. They have been working for years to gain a head start America would be unable to overcome.

To defeat their plan we have set goals of tens of thousands of planes, millions of tons of ships, tens of thousands of tanks, tens of thousands of guns. We are going good on the greatest production job in history—but we must do better.

This is a war for our freedom, our homes—our existence. Every one of us has an obligation. We must get our boys out of enemy prison camps and win this war as soon as possible

It is the patriotic thing to do these days—to share your car with your fellow workers and neighbors.

But if you're taking two other people with you, it is suggested that you drive three times as carefully as you do when you're alone, because any accident would be three times as tragic.

A man may fall into a thousand perplexities, but if his heart be upright and his intelligence unclouded, he will issue from them all without dishonor.—Robert Louis Stevenson.

New Ban On Overseas Mail

Washington, D. C., Jan. 29—New war department regulations, announced by Secretary Henry L. Stimpson, last week to save cargo space, will, among other things, forbid acceptance of newspapers or magazines for delivery to members of the armed forces overseas ,unless sent by a publisher to a subscriber.

This, it was explained, will prevent sending free copies from newspaper offices, or mailing of copies by friends or relatives of service men.

Red Cross Service Makes Aid Appeal

Mrs. E. A. Griffith, County Chairman of the Washington Chapter of the Camp & Hospital Service Council of the Red Cross, is making an appeal from every woman, man and child, to come to the front and help gather together the things needed for our boys in the armed forces, whether it is camp or hospital, there is some place for anything that will be donated and distributed through this Council. Whether it is cash, furnishings or games, or recreational equipment, as well as musical instruments, it will all be placed where needed the most.

Contact your local chairman, Mrs. W. Cavaness, Beaverton, and let her know what you have to give, or how you can help to raise the needed finances to buy equipment.

The Coast Guards at Astoria need footballs, basket balls, records, popular music, 6 smoking stands, 12 ash trays, 3 upholstered chairs, 3 floor lamps, book case, assorted games, baseball equipment.

There is an appeal of musical instruments for Camp Hathaway. Who has an instrument they would like to donate?

The purpose of the Camp & Hospital Service Council is to coordinate efforts of organizations and individuals who wish to serve the armed forces on active duty in our area. Duplication of effort may be avoided and all soldiers on duty at posts and hospitals and in isolated units may be served alike with economy of time and material if advantage is taken of its information and facilities.

Our soldiers need furniture and equipment for their recreation rooms, and Washington County is asked to help furnish its share.

Mrs. Don Galbraith of Sherwood is chairman, there, and Mrs. W. Cavaness at Beaverton.

4-H Mobilization Week In Oregon Feb. 4 to 16

A state-wide 4-H club Mobilization week for Oregon has been set for February 6 to 14, announces H. C. Seymour, state club leader at Oregon State college.

A program much like that followed in 1942 calls for 4-H club guests, local leaders, and club members themselves to try to inform others about the progress and achievments of 4-H club work and the great need for expanding it this year. With the nation, and even the world, facing an unprecedented demand for farm products, club members are being depended upon to make a real contribution to the food-for-victory program, says Seymour.

Service clubs are being urged to feature 4-H club in their programs that week, as are granges, PTA groups, and churches. Some communities are planning to hold achievement programs to make awards to club members for outstanding work last year. A special 4-H club Mobilization day radio program will be heard from KOAC January 25 at 7:30, followed by similar ones from other radio stations.

Distinguished Visitors Kiwanis Guests

There were two distinguished guests at the regular meeting of the Beaverton Kiwanis club Wednesday January 27. They were Lt. Governor Llewellyn O. Griffith of district No. 10 and our own George McKercher M M 2-C.

George explained that the boys in the navy really know how to fight and he said that all we needed was more of the same which we are getting. If we can supply enough fighting men and equipment it is going to be tough on the enemy the club was told.

The Lt. Governor installed the club officers for the year 1943. Dewey Drorbaugh will make an excellent leader as president of Beaverton Kiwanis.

War Groups Plan Action

A spirit of mutual helpfulness prevailed at a joint dinner meeting of the Washington county war savings bond staff and Victory fund committee in the American Legion hall at Hillsboro Wednesday night as plans were outlined for intensified efforts to secure the assistance of every man, woman and child in the war financing program.

Purpose of the meeting was to clarify the activities of the two committees and point out the respective fields in which each would work. The Victory Fund commitee is to "dig up idle and sleeping money" for investment in F and G bonds and income tax notes, while the work of the war savings staff is to convert current earnings of each indiidual into the purchase of war savings stamps and the popular E war bond.

Oregon was the first state in the union to have all of its banks qualify as issuing agents for war savings bonds, declared Elwain Greenwood secretary of the Oregon bankers association. He suggested that both committees help each other in every way possible.

Every retail outlet in the county will be asked to have war savings stamps on sale in their places of business, Chairman MacKenzie said.

Lewis and Clark Finds Navy Program Popular

Professor W. L. Carruth, registrar at Lewis and Clark college, reports increased interest in the navy V-1 reserve training program on the part of 17-year-old high school youths who are near graduation.

The navy recently announced that enlistment for this program will close March 15. It is open only to those men who are 17 years old and who are registered and in attendance by that date at a college chosen for the V-1 program. This program will provide some six semesters of college training the costs of which will be taken over by the navy in the near future. Longer periods of training will be provided for those qualifying as candidates for dentistry, medicine, engineering and chaplaincy.

Lewis and Clark provides the work indicated for the V-1 program and has arranged for special sections in English, mathematics and physics for freshmen entering February 1. For women there are special courses on food, pre-nursing, laboratory technique and mathematics.

In accordance with suggestions of the war manpower commission and the military services that college men in the enlisted reserve corps stay in school uuntil called. Lewis & Clark has instituted a war-time service registration plan beginning February 1.

Under this plan enlisted reserve men will register for a full program and receive one unit of college credit for each week they continue in school. Thus a month of college work would provide four units of undistributed college credit, while a half semester's work would provide eight credits distributed among the subjects studied.

V

March Designated Red Cross Month

The Washington county quota in the 1943 Red Cross war fund campaign, scheduled to begin March 1, has been set at $13,300 according to County Chairman O. B. Gates. The amount to be raised nationally is $125,000,000.

Total collected in Washington county in 1941 in the roll call and war drive was $11,257.31. The 1943 quota is 18 per cent in excess of the amount raised in 1941.

Oregon's part in the $125,000,000 Red Cross War Fund will be approximately 120 per cent more than the 1941 memberships and contributions, according to A. L. Schafer, Pacific Area Red Cross manager.

President Roosevelt has designated March, when the campaign will be held, as Red Cross Month. The Red Cross did not hold its customary membership roll call last November. Instead, it decided upon one campaign which, barring emergencies, will finance the organization's work until March, 1944.

"Our goal," Mr. Schafer said, "is based upon realistic estimates which careful study show are actually needed to meet the heavy wartime obligations and responsibilities of the Red Cross. This sum covers local national and international wartime needs of the organization for one year.
