#### THE VOTERS CAN'T FORGET

Despite President Roosevelt's suggestion that the name "New Deal" is a label for his political party he discarded the voters are not likely to forget what that label represents. To millions of Americans the New Deal has come to mean unlimited spending accompanied by Federal treasury deficits, high taxes and a huge national debt; concentration of power in the Federal Government in Washington; bureaucratic control of many of the activities of private citizens and of business; playing politics with pressure groups that include many votes; setting class against class; confusion, duplication, uncertainty, delays, scattered authority in dealing with problems affecting labor, agriculture and industry by the numerous boards, bureaus and commissions created by the New Deal. No, Mr. President, the people cannot forget the New Deal. But they can do something about acceding to your request that it be discarded—and they will at the general election on November 7, 1944.

#### Less Red Tape—More Food

To obtain maximum milk production the government should take steps to make more feed available to dairy farmers and to obtain a better distribution of such grain as available. More farm machinery and supplies must be made available to dairy farmers. Farmers should also be assured enough gasoline and fuel oil for all needs. More gas should be made available to hired help on farms since social life is essential for farm help morale. Farmers should be relieved of needless restrictions and regulations. These include restrictions on repairs on machinery, restrictions on purchases, restrictions on marketing that cause loss of product and all the other regulations that undermine the efforts and morale of farmers. Farmers are individualists and as such have become the greatest food producers per man in the world.

#### ROOT HOG OR DIE

"It is true that we must all eat in order to live, but it is also true that man cannot live by bread alone. The man who places 'freedom from want' above 'freedom' should sell himself to a totalitarian government. Stimulated by the New Deal idea—it cannot be called philosophy—the people are nudging and crowding each other trying to get something for nothing like hogs at a trough. What will happen to them when the few with brains enough to mix the swill refuse to carry it to them? It will then be up to them to 'root hog or die.'"

#### NEWS WANTED

Readers are urged to send in news relative to the boys in the service, furloughs, promotions, etc., also about daughters, Wacs, etc., and local news of interest. It is impossible to make calls personally and would appreciate your cooperation in making this paper more "newsy."

## The Long Way Home

Oh, I'd like to go to my home there below Council Crest  
I'm so tired of war with its misery and pain  
How I'd like to go home for a long long rest  
And never see this horrible fighting again.

I would not mind the fog and the rain  
And old East wind—how I'd like to feel it blow  
Bad weather? I'd like to see it again  
And for variety, just a little snow.

Down Garden Home Road I'd like to roam  
And stroll along the banks of old Fanno stream  
I would not give one acre of Garden Home  
For all the rest of the world I've seen.

But it seems there's an awful price to pay  
And I'll have to help foot the bill,  
In the long climb upward toward a better Day  
Like that hard bitter climb up Calvary's Hill.

So I'll put thoughts of home out of my mind  
And help clean out the fountainhead of the poison stream of Hate  
Help write a few lines in the history of man's upward climb  
Just give my best so that indeed we won't be too few or too late.

—HAROLD MINIER

## BOY IN CASKET

The dead boy's mother peered down into the casket. After one long, last look, we heard—  
"Well, dearie, I hope you are happy!"

Can a boy old enough to know right from wrong, be happy out away from God, in eternal night? Out forever with the weeping and wailing? So sin does its work and ALL HAVE SINNED, lads and lassies as well.

Why did not the boy turn to God? It was because he was kept away from all teaching as to sin and salvation. That Christ died for our sins, he never knew.

Paul to Timothy—"As a child, thou hast known the Holy Scriptures which are able to make thee wise unto salvation through Jesus Christ." It is the will of your Father in heaven, that not one of the least of these little ones should perish—BIBLE.

Will you meet your flock over in the heaven land?

## Few Changes in Fish Laws by Commission

At a hearing held January 8, 1944, the Oregon State Game Commission tentatively formulated the angling regulations for the 1944 season. The formal order of adoption will not be made until January 29.

The regulations contain only a few changes from those of 1943. The general trout season will be from April 15 to October 31 in the entire state. The trout bag limit remains the same as before, 15 fish or 15 pounds and 1 fish in any one day, but not more than 30 fish or 30 pounds and 2 fish in any seven consecutive days.

The bag limit on salmon and steelhead over 20 inches in length will be uniform throughout the state, three fish a day but not more than 9 in any seven consecutive days or in possession at anyone time.

There will be no bag limit for jack salmon under 20 inches in length.

## People Asked to Donate Funds to Fight Paralysis

It is again necessary for us to ask our people to help fight Infantile Paralysis by donating the money needed to carry on during this year, said Ray L. Antrim, chairman of Washington county chapter, the National Foundation for Infantile Paralysis Inc. The results obtained in the past is our justification for asking for larger donations this year.

With about four times the average number of cases during the last year, the money received from our people helped to give additional medical aid and hospitalization that prevented hundreds from being crippled for life. No one regrets the aid given to these unfortunate ones and all will be glad to help again this year.

One half of the money raised is kept in our county to aid victims of the disease in any way possible. If there are any polio cases in our county needing medical help, wheel chair, braces or other equipment they can be obtained from Mr. Antrim, Box 37, Aloha, Oregon.

The following persons are soliciting funds from the eastern end of the county: Mrs. Hazel Bergquam, Rt. 3, Beaverton, for Aloha; Beaverton—Rev. Leonard C. Johnson; Sherwood—Mrs. Garfield Hite, Rt. 4; Tigard—Vern Bishop; Tualatin—Mrs. Enid Walker; West Slope—Rev. J. Fritz, 7021 SW Canyon Crest Dr.

## Tightens Rationing Regulations

As a further move to stamp out the black market in gasoline, OPA has ruled that any local board or special hearing officer, after a proper hearing and a finding that the tire or gasoline regulations have been violated, may not only revoke a gasoline ration, but also may prohibit the use of gasoline in the violator's possession which was obtained as a part of the ration.

Returning war veterans may enter virtually any of the 30,207 apprentice training programs in the United States. Age restrictions and other limitations have been especially lifted for veterans in many apprentice-ship standards so they may obtain training for skilled work, according to the War Manpower Commission.

## Price Rise in '43 was Small

At the end of 1943 the general level of prices in wholesale markets was two per cent higher than at the close of 1942, and the prices of staples that families buy in retail markets for everyday living were up by about three and one-half per cent. This price rise was smaller than in any year since 1940, according to Frances Perkins, Secretary of Labor.
