

WHEN WILL WARS END?

All in his own good time, through Christ, God is to outlaw war.

The Lord Jesus is to come from heaven with His mighty angels, in flaming fire, to take vengeance on them that know not God and that obey not the Gospel of our Lord Jesus Christ.

So, as Prince of Peace, Christ is to come from heaven, to set up a warless world. **KNOW YOUR BIBLE.** God is now calling out a people for his name and he lets war run on the meantime. Wars run on while he seeks you for his roll-call. This is the roll of the saved. He is not willing that you should perish, but that you should come to repentance. 2nd Peter 3-9. Again know your Bible.

Repentance, here means to face about. Face toward God who waits to welcome you. Turn to God who so loved you that he gave his only Begotten Son, that if you believe in Him you should not perish but have eternal life.

Brig. General W. K. Harrison says he was saved through Christ's death for his sins and that Christ alone is able to save from sin and bring joy, peace and assurance to the human heart.

Dan Harmon for Congress

Editorial Comments from the First District Newspapers About Dan Harmon

Newberg Graphic:

"Mott's theme song is 'seniority'—we prefer SUCCESS and believe there are too many OLD wheel horses in Congress with seniority watching the parade of screwy 'New Deal' ideas become directives and laws of the land.

"Dan Harmon, farmer and businessman, is 17 years younger than Mott—has the background and necessary qualifications to truly represent this district and it will be a great pleasure for the first time in 47 years for the citizens of this district to be able to vote for a successful businessman instead of a lawyer-politician."

Dan Harmon is no mournful melancholic Mott but he is a man with red blood making a big hit all through the district in which he seeks nomination for Congress. It is the first time for many years that this district has had a live wire businessman farmer campaigning for his nomination in refreshing contrast to the politician type of lawyer who wins because busy practical men like Harmon think they are too busy to run. If Harmon meets enough people he will win nomination and election. He is paying his own campaign expenses for the privilege of honorable public service of a kind for which he is exceptionally gifted in those personal traits which make for effectiveness. Woodburn Independent:

"Mott has an opponent in Dan Harmon."

"They made him (Harmon) president of the Newberg Chamber of Commerce, which is more than we ever heard of any community doing for Mott."

"If Congress were filled with businessmen such as Harmon instead of politicians like Mott there would not now be such congressional muddles." Newberg Graphic:

... Dan Harmon has the background, ability and leadership necessary to qualify him as real congressional timber. Mott has had the job for 12 years. What's he ever accomplished?"

... Dan's educational program for our returning service men and women is probably a kickback from his days spent on the Mississippi A. & M. campus as the son of a professor... and it will solve the problem." Willamina Times:

"Mr. Harmon points to the 'Death March of Bataan' as the direct result of the isolationist's obstruction of the fortification of Guam and the Philippine Islands."

"No official who has been in office the past decade in the upper brackets of our government should be reelected. As Harmon says, they are responsible for it."

Pd. Pol. Adv., Paul D. Newton, chairman, Harmon for Congress Comm.

Oregonians Endorse Work Of Sen. Holman

Citizens Praise
Results Gained
For This State

Portland, Ore. (SPECIAL)—The following quotations from letters are typical of hundreds received expressing appreciation of Senator Rufus C. Holman's effectiveness at the nation's capitol:

"I have witnessed your fights in our own state for the Oregon National Guard, and later in the United States Senate your fearless stand for adequate appropriation for our defense forces. You have truly been a champion."

NEW OREGON INDUSTRY
"I hasten to extend congratulations and sincere appreciation on behalf of the people of Oregon for the splendid work you have done in securing for Oregon the alumina clay plant."

"You are doing a commendable job in protecting the interests of the Pacific Northwest as well as the war effort."

"We have been dealing for the past twelve years with Oregon senators and congressmen in Washington and never have we received such smooth cooperation and rapid handling of our every request for information and action."

"I want to congratulate you heartily on the successful outcome of your effort to obtain increased forest fire appropriations. This was a hard, fighting chance, but you took it and have won out. We are all indebted to you."

"May I express my sincere thanks to you for your interest and support given this recent deficiency appropriation bill to provide maternity care to wives of enlisted men in the armed forces."

"We take this opportunity of extending to you our thanks for your assistance which made it possible for us to secure tin plate to continue packing carrots, which would otherwise have gone to waste in this locality. We had been trying for weeks without any success until we called upon you."

TURKEY GROWERS SAVE
"Thank you for your efforts in behalf of the turkey producers of our state, as this means a saving to them of several hundred thousand dollars."

"It is a pleasure to know that when some emergency like this arises that we have representation back in Washington that is able to produce results."

"At this time we want to thank you on behalf of the industry and the farmers for your efforts in seeing that the irrigation equipment was included with other farm equipment." (For priorities)

"I am sure that your resolution asking for a full and complete investigation of Federal regulations governing the distribution and sale of meat, poultry and dairy products will meet the universal approval of the growers."

FARM PROGRAM AIDED
"I want to express our appreciation of your great and effective help with regard to agricultural appropriations effecting the extension and research programs of the Land-Grant Colleges. Thank you for your assistance."

"Your activity in the Forest Fire Protection Appropriation is being very well received in the Pacific Northwest. You are doing yeoman service in this field. We are very appreciative of your interest in Extension matters. A number of land grant colleges have indicated their appreciation of your interest."

Original letters containing these quotations may be seen at the "Holman for Senator Committee" headquarters, 408 Wilcox Building, Portland, Oregon.

Names of signers not published here as these were unsolicited letters written to Senator Holman during his present term.
