

Same Pay For Women

State Senator Fisher, author of Oregon Tunnel Act, will seek Federal funds for construction Council Crest tunnel, which will shorten distance 2 miles between Portland and all West Side points and reduce grade 2%.

Equal Rights for women! When women do men's work, they should receive men's pay. Ship all Japs back to Japan! Senator Fisher says; "The whole outfit is not worth, even the life of one American soldier!"

Earl E. Fisher
FOR
U. S. Senator
Paid Adv.

You Are His Riches

One instant you were a hell deserving-sinner and the next God counted you to be his riches.

One instant you were of the sons of Adam, without Christ, having no hope and without God in the world. The next, you were of the family of God. Know Your Bible.

God gave you the faith to believe the unbelievable.

Of yourself, you could never figure out how the mighty God should so love you as to give his Son to die for your sins. But God gave you the faith to believe. Out of that faith you looked on Christ and said He was the Lamb of God, slain for your sins.

And then it was done. One look on Him and it was done. Nor can any tell how—"The wind bloweth whither it listeth and thou hearest the sound thereof but canst not tell whence it cometh nor whither it goeth: so is every one that is born of the Spirit." Know Your Bible. This is the new birth. And—"Except a man be born again, he cannot see the kingdom of God."

David L. Roberts, 69th Pursuit Squadron, writes from Baton Rouge (La.) Air Base—"As Jesus stooped low to save me out of my sin, so He accepts each soldier who calls on Him in faith, believing."

Postal card me for the little Book that tells how to come into greater riches. Free.

This is the 75th Anniversary of the Golden Spike

This is the Golden Spike

It was donated for the occasion by David Hewes of San Francisco. The spike is now the property of Stanford University and is kept in the vaults of the Wells Fargo Bank.

...but we can't take time out to celebrate

Ordinarily we'd make quite a fuss over such an event as the 75th anniversary of America's first transcontinental railroad—of which Southern Pacific is a part. We'd have a "Diamond Jubilee," with ceremonies, celebrations, banquets and all the trimmings.

But in May, 1944, Southern Pacific people will have little time to honor the men who built the first railroad across America and drove its last spike home on May 10, 1869. We're too busy keeping the war trains rolling on our 15,000 miles of line.

The historic line that rounded the northern end of Great Salt Lake to Promontory, where the Golden Spike was driven, was replaced by the Lucin Cut-off. The old rails have long since been torn up and sent to war.

But if it were possible to send a message back through the corridors of Time, we would send the grateful thanks of a railroad at war to those determined men who conquered the Sierra 75 years ago...

...to Leland Stanford, Mark Hopkins, Charles Crocker and Collis P. Huntington, the "Big Four" who pooled

their slender resources, convinced Congress that California must be linked by rail with the other United States, and pushed the railroad through in spite of heart-breaking obstacles.

...to the thousands of Chinese workmen who helped lift the line over the Sierra Nevada with nothing but wheelbarrows, picks and shovels, and black powder... who hung from the cliffs in baskets and chipped the roadbed out of solid granite. They helped build a railroad that helps China now.

...to the eight indomitable Irishmen who, on April 28, 1869, laid ten miles and 56 feet of track in a single day—a record that has never been equalled.

The railroad they built is now a vital link in America's supply lines for the war against Japan. The railroad men and women who "keep 'em rolling" today salute the men who accomplished so much with so little, 75 years ago.
