CAMP FIRE GIRLS

The Camp Fire Girls have been active during the summer months meeting at the home of Mrs. Wilhelm every week.

They have accomplished many things, working for honor beads, and National honors, also went on a Nature hike and studied about trees, distinguishing ten.

At their last meeting for the summer, which was last Tuesday, they enjoyed a pot luck lunch. Many of the girls showed their ability at cooking.

Eight girls are enjoying a weeks vacation at Camp Fire Girl Camps. Those who went to Camp Namanu on the Sandy River, were Lois Reavis, Carol Coslett, Pat Wilhelms and Phyllis Prier. Those who will be leaving next week for Camp Adahi, on Gales Creek, are, Ruth McKeel, Janet Dawes, Marion Peddicord and Sylvia Durdell.

Camp Fire Girls will be again active as soon as school starts. Mrs. Bertha McKeel will start a Bluebird group for the little girls 8 years to 10. Also a Horizon Club for high school girls will be started.

Beaverton Boys Receive Honor Badges

Ten Washington County youngsters have been cited by the Keep Oregon Green Association for meritorious service to their state and have been awarded merit badges. These girls and boys, members of the Green Guard, have helped in the publicly-sponsored fire prevention program by reporting or putting out fires and have been awarded these badges in recognition of their fine service to the state and their communities.

The Guards have fought and extinguished 9 fires and reported one to protective agencies.

"We are proud of the work of these boys and girls," says James Lewis, Washington County KOG chairman, "but during the next two months when the skies are hazy and the fire dangers are at their heights, we must ask that all people, young and old, accept a part in the responsibility of preventing, detecting and suppressing these small blazes."

Hubert Fleskes and Dick Kuiken, both of Beaverton, have received honor badges.

Ability and Responsibility

WHEN a particularly tough and important job comes along, it usually lands in the lap of someone who is already doing a lot of other jobs well.

People like this—who are used to getting results—aren't too plentiful. They need to have both ability and a sense of responsibility. One alone won't do—for ability can sometimes be misdirected, and a sense of responsibility without ability can lead to troublesome meddling.

It's men with this combination of talents who have been carrying a heavy load on the home front these past few years. On the farm and in industry they've been meeting—and solving—the difficult wartime problems of production.

After the war is won, somebody must shoulder the equally big job of getting this nation back into peacetime production, of laying the groundwork for the better and more prosperous America we all want. This is a challenge, and an opportunity, for the producers of America—for the men and women who have a sense of responsibility and have shown their ability to get things done.
