Planless Planners

GLIMPSES

"Here it comes—there it goes"
can be said of the machinery des-
perately needed by American farm-
ers if they are to keep up the burden
of feeding America, her allies, and
the conquered nations.
The optimistic statement to the
Senate that American farmers are
"seeing" the farm machinery they
need brought forth the information
that most of the machinery "seen"
by North Dakota farmers is going
past them on the way to Canada,
Russia, New Zealand, Australia,
England and Africa.
One North Dakota farmer told of
seeing six carloads of combines and
three tractors passing his farm by
rail in one week bound for Canada,
while the entire northwest is being
forced to curtail food production by
lack of farm implements.

EGGS ON THE MARCH

This is the saga of 108,000 dozen
eggs—and a New Deal bureau.
Back last May, the War Food Ad-
ministration purchased the eggs in
Minnesota, ostensibly for war pur-
poses. The eggs were shipped to
Cleveland, apparently to be sent into
dry warehouse storage.
But the eggs were transferred to
an egg-breaking establishment in
Missouri. (No cracks, please). From
there, the eggs (still not broken)

Drugs Dropped From Sky
Help to Paratroopers

AT A BRITISH INVASION PORT.
—Blood plasma and sulfa drugs
saved many lives on the beaches of
Normandy, it was revealed here
with the arrival of one of the largest
groups of casualties and German
prisoners since the invasion.
The casualties, mostly air borne
soldiers who suffered broken limbs
in crashes, said plasma and drugs
were dropped by parachute and ad-
ministered in open fields, under fire,
by medical officers who parachuted
to their work.
Private Glen Reeder, Mountain
Grove, Mo., who was in the first air
borne group, said French peasants
carried American wounded to safety
in their carts.

THE CRYSTAL BALL

"In order to preserve their in-
dependence the people must not
let our rulers lead them with
perpetual debt. . . .
We must make our choice be-
tween economy and liberty, or
profusion and servitude. . . . A
departure from principle in one
instance becomes a precedent for
a second; that second for a third;
and so on, till the bulk of the
society is reduced to be mere
automatons of misery. . . . The
fore horse of this frightful team
is public debt. Taxation follows
that, and in its train wretched-
ness and oppression. . . .
So wrote Thomas Jefferson in
a letter to Samuel Kerchival in
1816.
