DEWEY

UNITY AMONG OUR PEOPLE

"FOUR YEARS AGO when I spoke here in Portland, I pointed out the danger which I believe has now become apparent to all—the danger of one-man government in a free country.

"At that time Mr. Roosevelt represented himself as indispensable to the peace of America. Now, four years later, he seeks a fourth term, for a total of sixteen years as President upon the claim that he is indispensable to the entire world. In the carefully supervised words of his own running-mate, Mr. Truman, 'The very future of the peace and prosperity of the world depends upon his re-election in November.

"The first requirements for peace and prosperity are unity in our government and strength and unity among our people. Is a fourth term indispensable to that?

"The plain fact is that for twelve straight years, the New Deal has given this country a continuous demonstration of quarreling, dissension and disunity. It has set group against group, race against race, and class against class. Under this administration, business and labor have been set against each other and labor's own house became divided."

—THOMAS E. DEWEY

Address—Portland, Oregon, September 19, 1944.
