### The Low Down From Hickory Grove

Every day, almost, somebody cooks up something new which they say we need right away—to save us. And the folks thinking up these nice sounding but complicated things are smart enough to know that if you promise to fix something—and free—so that nobody will ever again need perspire, they will be elected, and with votes to spare. And the more complicated and loose-jointed the plan, the bigger the vote. Anybody being able to do up something so able, must just naturally be good—so we elect the gent.

But in the contest I been running off and on, on what this country needs, more answers are coming in lately saying it is less fixing—not more—that we need.

And Henry, I was talking to him, and he says there is one exception, we need one more thing—we need an earthquake—mental type. Crazies have become cobwebby from listening versus thinking. But the quake, he says, is just around the corner. Folks are gonna find out that all the money being garnered by the income tax man is not just for the war—a big hunk is for fumadiddles, or tinkering with the laws of gravity. Then is when we will have fireworks—after the hunk is gone. Yours with the low down,

### St. Mary's of the Valley

As a fitting close to the students' annual retreat a reception of new members into the sodality was held on December 13. According to custom, the sodality conducted a Christmas Quiz during the religious period of December 15. Our Lady's Committee with Betty Lou Dugan as chairman was in charge. Three representatives from each of the grammar grades and high school took part in the oral quiz. Honorable mention was given to Aura Mae Simmie, Betty Stanford, Bruna Barsotti, Josahue Murphy, Geraldine Kunkle, Thelma Dickey, Sharon Lange, Eileen Kinch, Carol Melchior, Betty Vanderzanden, and Virginia Smith.

Friday evening, the high school students enjoyed a community sing under the direction of the Rev. John Goodrich of St. Mary's Home, Huber. The program consisted of the singing of popular songs, Christmas carols, and the playing of games and stunts. The entertainment ended with the serving of refreshments.

Sunday afternoon the Academy girls paid their annual Christmas visit to the Washington County Home. They distributed gifts and entertained the inmates with Christmas carols.

### Babson Says ....

Continued from Page 1

ago in the kitchen of a cottage on a narrow street in a quiet village; but the growth was very slow. Most large employers of labor today treasure faded photographs of the modest buildings where the enterprises began. But the men who created these industries spent their time outside selling on the road, not inside waiting for customers. Also, may we remember what U. S. failure statistics show.

With all goodwill toward aspiring founders, the evidence compiled by the credit reporting agencies proves the frailty of lone-man ventures. There are long years of battling before the corner is turned and the enterprise can provide employment in any substantial volume. Unless all past records are meaningless, the only prompt and realistic way to enlarge "Help Wanted" advertising columns is by strengthening the selling and merchandizing campaigns of existing and established concerns.

#### Sales Careerism

##### The Real Independents

Nobody begrudges independence of action. Aspiration is at the heart of Americanism. However, thousands of strongly connected salesmen, allied with sound organizations, are in reality in business for themselves. Backed by resources and reserves, well-placed salesmen win a free-swinging career—and a breadth of accomplishment—impossible for the average hand-to-mouth, caged proprietor. Ostensibly the proprietor is his own boss and working for himself. In truth, he may be the unregistered employee of his creditors. He may be paying a ceiling price for his tin badge of independence.

Hats off to every ambitious auto-repair shop and newscounter. We need such. Nevertheless, employment stems from sales and more sales and still more sales. This is true whether the enterprise is a hole-in-the-wall or a Willow Run. Tax relief will aid. Less interference by Washington is urged. However, you recall that failures were high even back when tax levies were low. Moreover, the first essential of taxation, is to have something to tax. That something originates from outside salesmen—who have their "big idea," namely, the power and inspiration of teamwork.

#### Mechanics vs. Economics

Therefore, as a statistician grounded in the records, I insist that a step-up of merchandizing efficiency is the most hopeful answer to the question of how a man can help most to create sixty million jobs. Furthermore, this likewise answers the query: What is the best preparation for those who want to have a business of their own? It is, become an outside salesman for an established concern.

## X-Ray Of Your Heart

The X-Ray shows your heart to be full of lies—"The heart is deceitful above all things and desperately wicked."—BIBLE. God's word for it.

**GOD ACTED** He made it his business to put all your wicked thoughts, words and deeds on Christ, his Son. The Lord hath laid on Him the sins of us all. See Isaiah 53-6. You gave in to your lying, wicked heart and Christ paid the penalty to set you free. Sin had left a crimson stain; He washed it white as snow.

**YOUR PART** Come as you are. Believe in the Bible, that the sins of your lifetime are blotted out. Count your page clean. It was against God that you sinned and it was for love of you that He offered up Christ the Son to set you free.

Come as you are. You may be living in sin but come as you are—right now this very moment. God stands with outstretched arms, ready to receive you, vile as you may be.—Or good as you think you are.

**PRESS ON** Look to Christ for the power of the new life. May you say with the Apostle Paul—"It is no longer I that live, but Christ that liveth in me. Hour by hour, believe utterly in Christ and live by Power from On High.
