Their Bonds and Stamps Buy a Jeep

"We're buying one," yelled youngsters at the Whittier School, Sioux Falls, South Dakota, when they saw the jeep above. Actually they expect to have bought enough war stamps and bonds by the middle of December to pay for two jeeps for the armed forces. The army sergeants in the picture motored over from Sioux Falls Air Field to show the boys and girls just what their savings are purchasing. (Army Photo)

In World War I, Gen. Freyberg's only path to his imperiled flank was through no-man's land. He hopped a bicycle and despite the enemy's dense fire got through to reorganize his troops who finally chased the Huns.

If we could hear ourselves as others hear us we would keep our mouths shut. The human race has come from the stone age down to the carnage.

Psychiatry Is Short of Aides

NEW YORK.—An acute shortage in psychiatric manpower, with war neuroses expected to take a sharp swing upward, was characterized here as "constituting a national emergency," and as "the most critical manpower shortage in the country today." The speaker was Dr. Lawrence S. Kubie, one of the country's leaders in psychiatry, now a special consultant to the army surgeon, who addressed the meeting commemorating the 25th anniversary of the establishment of the Austen Riggs foundation, founded in 1919 "to extend the benefits of Dr. Riggs' treatment to individuals who were unable to afford its cost." Millions of Potentials. The foundation, directed by a board of trustees, a medical advisory board and the Austen Riggs associates, continues in the village of Stockbridge, Mass., the medical practice of the late Dr. Austin Fox Riggs, a practice restricted to the care and treatment of the mild nervous or functional disorders, that have come to be designated more recently as emotional disturbances. Our mental hospitals house at all times 600,000 patients, a large majority of whom are psychotic. An additional large number is out on discharges or parole, but require intermittent care and supervision. According to various estimates there are also 100,000 ammentias (temporary insanities) in our institutions, and about 2,500,000 ammentias are cared for at large in the community. On top of all these there are at all times, Dr. Kubie stated, "between 3,000,000 and 6,000,000 individuals in the country whose neuroses are sufficiently disturbing to require specific psychotherapy at one time or another." Neuroses that are the result of combat, Dr. Kubie said, constitute only a small percentage of the post-war addition to the problem of the neuroses. Estimating that by the end of the war the total number of veterans will rise to 15,000,000, Dr. Kubie continued: "Need is Urgent. "Without the war, many among these same men would have proven vulnerable to the strains of civilian life. Over the course of 10, 20 or 30 years these men would have their periods of neurotic difficulty. What the war has done, however, had been to precipitate within a few short years the outbreaks of neurotic disturbance that would otherwise have been spread over a generation—neuroses that were born in peace, and bred by neglect in childhood and adolescence." There is an existing need for 19,000 to 20,000 trained psychiatrists, Dr. Kubie said, whereas we now have only 3,000 to take care of our cases. The need for psychiatric social workers has also been estimated at 10,000 and we also need thousands of clinical psychologists, whereas only a few hundred are available in each category." This shortage of psychiatric manpower, Dr. Kubie added, is "the bottleneck through which our whole rehabilitation program must pass."

Be Good To Wife

Sure, be good to the wife and kiddies—be kind to the neighbor who is in hard luck and boost every good work. That is your religion. Now face about for God has something real for you. ONE In Christ God died to clear you for God was in Christ changing mankind over to himself. TWO When your heart tells you it is true. Christ stepped into my shoes and took the count and I go free. Then and there, feeling or no feelings, God takes up in your heart. He becomes your eternal Father. You are born again. THREE Let God prove it. Forward march into whatever duty your Bible tells you. Look to Christ to see you through and—"He that hath begun a good work in you will go on completing it." Bible. Be cleared of sin; look utterly to Christ and live to the glory of God by Power From On High. May God the Giver of Hope fill you with joy and peace because you trust in him. See Romans 15:13.

Star Taylor 3101 SW McChesney Road Portland, Oregon This space paid for by an Oregon businessman. The Low Down From Hickory Grove One thing our U.S.A. could do in this swearing-off and reform season around the first of the year, is to set aside one week—and soon—in which everybody would get out and dust off his arithmetic. Call it "addition and subtraction" week or maybe "get-over-being-a-sucker" week. We've been going through an era where figures have become so big that there is not much difference whether the Govt. is fumbling around with 10 million or 10 billion. Nothing has happened to us yet, so why get excited? If we start to read where Uncle Sam wants another 400 million, as a starter on another spree of dam building—from St. Joe to Kalispell—we turn to the funny page. What is 400 million? Chicken feed. In a "Sad Sights Contest" this nation can, easy as shootin' fish, win first place. We been in kind of a hypnotic coma. More spending, more prosperity. Like with the native magician in India who tosses a rope skyward and then climbs same, somebody is being bamboozled. Yours with the low down, JO SIERRA
