 Thursdays 7:45 p. m.

KEEP ON Backing the Attack! WITH WAR BONDS

Annual Meeting First Church of Christ, Scientist

Lasting world peace has its roots in the permanency of divine laws and cannot be expected to rise from the foundations of selfish desires and aims. The Christian Science board of Directors told the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, at their meeting held June 4 at Boston, Mass.

Commending the efforts of the California peace conference to evolve a practical basis upon which nations might outlaw war for all time, the Directors pointed out that those efforts would be successful insofar as they reflect the operation of God's government in human affairs.

The Directors' message featured the fourth annual gathering of Christian Scientists to be held under the restrictions of wartime travel. Of the Directors that Mother Church members living beyond the 50-mile area of Boston should abide by the requests of the Office of Defense Transportation and remain at home this year.

Highlighting the meeting was the election of Mrs. Myrtle Holm Smith of Waban, Mass., as President of the Mother Church for the ensuing year, succeeding Paul Stark Seeley, and the re-election of Roy Garrett Watson, Treasurer, and Mary G. Ewing, Clerk.

Receives Combat Infantry Badge

With the 42nd Rainbow Division of the Seventh Army in Germany, May 25, '45—Pfc. Kenneth L. McClung of route 3, box 635, Beaverton, a member of the 232 Infantry Regiment of the famed 42nd Rainbow Division has been awarded the Combat Infantryman badge in recognition of his exemplary performance of duty in the ground combat against the enemy.

Pfc. McClung, the husband of Mrs. Alberta McClung participated in the Rainbow's 450-mile smash from the Hardt Mountains of France through the very heart of Southern Germany to the Austrian border. In this drive the division captured the historic Nazi cities of Wurzburg, Schweinfurt and Furth—which is the western third of the city of Nurnberg, and captured the center portion of the city of Munich.

Early in January the Rainbow Division, of which Pfc. McClung is a member, aided in repulsing the last frantic efforts of the German army to smash back into France through Alsace in bitter fighting north of Strasbourg, at Hatten and Rittershoffen and along the Moder River in the vicinity of Hagenau. In March it began its drive into Germany, which was halted only by the unconditional surrender of the Nazi army. In this offensive the Rainbow fought its way through the Hardt Mountains, breached the Siegfried Line in 26 hours, made six crossings of the winding Main River, forced crossing over both the Danube and Lech rivers in 24 hours, captured the center of Munich and liberated 32,000 persons at the infamous concentration camp of Dachau.

Orville Muilenburg Married June 14 at Baptist Church

Announcement has been made of the marriage of Elizabeth Peier of Boring, and Chief Petty Officer Orville Muilenburg, U. S. Navy, son of Mr. and Mrs. Ira Muilenburg of Beaverton. The ceremony was performed June 14 in the First Baptist church.

Miss Fredia M. Peier was her only attendant and Harold Muilenburg was best man.

The bride wore a blue wool suit with white accessories and corsage of pink roses.

After a reception in the church parlors the couple left for Richmond, Va., to live. The bridegroom is an instructor in the Diesel school.

A fellow put a red ration token in a juke box and got "One Meat Ball."

Released by U. S. War Department, Bureau of Public Relations.
CLEAN-UP ON IWO JIMA—In mopping up hummocks and caves where Japs are concealed, U. S. Army riflemen, above the Marines, hold off the enemy with carbine and machinegun. This is characteristic terrain found on the Japanese Pacific islands.

Grange Supports Patman Amendment to Law

The Oregon State Grange has wired both Senators Morse and Gordon, requesting them to give their full support to the Patman amendment to the law extending the life of OPA, which would remove slaughtering quotas from Class II slaughtering plants and would permit non-federally inspected meat to move in interstate commerce.

Morton Tompkins, State Grange Master says: "There is plenty of meat in the country, but most of it is on the hoof, backing up on the farms when it should be on its way to market. With the large packers operating at from 25 to 40 percent of capacity and the small plants limited by unnecessary quota restrictions, it is small wonder that producers have been unable to carry forward an orderly marketing program."

Pilip Wins Air Medal

Aboard a battleship in the Western Pacific—Lt. Ted H. Pilip, USNR, Beaverton, Ore., pilots one of the Kingfisher scout observation planes which brave showering ack-ack to spot the enemy and his fortifications for this battleship's big guns.

Unescorted, armed with but twin-mounted .30-calibre machine guns, and slow of speed compare to other Navy planes, they nevertheless perform an important combat job, serving as the eyes of the Fleet's fire support units in amphibious operations.

From the recapture of the Aleutians to the recent invasion of Okinawa, they have demonstrated why they are used as an integral part of every amphibious battle plan. In the Okinawa invasion the coordination between the scout observation plans and Naval gunfire was a science. The thousands of tons of projectiles accurately spotted in Japanese installations by Fleet Kingfishers was one of the major factors in the success obtained by Marine and Army troops during the campaign's initial phases. For five days before the hour of landings, the Kingfishers flew over the island spotting attitude to pick out major targets such as active guns, blockhouses, road junctions and bridges.

Lt. (jg) Pilip was presented the Air Medal by this battleship's skipper for his part in spotting missions flown during the Mariana campaign.

Bleizeffer at Santa Barbara

Santa Barbara, Calif., June 12—Pfc. Albert J. Bleizeffer, 20, 1907 Erickson avenue, Beaverton, Ore., has reported to the Army Ground and Service Forces Redistribution Station here for assignment to new duties based on skills and experience gained during 8 months' duty France, Belgium and Germany.

The Redistribution Station, one of six established by the Army to receive service men and women considered essential to the prosecution program of recreation, athletics, and entertainment to the returnee while he awaits new orders. Santa Barbara's famed vacation resort-hotels, now managed for the veterans by the Army are under direction of the Ninth Service Command.

First Aid Car News

The regular monthly meeting of the Tualatin Valley First Aid Car was held at the home of Mr. William Barngrover at Tualatin on Friday, June 15th, with eleven members and two first-aiders present.

Several letters expressing thanks and appreciation for first aid services were read. Also several donations were received from persons benefited by first aid services and transportation.

Several calls were made during the month of May for the following: accidents, hemorrhages, lacerations, head injuries, infections.

The form letters and membership cards are being mailed out about the first of July. This letter gives a very fine outline of the work being done by the first aid car and attendants, and also explains the reserve fund which is accumulated to replace the existing car as soon as conditions permit. At the bottom of the letter is a tear-off coupon to be used when returning a contribution.

The next meeting will be held on Friday, July 20 at the home of Mrs. Dene Hickman at Garden Home, at which time there will be a potluck picnic supper for all members and their families at seven p. m.

LOUIS BLOSICK
 Louis Blosick died June 21 at St. Cloud, Minn. He formerly lived at Garden Home, Oregon; Surviving are a sister Anne Leis, Beaverton; Mrs. John Thome, Cannon Beach, Or., brother Anton Blosick, Multnomah, Thomas, Beaverton, and Mike Blosick, Gardel Home. Requiem mass was held Wednesday at St. Cecelia Church, Beaverton. Recitation of rosary Tuesday at Pegg's Chapel, Beaverton.

It's not easy to tell where contentment ends and laziness begins.

Sgt. Crone Awarded Oak Leaf Cluster

An Eighth Air Force Fighter Station England—The 356th Fighter Group, commanded by Colonel Phillip E. Tukey, Jr. of Cape Elizabeth, Maine, has been awarded a Distinguished Unit Citation for "extraordinary heroism, determination, and esprit de corps in action against an enemy of the United States on 17, 18, and 23 September, 1944."

The award entitles Sergeant Wesley A. Crone of Aloha, Oregon, to permanent possession of the blue and gold Distinguished Unit Badge, worn on the right side of the uniform blouse. Since the Group already wears the badge as a unit of the 1st Air Division, which won a Distinguished Unit Citation last year, officers and men will show the new award by an Oak Leaf Cluster.

The deeds for which the 356th Fighter Group was cited helped clear the ground for the great Allied airborne invasion of Holland last September. On the dates mentioned, "the 356th Fighter Group was assigned the task of neutralizing enemy gun positions in the Arnhem area of Holland in military operation designed to land effectively a large force of airborne troops. The nature of this mission involved concentrated strafing and dive bombing and opposition was anticipated to be severe in view of the vulnerability of aircraft attacking ground defenses."

Despite losses, the Group sent its pilots back to attack again and again. With wing guns and bombs, in these three days' onslaught, the 356th Fighter Group destroyed 4 German pillboxes, 12 machine gun posts and 75 light and heavy anti-aircraft batteries. Silencing all these gun positions insured safe landings in that area for thousands of our paratroopers and glider-borne troops.

Last Week for some Stamps

Everyone Should be Careful When on Outings

A warning to pedestrians and motorists to be extra careful from now until after the hazardous July 4th holiday was issued by Ben F. Heinz, director of the Portland Traffic Safety Commission.

Heinz said more than 300 traffic deaths are expected during the Independence Day outings and celebrations over the entire nation. Present trends in Portland show a rising traffic death rate, he disclosed, with accidents up 20 per cent over last year during the month of May. Personal injuries during May were also up 25 per cent over the corresponding month of 1944, Heinz stated.

Grandgeorge Good Bye

In the recent passing of the late Ernest Grandgeorge eastern Washington county lost a good citizen, who from humble circumstances arose by diligent efforts to become a successful and substantial business man.

Arriving in Beaverton back in the "early Nineties" with \$7 in his pocket—he cleared land, cut cordwood for the S. P. R. R. Company, worked on the section, then took a job with the late John Henry, pioneer horseradish grower, later with his wife Irene, formed a partnership known as John Henry & Co. (1905) later, purchased the James Mott' beaverdam—going into business with Mrs. Grandgeorge—he was known as the "Horseradish King".

His was a busy life and a refreshing example, what a man by hard work and attending to business, may accomplish—right here in Washington county. Grandgeorge Good-Bye.

New Hours at Ration Board

The Ration Board at the Beaverton City Hall announce that they will be open from 10 a. m. to 3 p. m. Monday through Friday and until noon Saturday.

There will be no board meeting on Monday nights through July. They also announce that it is not necessary for persons to call at the city hall to make arrangement for their rationing needs. This can be done by mail and a reply will be forthcoming at once. Farmers and others, who are busy with their harvesting, will find the mail a great help especially during the busy season.
