TEACHER HELPS PUPIL
Two servicemen were lying in a
hospital, one of them waiting for a
transfusion. The other one looked
on the donor sticker on the flask,
and asked, "Are you from Portland?
Did you ever hear of —? She is
listed here as the donor of this
blood."
"Jimmy Christmas" said the oth-
er soldier, "she taught me French
when I was in a high school."

**Stole Soldier's
Wife**

"Take this letter to the cap-
tain." With these words, King Da-
vid of old sent Uriah, a faithful
fighting man to his death. This
since the letter told them to put
Uriah up front where he was bound
to be killed. When the word came
that Uriah was dead, David took
Beth-sheba, the man's wife and
made her his own. So it was that
David turned murderer.

Now came Nathan the prophet and
showed David how great was his sin.
The 51st Psalm tells the king's sor-
row and repentance. For David to
have peace of heart, a lamb or other
sacrifice must be offered. His sin
is to be covered. "I have given you
the blood upon the altar to make a
covering for your sins." God so di-
rected. Then in the fullness of the
time, the Lord himself offered up a
Lamb—"Behold the Lamb of God
that taketh away the sins of the
world." Sins of old, so long cov-
ered over were washed away and
ours of this day. You are to be-
lieve that Christ died for your sins.
When your heart takes hold on
this great fact, your sins are no
more to condemn you to eternal woe.
And to make you new for here and
now, God then comes into your
heart. He indwells you and gives
you himself for power, peace and
joy. He is now your Heavenly Fa-
ther by this new birth. Secret pray-
er is to become the very breath of
life and the Bible your daily feast.
Labor on and when you reach the
other shore, you are to hear the
well done, good and faithful servant.
YOUR HEART KNOWS.

Would welcome a line as to the
cheer that comes from these mes-
sages paid for by a Seattle business
man.

**The Low Down
From Hickory Grove**

More and more of the prodigals
down there in Congress are in need
of a tap on the shoulder. The latest
outburst is where 2 of the boys
are cookin' up a "guaranteed ade-
quate diet." With their new scheme,
if you have a family of 4, you get
60 dollars worth of food coupons for
40 per cent of your wages.

But if some tired type of person
chooses to work only one day a
week and maybe make 40 bucks a
month, then this 60 dollars in cou-
pons would cost only 16 dollars.
Sounds good. But since he won't
know in advance how much, if any,
he will sure enough work. It
looks like he will wait until the end
of the month for his coupons, and
will eat nothing at all for 30 days.

And if a diet is to be adequate, the
Director of the Diet Dept. will tell
us what to eat. And if you happen
to like carrots but don't like spinach,
and the Director does like spinach
and is vice versa on carrots, then
you eat spinach, too.

For grown-up men in Congress to
cook up such a concoction shows
that more people should start writ-
ing post-cards. Most all the old
boys here in Potomac-land can read
pretty good. Tell 'em to act their
age—or come home. They will savvy.
Yours with the low down,
JO SERRA

GOATS DISPLAY HORSE SENSE

Central Luzon, P. I.—Marines here
have a new twist to the pet angle.
This time its goats—hundreds of
them.

When personnel of the First Ma-
rine Air Wing's dive-bomber squad-
rons landed, they pitched camp
near their operating field in central
Luzon. The goats took over the Ma-
rines. Milling around throughout
the entire area bleating happily, they
lounged in unoccupied tents during
the day.

The goats have adopted their fa-
vorite Marines and follow them
everywhere—even to church, reports
Staff Sgt. Bill Allen, a Marine Corps
combat correspondent.

To prove that goats have a gener-
ous portion of horse sense, three of
them have adopted the mess argu-
eant. "These three are fatter than
the rest."

More than 700,000 women drivers
were involved in traffic accidents in
1944. It is estimated that the acci-
dent rates of men and women, based
on mileage, would be equal if men
drivers averaged four times as many
miles as women drivers.

**'A New "House of Magic"
for Postwar America**

"...one of the strongest guarantees of progress and
world peace is continuous scientific preparedness
through industrial research."

General Electric has approved
plans for a new \$8,000,000
Research Laboratory. This ex-
penditure has tremendous significance.
Scientific research has contributed much
to our progress as a nation.

"Many things have been discovered
during this war, and we can and must
develop them into better things for
peacetime.

"Today we have 550 research people
on our staff. These new facilities will
not only give increased outlet for their
abilities, but will provide opportunities
for new research minds with new talents.

"From this new laboratory we think
new achievements will come. In the past,
G-E research has contributed much to
better living in America—not only
through new developments in x-ray,

electricity, metallurgy, electronics and
chemistry, but also through reduced cost
and increased efficiency, as in the
modern incandescent lamp.

"Even more than in the past the la-
boratory will emphasize research in pure
science—continuing and expanding the
work begun by Dr. Whitney and the late
Dr. Steinmetz forty-five years ago.

"To find new facts of the physical
world, to extend the limits of knowledge,
is a forward step in creating More
Goods for More People at Less Cost."

W. E. Hickson
President
GENERAL ELECTRIC COMPANY

New 8-million-dollar G-E Research Laboratory will be
built five miles east of Schenectady, New York, on
the Mohawk River. The geographic location offers
special advantages for television, high voltage x-ray,
and radar research. Buildings with 300,000 square

feet of floor space will accommodate an expanded post-
war research staff of about 800. Research rooms will
be a scientist's paradise of equipment for experi-
ments in chemistry, physics, mechanics, electronics.
It is hoped that construction can start in six months.
