Governments either meet their  
obligations or they blow up and turn  
communistic and this is followed by  
a dictator, and the people become  
virtually slaves. You know what  
happened in Europe in past years  
where just exactly such procedure  
took place. We do not want it to  
happen here.

When you are out in the wide open  
spaces, treat your campfire as you  
would a child. It craves attention  
and left to its own devices may be-  
come destructive. Keep Oregon  
Green.

While in Beaverton be sure to eat  
at the Greyhound Coffee Shop.

We are told of a place that is  
paved with good intentions and yet  
continually swept by fire. Many bare  
hills here in Oregon are constant re-  
minders that we should be safe by  
being sure that the last spark is out  
before we leave any fire. Keep Ore-  
gon Green.

Careful checking of all canning  
equipment before using may prevent  
death or injury. Even canning is  
the same as inviting an accident to  
happen.

Time lost from farm accidents last  
year equaled that required to pro-  
duce five bushels of wheat for every  
person in the United States.

The cigarette that satisfies is the  
one that is carefully extinguished af-  
ter smoking. Wherever you are get  
that habit. Kill that last spark.  
Keep Oregon Green.

**End Of Age  
In Sight**

The world is not adrift. God has  
his eternal plan for this age and  
after this, for the ages to come, 1900  
years ago, when this age began, he  
opened the door to the nations to take  
out of them a people for Christ's name.  
This is his plan for this age—A peo-  
ple for Christ, from all nations. The  
last man on the farthest shore is to  
be summoned. He is to be told—  
God had a son who died for your  
sins. By kindly word, holy life and  
winsome deed, the Messenger of the  
cross are to draw that last man. And  
when that last one is brought in to  
fill out the roll-call, the age is ended  
—CURTAIN.

At that moment, the Lord Himself  
shall descend from heaven with a  
shout, with the voice of an arch  
angel and the trump of God and the  
dead in Christ shall rise first. Then  
we of His who are alive, shall be  
caught up along with them, to meet  
the Lord in the clouds. So shall we  
ever be with the Lord.

The great central passion in the  
heart of God, is to have a redeemed  
people on whom He may spend his  
love through time and eternity. To  
buy such a people for His Father,  
Christ paid out His blood. He once  
for all suffered for sin that he might  
bring us to God. You are His an-  
swer for here and now. What does  
your heart say?

Glad of a line as to what you get  
out of these messages, paid for by  
a Seattle business man.

Shops, Stores, Markets**

*Third*  
**OF THE BIG 4**  
**ENTERPRISES**  
in Oregon

- The 4 big businesses  
that are building a  
greater Oregon are:
1. AGRICULTURE
  2. MANUFACTURING
  3. MERCHANDISING
  4. THE OREGON HOME

**H**OW often you hear a woman say: "I'd rather go to Jonesville. I think the  
shops are so much better than those in Smithville." How frequently the  
appraisal of a city is the appraisal of its shops and stores!

This indicates the importance in our daily lives of the business of distrib-  
uting merchandise—of wholesaling and retailing. Seldom do we realize what a big  
business merchandising really is. The payroll alone of Oregon merchants is over  
one hundred million dollars a year—which is "big money" for any business.

Most of us take the retailer for granted. And we are hardly conscious at all  
of wholesale and distributing organizations, which form the liaison between  
the manufacturer and the retailer. Few of us indeed appreciate the value to us  
of the opportunity for selection of goods which retail merchandising affords.  
The fact is that the retailer's service in fitting merchandise, piece by piece, to  
the needs and desires of every single consumer is one of the most valuable  
elements in the goods the consumer buys. Merchandising is big business. It  
provides big payrolls, costs big money and gives big values. It has made many  
improvements and economies in recent years.
