School Census to be taken Very Important

The school census will be taken this year the last week in October, and is one of the most important duties that the school clerk performs. Failing to list one child would amount to between \$12 and \$15 loss in district funds.

The school census includes all under 20 years of age as of October 25, even those in the armed services.

The Low Down From Hickory Grove

I just been reading some more about Japan found out why we had to lick the outfit. I think it must be authentic—or ought to be—our U. S. State Dept. says so. The State Dept. says that Japan has gotta be rebuilt so as to insure collective bargaining for labor there. Pardner—and ladies and gentlemen—I call that the last word and cap-sheaf in demands or conditions for callin' off a war. Here we are in our home of collective bargaining and the land of the free—and nobody is free to work except he kicks in with dues or like in New York if you want to be a bricklayer, your father before you must be a bricklayer. Here we are, tied in a knot half the time—us champions of bargaining.

Of all the things that have not worked, next to a perpetual motion machine, I would say it is the way labor has lost completely, control of itself. It is now in the same kind of hands—and as profitable—as was beer, in prohibition days, to Mr. Capone.

Labor's right to organize, and bargain, is no longer in the palm of the worker. The person in the saddle now is the 2-fisted Big Boys down at the union office.

Yours with the low down,
JO SERRA

To Develop Mount Hood As Year Round Playground

With the object of promoting the development of the Mount Hood area as a year-around playground and recreational center, an organization has just been formed in Portland in which membership is open to every interested individual or group, such as the outdoor clubs, civic clubs, communities, and the like.

While this organization is intended primarily to promote Mt. Hood region, all sections of Oregon, will benefit, because tourist travel is the length and breadth of the state and the visitor from the East will want to view the entire picture.

Avcentral office will be established and one of its first efforts will be toward launching a national advertising program, telling of Oregon and inviting visitors.

Did you do it at 2 a. m. Sunday? Governor Snell issued a proclamation last week ordering the state clock's turned back one hour at 2 a. m. Sunday. It is hoped that the janitor and all Oregonians turned their clocks back one hour, for wouldn't it be sad if the office boy came to work at 8 a. m. Monday and found out he was one hour ahead of time.

If your campfire is dead there is no need to bury it. If it shows one spark of life, kill it and leave it as an object lesson to the next fellow. Keep Oregon Green.
