The Low Down From Hickory Grove

I just been reading what a fellow who runs a little chemical factory has to say about keeping goin', or goin' broke and having jobs for nobody. It is labor "leadership" that is upsetting the apple cart, he says, not labor. The ones doing the bossing, they don't work—they circulate around and smoke big cigars as the workers work—and dig up dues.

But if you add up all the members of all organized labor outfits—around 6 million members—you don't have many as compared to the 50 or so million people in the U.S.A. who work. It is time Congress quits listening to just the loudest noises and decides that it is also down there to look after the quiet folks back home, and before a noisy few puts business on the skids versus let it go to town and make cars, and washing machines, etc., by the million.

In Russia, the chemical fellow says, 5 per cent of the population tells the other 95 where to get off—or on. Anybody having a congressman on their hands who is not too alert, drop him a line—wise him up. Also tell him you are all registered and can

Veterans Given First Preference

Veterans of World War II will be given first preference to train for peace-time careers in the merchant marine, it was announced today by Ensign Floyd G. Anderson, Enrolling Officer for the U. S. Maritime Service at Portland, Oregon.

Applicants should apply to the enrolling office, located at 520 SW Morrison Street, Portland, Oregon.

hardly wait till next November.

Yours with the low down,
JO SEIRA

Shortage of Milk Bottles

Although hundreds of thousands of mislaid milk bottles were recovered through a campaign launched by the Pacific Coast Dairy industry last spring, the shortage of glass containers now is greater than ever before. As a result of the continuing shortage, which now has reached critical proportions, heads of the dairy industry today announced the campaign will be renewed actively in the three Pacific Coast states.

Over 10,000,000 milk bottles are missing in the Coast states. Housewives are urged to return all bottles.

Local Electricity Costs About Half Nat. Average

Home use of electricity in this area is well over double the national average while the cost is about half the national figure, it is disclosed in information just released by the Edison Electric Institute of New York.

National average residential consumption for the twelve months ending September 30, as shown by the report was 1290 kilowatt hours, a new high. This figure, however, is less than half the 2534-kilowatt-hour average for the same period in homes served by the Portland General Electric company.

The cost per kilowatt hour the Edison report shows 3.45 cents to be the national average, in comparison with only 1.79 cents average cost locally.

Red Cross Workers Certificates Available

All Red Cross workers who have in their own estimation put in 200 hours of service, or a period of 12 months for paid workers, should contact the Red Cross secretary at 123 North Third avenue, Hillsboro, or their service chairman, in order that certificates may be presented for faithful and meritorious Red Cross service.

While shopping in Beaverton stop in at the Greyhound Coffee Shop for Lunch.

Was Dead Son Happy?

She gave one long, last look at Sonny, lying there dead in the casket and then—"Well Dearie, I hope you are happy." And happy he was, if he went out saved. For at death the saved go out to glory and eternal reward.

Let your heart believe that Christ died for your sins and it is done. That instant God writes Christ's sinlessness on your page. Sins are off and Christ's eternal righteousness covers you. 2nd Cor. 5:21. From that on God gives you the urge to do his gracious will and he gives the power. Phil. 2:13.

Let your heart believe the Bible, that Christ loved you to His death. Hour by hour, look to Him for strength and look to Him to raise you up to glory on Resurrection Morn. There's a land that is fairer than day and by faith we can see it afar. Face about—Come as you are—Live by Power From on High—By Bible and prayer.

This space paid for by a Seattle businessman. If you wish to newspaper the Gospel into some town postal me for REASONS WHY.

Salmon Not Biting At Present Time

John Johnson of route 2, Beaverton, and W. L. Burke of Buxton, two men who enjoy exciting fishing, made a trip last week for salmon on coast streams—but the luck was not so good—plenty jack salmon "going up the river" but the water is low and no bites this trip. A year ago Johnson, standing on a flat rock caught the limit in one position. The salmon were so thick—they almost rubbed a hole in his rubber boots as they crowded by going up stream. Burke and Johnson may go up fishing after the next heavy rains.
