## Up Late With Love

"I slip out of bed and turn the radio low so as not to wake up Sam and I put my ear down close and then I hear my two girls on the 11:30 broadcast from San Francisco. So, all that year this mother was able to hear her two from down in California and have them close.

Just so is love—it must be close up. The voice we love, the glance of the eye—love feasts on these, God made us that way and he is that way himself. He yearns to be up close but our sins came between

Your iniquities have separated between you and your God—BIBLE. So God sent his Son to clear the road. You see Christ the Son, strip off His glory and step down out of heaven to take human birth. We name Him the Babe of Bethlehem and when He had raised the dead and proved Himself. He died for our sins and now God the Father can come close—So close, even into our hearts with his eternal joy, peace and cheer. Name Christ as having put your sins away and God takes up to make your life glorious in the folds of his eternal love. So—A glad Christmas to you all—  
*Stan Taylor*

SW McChesney Road, Portland 1, Or. and the folks who pay for this space

A rat poison so powerful that one pound would kill 300,000 rats! has been discovered by a scientist. It would wipe out 95% of the rat population of a city in 24 to 48 hours.

Radio broadcasting was born in the U. S. on November 2, 1920, when presidential election returns were broadcast from station KDKA, Pittsburgh. This was the first scheduled radio broadcast in history.
