Great Britain Cuts Down On Soldiers' Cigarettes

LONDON. — British soldiers in Europe, some of whom have profited in the cigarette black market, are to receive no more duty free tobacco parcels, the government announced.

Sir Alexander Maxwell, tobacco adviser to the board of trade, said the wartime concession was withdrawn to help relieve the critical shortage at home. He said large quantities of cigarettes had been going to hands "other than those for which they were originally intended."

Soldiers will continue to get normal cigarette rations through the army.

MADRID, SPAIN. — Generalissimo Franco's cabinet announced recently that municipal elections will be held during the first two weeks of March, 1946. At same time the cabinet announced general amnesty for political prisoners convicted of rebellion before April 1, 1939—the end of the Spanish civil war.

New Photo Of You

God lifted off your sins and put them on Christ. Then God put on over you his own eternal righteousness. Sins forever off and his own righteousness forever on. So God's new photo of you shows you a sinless being, all in glorious raiment. This is how he sees you from the instant you lay hold on Christ as having died for your sins. But until then your sins stand against you. See BIBLE 2 Cor. 5:21

But you still slip. You are to yourself like a sheep but out of place. After serving Christ half a century, the beloved Apostle John felt the same. Said he "If we say we have no sin we deceive ourselves and the truth is not in us." 1 John 1:8. And he says to get back into step. Confess your sin, take forgiveness. And in it all God never quits us for he that has begun a good work in us will go on in it against the day when Christ comes to take us to Himself. See Phil. 1:6

Jesus paid it all. All to Him I owe. Sin had left a crimson stain. He washed it white as snow.

Blinded War Veterans

Learn to Play Music

NEW YORK.—Boys blinded in this war (there are less than 1,000 of them) who had never touched a musical instrument in their lives, are learning to play.

To teach them, the army special services is doing some entirely new things with music.

For the first time, these soldiers are being taught to read braille music. Civilians always have been able to get scores of classical music in braille. But not even they could buy a popular tune and learn to play the hit melodies they hear over their radios.

Such tunes are not only easier for the amateur to master, but are more likely to capture the imagination, revive incentive and belief in personal accomplishment of boys of soldier age.

Within a month, any of the musically inclined blind veterans at Valley Forge General hospital, Dible General hospital, Old Farms Convalescent hospital, and Philadelphia Naval hospital will be able to play a novelty instrument, and those who previously had mastered a legitimate instrument will be taught to read braille music.

First the serviceman is taught to read the printed word in braille. A man of average intelligence can read grade one braille after a week's study.

Secondly, those boys who knew how to play an instrument before they were blinded, are taught to read braille music. Many can accomplish this in a month.
