

LOCAL ADVICE ON HOT-WEATHER AUTO PERILS

Despite the desire of motorists to travel long and far this summer, the shortage of new tires will continue through the year, McCall, distributor of Federal tire manufacturers and distributors assert. "This means," declares W. C. McCall, distributor of Federal Tires and Mobil Batteries, "that extreme care must be taken of the tires now on our cars."

W. C. McCall

production is maintained throughout 1946, there will still be a passenger tire shortage of 15 or 20 million tires at the end of the year. "Feeling that production will soon meet all needs and that tires can be bought with the old pre-war abandon. But manufacturers themselves say 'no' to this. Some say that even if full tire

Safety Huddle

MANUFACTURERS state that both tires and batteries will be very scarce the balance of this year. You can't drive your car without either of them. That's why it's to your best interest to go into a safety huddle now with your friendly Independent Mobilgas Dealer.

Let him check both tires and battery. He knows what to do to help make them last longer. Don't take chances on being without the use of your car this summer by waiting until these vital accessories are beyond repair.

This is part of the three-way Summer-proof service offered by your Mobilgas operator—dealer in Mobil Batteries and Federal Tires. See him today—at the Sign of the Flying Red Horse. Tomorrow may be too late!
