Portland Hobby Symphony Orchestra, Men From All Walks Of Life Banded Together By Common Interest In Music

Ten years ago Bert J. Harris and William Lloyd Owen decided that Portland should have a symphony orchestra. Four days after their "idea blossomed" there were seven musicians assembled for rehearsal.

You will recall some weeks ago the Enterprise carried an announcement that we would have the pleasure of hearing a symphony orchestra this fall.

This is the orchestra and you will be hearing it. As soon as the date and place are arranged for you will hear about it. Music you will like.

New Businesses For West Slope

Mr. Ray Mueller of West Slope is planning on constructing a new business building on S. W. Canyon Road.

It will be of concrete and brick construction and will have 100 ft. highway frontage and be 50 ft. deep.

The building will house four business locations. The largest space, having 45 foot frontage, will be taken by Mr. Guinness, of the Guinness Paint and Glass Co. of McMinnville, Ore.

Of the other three spaces which will have about eighteen foot highway frontage each, one is to be a sporting goods store, one a tavern and the third space is still available for rent.

Plans are drawn and Mr. J. Wayland Owen will be the builder. Construction will begin as soon as materials are available.

Badminton Courts Available To You

Do you know you have Badminton courts in your neighborhood available for your use?

The Gabel School opens its gym every evening winter and summer to the people of West Slope and this vicinity who want to play badminton. They have three fine courts. In the summer you may also use the courts during the afternoon.

In order to avoid congestion please phone Mr. E. W. Harvey at the Gabel school to make your reservation for a court, before you go.

From four to eighteen people can play at the same time. Get at least four. You'll have more fun and it's not worth lighting the gym for less.

You have to supply your own "birds" but you can rent rackets for fifteen cents if you do not have your own. The cost for the use of the court is 25 cents per player or \$7.50 a year membership which entitles you to play twice a week.

There is a clubroom for your use next to the courts where you can relax and talk to your friends.

Before the war there were over 415 members who took advantage of this opportunity. There should be more who will want to return.

Let one of our routemen show you what this protection means to you and your family. Because the Dacros Cap is a genuine seal, it must be removed the first time with an opener. After that it may be snapped back on the bottle as a re-seal and removed again and again, even without an opener.
