West Slope Team Wins At Hillsboro

The West Slope Softball Team went to Hillsboro, Wednesday evening, July 3, and defeated the Paper Electric team of that city by a score of 9 to 2.

This was a well played game and the West Slope players all personally complimented the Hillsboro umpire on his fairness in calling balls and strikes. At least he could see the balls hit the corner of the plate.

Wes Toedtemeier, West Slope left fielder injured his left knee sliding into home plate and will be lost to the team for at least a week or ten days.

The players making the trip and playing were: Ernie Leach, catcher; Stan Helser, pitcher;

Carl Green Named Engineer For West Slope Sewage Dist.

Mr. Carl E. Green, of Cunningham, Green and Associates, agreed to be the consulting engineer for the West Slope Sewage Disposal Committee at their meeting held July 2. He accepted this position on a contingent basis; and has agreed with the committee that the first move is to study the topography of the West Slope district in order to make recommendations regarding the boundaries. Mr. Green plans to do this in the very near future after which time he will again meet with the committee.

Lyle Hiatt, first base; Jack O'Conner, second base; Ray Pointer, third base; Dick Duffield, short stop; Wes Toedtemeier, left field; Tom Barclay, center field; Bud Darling, right field; and Harry Block, roving short.

The West Slope team was at a disadvantage playing with the Hillsboro team since they had to play the Hillsboro League rules which are the rules of the National Softball association. The West Slope team plays under the rules of the Eastern Washington county league. This change in rules scored West Slope down considerably.

The West Slope boys would like to see more West Slope fans and hear more West Slope voices rooting for them at the Beaverton high school athletic field.

Changes Name

The Lutheran Church, of West Slope, has just recently, by vote of the congregation, changed its name from the West Hills Lutheran Church to the St. Matthews Lutheran Church. This change was made because they have just been renting their church building in West Hills. It was in the past, the administration building of the former West Hills Memorial Cemetery. The church has now purchased property on S. W. Canyon Road across from Lambert's restaurant, and plans to build as soon as possible.

The building committee met on Tuesday evening, July 9, to make plans for the future church. The members of the committee are Mr. Alan Holland, chairman; Mr. Richard Paul, Mr. Earl Enger and Mr. Norman Enger.

... and we're meeting his demands with Dacros Protected Milk... the safest package of milk you can buy.

The bottle is not merely covered. It's SEALED with a sturdy metal cap... air-tight, dust-proof, tamper-proof. There's complete, scientific protection for our milk after it leaves the dairy. Let one of our routemen show you what this protection means to you and your family.

Because the Dacros Cap is a genuine seal, it must be removed the first time with an opener. After that it may be snapped back on the bottle as a re-seal and removed again and again, even without an opener.
